WASHINGTON. Appointment-More about Ku-Kiux.

WASHINGTON, 5.- The President has appointed Matthew McDougail to be S. Consul at Dundee, Scotland. Private advices indicate that the reported change in the internal revenue commissionship is likely to occur within a few days, but no selection of a successor for Commissioner Pleasanton has been made.

The Ku-Kiux Investigating Com-mittee to-day concluded the examina-tion of witnesses in attendance, and took a recess until the 20th of September. Among the last witnesses was Lieutenant Geo. B. Pickett, of the 16th U. S. Infantry, who was for some time in command of a detachment of troops in Pontotoc and Monroe counties, Miss. He testified that Ku-Klux existed in five north-eastern counties of Mississippi on the border of Alabama, to which he believed it was confined in the former State, The purpose of the Ku-Klux was to intimidate colored votes, and drive out Northern men from their section. Within the knowledge of the witness, they murdered nine negroes in Monroe county in four months. The fect in that visinity.

MONTREAL, 5 .- The investigation into the charges sgainst the alleged Cuban fillibusterers is proceeding to-day, before the police magistrate, with closed doors. MEXICO.

Political matters-Relies discovered. CITY OF MEXICO, July 30, via Havana, 5.—The permanent deputation of Congress finished counting the electoral votes for President. The following is the result: Diaz, 1,962; Juarez, 1,963; Lerdo, 1,366. There being no choice, according to the constitution, the elec-tion goes to Congress, where, if a coalition of the opponents of Juarez is effected, the majority will be against him. An attempt will be made to unite the votes of the opposition on Diaz. The permanent deputation is known to be hostile to Juarez, and report that he proposed to bribe doubtful congressmen presence of the troops had a good efreach the capital. On the other hand, the Diaro, the official organ of the government, declares that Juarez has a majority over all his competitors.
