#### LOCAL AND OTHER MATTERS.

THE THEATER.—It must not be forgotten by the theater-going, fun-loving portion of the public, that Burnet, who has the reputation of being an inimitable imitator, will give performances, to-morrow and Saturday evenings, at the Theater.

THE DESERRE UNIVERSITY entered upon its third term on Monday last. The students in the different departments number in the aggregate, 300. In addition to the gentlemen professors formerly engaged there are now four lady teachers. The facil ities of the institution are such as to accommodate many more students and Professor Park, and his corps of assistants, will not fail to give satisfaction. With the College Lanters in full blast, the current term will be most interesting.

RAILROAD ACCIDENT .- The Sacramento Daily Union contains an account of the melancholy fate of Charles E. Lewis, an old man, who, with his wife and family, was on his way to California. When at Lucin, a station on the C, P, R. R., about one hundred miles west of Promontory, he stepped out upon the platform of the car and failing to see, in the darkness, where he placed his foot, he slipped and fell between the cars, onto the track, and the cars passed over his body, killing him instantly.

DIED, at 9.30 a.m., April 21st, of child birth, Mary Peat Roberts, in the 41st year of her age; wife of Samuel Roberts, late of London, formerly of Derbyshire, England. Sister Roberts embraced the gospel nine years ago. Since her connection with the Church she has lived the life of a Saint. Her efforts in the discharge of her duties have been untiring, as all who visited the Conference House in London, have reason to know. She leaves seven children to mourn her

loss. The funeral will take place from residence, 20th Ward, to-morrow at 10 a.m. Friends and relatives of the deceased are respectfully invited to attend.

INFORMATION WANTED. - The parents of Rebecca Williams, a young girl of sixteen years, are very anxious to learn of her whereabouts. Any person possessing the desired information will confer a favor by communicating it to Christiana Ainscough, Smithfield, Cache county.

IMPORTANT TO MINERS. - We have been informed, by Mr. Robert Naylor, that great loss frequently occurs to parties inexperienced in the different qualities of ore by their bringing comparatively worthless minerals to this city for disposal to dealers in that article. Inexperienced COMPLETELY miners would do well, before being at the trouble and expense of shipping their ore to this city, to first ascertain the quality of the mineral. This can be done by having specimens examined.

A VALUABLE BAR. - The Helens, M. T., Daily Gazette, of the 13th inst., says:

"Yesterday, we observed, at the banking-house of Hershfield & Bro., a gold bar, weighing 450 ounces, which was deposited by Mr. Ricker. The gold was cleaned up from the IXL Mining Company's claim, at their mill at the head of Grizzly Gulch

THIEVING IN AUSTIN.-In Austin, Neyada, a batch of petty thieves are prowling about waiting for chances. A number of houses have been entered lately, and numerous articles stolen therefrom. It is unsale to leave premises deserted for one hour after dark. We learn the above from the Reese River Reveille, of the 18th inst. There is a number of thievishly-inclined individuals at present in this city. It is to be hoped that they will be taught a lesson soon that will be forcible enough to put a stop to their nefarious practices.

POLICE ITEMS. - The following cases were disposed of yesterday, at the Police Court: Samuel Lennox, for disturbing the peace was fined \$5. Samuel Carslie was brought up on a similar charge, but was acquitted. Arthur Cushing, for engaging in a game of fisticuffs, was requested to hand over \$10; and L. W. Irons, for being drunk and exposing his person, was fined in a similar Justice Clinton had no business of that kind to settle to-day, there being no cases on hand.

AMERICAN FORK .- Elder Paxman, just in from that settlement, called this mornengaged in plowing and sowing in good faith of raising an abundant crop next harvest; and that their health is good and their spirits gay. This we believe is the case more or less, in all the settlements in the Territory, so far as we can learn.

LOVE THY NEIGHBOR AS THYSELF. Those who do so, will keep in mind that the appetites of chickens are as keen, for peas and garden seeds of various kinds, in the evenings as in the mornings, and will not let them run out about sundown, for the ostensible purpose of eating grasshoppers. In many cases the chickens have as strong a predilection for a neighbor's garden stuff as for grasshoppers.

BEAUTIFUL.-Our city is just assuming her beautiful Spring garments. True, she may not, at present, be able to boast of such elaborate and costly specimens of architecture as are to be seen in older cities. Yet she has beauties that have been wrung from nature, by the blessing of God and the hard labors of her early citizens; and those attractions are of no mean kind. A city clothed in bright green foliage, interspersed with the blossoms of the peach, the plum, the apple, the pear, etc., is a picture possessing charms for all lovers of the beautiful

PROFESSOR MAXIMILIAN.-We had a call this morning from the celebrated Professor Maximilian, who visited our sanctum, accompanied by the gentlemanly Treasurer The New Millingry ofour City Theatre, Thomas Williams, Esq. The Professor has just arrived from Cali fornia, where he has been filling a most successful engagement, and is now en route for the East. He has achieved great fixme in London, New York and the principal Begs to inform the Ladies that she has cities and countries in the world by his wonderful performances on the flying trapeze, and feats of legerdemain; but especially by his exposure of the tricks of the
Davenport brothers, which they attributed
to spiritualism. Professor Maximilian will
not be able to give any performance while
he remains here, the Theatre being engaged
for other performances; but expects to return within three or four months, when he
will probably appear before the public for
six nights.

The company feel confident, after having had their Watches three years in market, and selling many thousands of them in all parts of the country, that the Elgin Watches are the best time keepers now offered to the American public.

### OVER FIVE HUNDRED DEALERS In various parts of the land have unreservedly endorsed them. They are in use upon numerous lines of Railway, including the Union Pacific and the Pennsylvania Central, and officers of these roads, with other prominent R.R. officials, endorse them as the best watches for the use of R.R. employes and travelers yet introduced. UNION PACIFIC R.R., OFFICE OF GEN'L SUP'T, OMAHA, Dec. 16, 1889. Hon. T. M. AVERY, President National Watch

Hon. T. M. AVERY, President National Watch Co., Chicago, Illa.

Dear Sir:—During the month that I have carried one of your "B. W. Raymond" Watches it has not failed to keep the time with so much accuracy as to leave nothing to desire in this regard. For accuracy in time keeping, beauty of movement and finish, your Watches Challenge my admiration, and arouse my pride as an American, and I am confident that in all respects they will compete successfully in all respects they will compete successfully in the markets of the world, with similar manufacturers of older nations. They need only to be known to be appreciated. Yours most respectfully,

C. G. HAMMOND, Gen'l Sup't. OFFICE OF THE HUDSON RIVER RAIL Road, Gen'i Sup't, New York, Jan. 17, 1870.

Truly yours J. M. TOUCEY, Gen'l Sup't.

The following dealers also, in various parts of the country, have certified that they consider the Eigin Watches to be all that the company have advertised them, as better finished, more correct and durable, than any in market of similar price, and that they have great confi-dence in recommending them to the public, on account of their general merit.
