

## PEOPLE TO LEARN HOW TO BE WELL

Physicians Plan Education of the  
Masses in Proper Mode  
Of Living.

TO START IN THE SCHOOLS.

Young Boys and Girls Will be Taught  
Hygiene and the Prevention of Dis-  
ease as Part of Curriculum.

Following are the officers of the  
Utah State Medical association, chosen  
before the convention closed yester-  
day afternoon and who will serve  
until the next meeting of the society,  
which will meet at Ogden, October,  
1908:

President, Dr. E. C. Rich, of Og-  
den; first vice president, Dr. L. W.  
Sant of Salt Lake; second vice pres-  
ident, Dr. F. W. Woodring of Mount  
Pleasant; third vice president, Dr. G.  
W. States of Franklin, Ida.; secretary,  
Dr. W. Brown Ewing of Salt Lake;  
treasurer, Dr. J. N. Harrison of Salt  
Lake; member of the board of coun-  
cillors, Dr. R. S. George of Ogden.

Dr. S. C. Harrison of Salt Lake, was  
chosen as the society's representative  
to the American Medical association's  
convention, which meets at Chicago  
this summer.

The following resolution introduced  
by Dr. S. H. Allen, was unanimously  
adopted: "That the Utah State Med-  
ical association offer its services to  
the general public, through the  
schools, to educate the people on per-  
sonal hygiene and the prevention of  
disease."

The next legislature will be asked  
to make free distribution of diphtheria  
antitoxin, according to the resolu-  
tion of a resolution introduced by  
Dr. F. H. Raley and adopted by the  
convention.

A banquet at the University club  
brought the convention proceedings to  
a close. Dr. E. W. Whitney was toast-  
master, toasts were responded to by  
Dr. H. D. Niles, E. C. Rich, H. N.  
Mayo, Mayor Bransford, Judge W. H.  
King, Prof. J. H. Cummings, Dr.  
Robert Gillespie, of Oregon, and  
Judge C. W. Morse. The feature of  
the evening was the address of re-  
tiring President H. D. Niles, who  
spoke as follows:

"One of the duties that fall to your  
president is the preparation of an an-  
nual address. On this occasion, the  
subject that I shall present for your  
consideration is one that, to my mind,  
has more to do with the benefits that  
may come of conforming to laws, and  
the evil that inevitably comes from  
trying to evade them. Then and not  
until will the best fruits of our labors  
be made manifest.

The lawmakers and those who exe-  
cute the laws of this nation will the  
subject that I shall present for your  
consideration is one that, to my mind,  
has more to do with the benefits that  
may come of conforming to laws, and  
the evil that inevitably comes from  
trying to evade them. Then and not  
until will the best fruits of our labors  
be made manifest.

The lawmakers and those who exe-  
cute the laws of this nation will the  
subject that I shall present for your  
consideration is one that, to my mind,  
has more to do with the benefits that  
may come of conforming to laws, and

## DR. PRICE'S CREAM BAKING POWDER

Its active principle, cream of tar-  
tar, a pure, health-giving fruit  
acid, is derived solely from grapes

Poisonous ingredients are found in the  
low-priced baking powders. Their  
active principle is a mineral acid de-  
rived from sulphuric acid, oil of vitriol

Study the label and buy  
only baking powder made  
from cream of tartar

most efficient means of today to meet

the great emergencies of today.

To continue to rely upon casual con-

versations with our patients and edi-

torial articles in our medical journals,

is to my mind equivalent to voluntarily

turning the instruction of the masses

over to unscrupulous quacks and mak-

ing ourselves indirectly responsible for

an annual mortality and suffering be-

yond human conception. Moreover, I

am convinced that we can utilize the

press in educating the public without

violating in the slightest degree the let-

ter and spirit of our code of ethics, or

offending the sense of propriety in the

most scrupulous.

Suppose, for example, we authorize

each county, district and state society

in the United States to appoint a com-

mittee on publicity, that shall be in

close touch with a similar committee

chosen by our national organization.

Let each of these committees select

the yearly proceedings of their

society one or more appropriate arti-

cles that shall be sufficiently interest-

ing and instructive to serve the purpose

intended, these articles to be offered

to the lay press for publication as the

product of the society. For obvious

reasons the name of the writer of the

article would be withheld, but since the

lay reader should be privileged to know

the authenticity of the article he

reads, the name of the society that

stands sponsor may be published.

The details of the plan thus outlined

would be worked out and perfected by

these various committees until they met

with the approval of the different soci-

eties and the indorsement and support

of the American Medical association. I

believe that the editors of our papers

and magazines would soon learn to look

with especial favor upon all articles

that bore the indorsement of a recog-

nized scientific body of men.

### BOYS WILL BE BOYS

and are always getting scratches, cuts,

bruises, bumps, burns or scalds.

Don't neglect such things—they may re-

sult serious if you do. Apply Ballard's

Snow Liniment according to directions

right away and it will relieve the pain

and heal the trouble. Price 25c. 50c and

\$1.00. Sold by Z. C. M. I. Drug Dept.,

112-114 Main street.

### Expert Kodak Finishing.

Harry Shipler, Commercial Photog-

rapher, 151 South Main, second floor.

### BIG DAY FOR PARK CITY

Celebration Participated in By Every

Citizen of the Camp to Show Joy

At Tunnel Opening.

### (Special to the "News.")

Park City, May 14.—This camp acted

as hostess in real old time style yester-

day. Everything was gaily decora-

ted with American flags and bunting.

There was no school and everything

was free and open to celebrators. The

celebration was the one Park City has

been arranging in honor of the open-

ing of the Ontario drain tunnel. Judge

C. C. Goodwin, the speaker of the day

delivered a short talk which won him

appreciative applause. C. A. Quigley

of Salt Lake also delivered a few re-

marks. Both talks and the little

speech of Mayor Wilson were full of

cheer and hope for better things

with the re-opening of the tunnel.

Thirty waiters were needed at the bar-

becue held on the Marsac grounds in

front of the tunnel. In the neighborhood

of 3,000 persons were fed; 1,000 loaves of

bread; one steer, two muttons and a

pig and 700 gallons of coffee were con-

sumed. The barbecue was in charge

of Joe Brandel, Fred Rasband and Con-

rad Sykes.

The barbecue was preceded by a

baseball game between the Ontario

and Elk teams, the former winning a

hard game by a score of 9 to 2. Ath-

letic events were held for the children

and long strings of cash prizes award-

ed. Pat Sullivan and William Chamber-

lain the drilled contest with Geo.

Prudence and E. S. Maxim. Geo.

Ernest Bamberger entertained em-

ployees of the Daily-West at a big ban-

quet, dancing and roller skating were

enjoyed without charge and a dozen

and one other attractions were kept

going all day. Visitors from outside

points and camps were enthusiastic in

their praise for the camp and the sun

set last evening on a happier day than

has been known for years.

### THE UTOPIAN APPEARS.

Year Book of University Juniors a

Credible Publication—Election.

The "Utopian" college annual of the

University of Utah appeared yester-

day on the campus, with Arthur B.

Parsons as editor-in-chief and a staff

of juniors assisting in its preparation.
