

THE SAFE IS SAFE.

Attempts to Open One Containing Evidence Against Moyer Fail.

Colorado Springs, Colo., Feb. 1.—A special to the Telegraph from Cripple Creek says:

There were no new developments to-day in the mysterious fire in the safe of the Mine Owners' association last night which it is thought destroyed considerable evidence which was to have been used in the prosecution of officials of the Western Federation of Miners of the now swarming trial in Idaho for the alleged murder of ex-Gov. Steunenberg.

of that state. All attempts to open the safe have failed. The strong box, in addition to papers of the Western Federation of Miners, contained the piece of wire with which the Independent mine was blown up.

AN IOWA BABY FARM.

Mrs. Fred West Charged With Murdering an Infant.

Des Moines, Ia., Feb. 1.—Mrs. Fred West, proprietor of a "baby farm," was arrested today on a charge of murder in

the first degree, it being alleged that she put an infant to death by means of laudanum used because of its blindness. Affidavits were filed with the local magistrate in which it is charged that bodies of a number of infants born at Mrs. West's home were burned in the furnace. Mrs. West was placed in the county jail.

She will be given a preliminary examination tomorrow.

When Freedom from the Mountain high, unfurled her standard for all to see. These words appeared in black and white, "Drink Rocky Mt. Tea," Z.C.M. Drug Dept., 112-114 So. Main St.

SYRIAN IMMIGRANTS.

Manner in Which They Get in the Country After Being Barred, Exposed.

El Paso, Tex., Feb. 2.—Immigrant inspectors here, from the statement of Commissioner Sergeant published yesterday, gave an interesting account of how Inspector Seraphic, upon whose report Mr. Sergeant's statement was based, acquired his knowledge of the methods pursued by Syrians in gaining entrance to the United States through this port. Disguised as a Syrian, Inspector Seraphic visited all the ports along the border,

spending more than a week here. He mingled with the Syrians as they came up through Mexico, and applied for admission into the United States at the local bureau. He accompanied Assyrians who were debarked on account of trachoma, and learned that after taking treatment in Juarez for a month by an El Paso physician they were given certificates that they were cured, and such certificates were accepted by the surgeon at this port.

The inspector, knowing the disease could not be cured in that length of time, investigated still further, with the result that the examining surgeon at the port was dismissed from service.

Since that time another surgeon has been on duty at the El Paso port and the Assyrian immigration has dropped off

until it amounts to practically nothing. Only one Assyrian applied for admission yesterday and one today.

KING EDWARD'S AUTO.

His Chauffeur Stopped in Paris for Exceeding the Speed Limit.

Paris, Feb. 2.—An automobile belonging to King Edward was stopped on the Avenue de l'Opera yesterday for exceeding the speed limits. His majesty was not in the car. The chauffeur and a mechanic, who were in the ma-

CHILD'S WIFE SAVED BY CHAMBERLAIN'S COUGH REMEDY.

Mrs. John Englehardt, of Gera, Mich., tells of the anxious moments spent over her little two-year-old daughter who had taken a hard cold resulting in croup. She says: "I am satisfied that if it had not been for Chamberlain's Cough Remedy she would have choked to death. I gave this medicine every ten minutes and she soon began to throw up the phlegm. I can recommend it in the highest terms as having another child that was cured in the same way." Sold by all druggists.

Two splendid English semi-porcelain dinnerware patterns reduced as follows to close:

They are very elegant designs in Royal Blue Copenhagen and a very elegant effect in pink roses. Values like these have never been offered here before.

Nos. 22 and 24 worth up to 45c the yard..... 12c

Walker's second All Salt Lake City Charity Sale

Begins Monday—Lasts throughout the week.

During these six days, five per cent of the total sales will be divided among the charitable organization of this City.

Nine representative organizations have been invited to share the profits of our total week's business. Each society has been assigned a day. Monday and Saturday being the heaviest days, will be divided between four. The schedule is as follows: Monday, the Infants' Home and Protective Association and the St. Marks Hospital Association will share the 5 per cent. Tuesday the Young Women's Christian Association will reap the benefit. Wednesday's 5 per cent will go to the State Street Orphanage. Thursday, the Charity Kindergarten gets its share. Friday will be devoted to the interest of the Canyon Crest Ranch and 5 per cent of Saturday's total sales will be divided between the Salvation Army and the Model Corridor Fund.

Great interest will be manifested not only account of the worthiness of the cause, but because there will be tremendous reductions in nearly every department to insure heavy trading—Also many of the Spring goods are arriving daily and will be placed on exhibition and sale at unusually low prices.

Monday shoppers will help the Infants Home and the St. Marks Hospital Association.

A short synopsis of the object of each of these worthy organizations will show you just why you should shop Monday.

The object of the Infants' Home and Protective Ass'n. is to provide for homeless little ones. Springing into existence through necessity, it has filled a long felt want in this city. Over 300 babies have been under the care of this association, 60 of whom were abandoned or deserted, and every one of them may thank this society for having found a good home. The Day Nursery section of the association provides care and attention for little tots whose mothers must toil for daily sustenance. Since the opening of the home there have been from one to sixteen little day boarders enjoying good motherly care. A feature soon to be added and which the results of Monday's trading will help to provide is a Hospital Ward for infants only. Something very much needed, though not to be found in this city.

The St. Mark's Hospital Association was organized in the Spring of 1905. Its mission is to provide medical attention at St. Mark's Hospital for the many people who, though in great need of attention, have no money to pay for it.

The funds are secured through donations from the kind hearted people of this city. Every cent is carefully administered where it will do the most good. Every purchase made at Walker's Monday will help swell the fund for the care of the world's most helpless unfortunate—the sick and the suffering poor.

Touches of spring already manifest in the dress goods aisle.

Many choice fabrics now being shown for the spring suit. The colorings this season are very delicate. Dainty checks and plaids in very light shades predominate in the assortment. The prettiest selection shown in this city.

Splendid reductions of women's and misses' winter coats.
