TOURISTS FLOCK TO THE WEST

Every Eastern Train Arrives in
Two Sections, Loaded
With Homeseekers.

AUTO ACCIDENT IN CANYON.

Dr. Fred Stauffer of Salt Lake and
Others Injured—Medical Conven-
tion Concluded—New Briefs.

OGDEN, Sept. 22.—Never before in
the history of the west has there been
such a large number of people moving
in all directions looking for suitable
locations to colonize. The passenger
traffic at the Union depot is growing
every day and sometimes the spacious
waiting rooms are crowded to overflow-
ing. The call of the west is being felt
in all sections of the country and soon
the desirable farming and ranching
lands in all directions will be cut up
into small farming plots and the agri-
cultural products will increase ten-fold.
Deputy Master Shields states that every
train arrives in two or more sections
and every car is crowded to the limit.
The improvements being made at the
Union depot will enable the railroad
people to handle the traveling public
to greater advantage and it is hoped
that these improvements will be com-
pleted before the winter sets in.

SUIT ON AN ACCOUNT.

OGDEN, Sept. 22.—A suit was filed
by the Utah & Oregon Lumber com-
pany in the district court against W.
J. Bostaph and Peter S. Wilson for
the payment of \$575.34 claimed to be
due for certain lumber sold in Novem-
ber, 1908. Judgment is asked for
\$575.34 with interest at 8 per cent from
Dec. 1, 1908, and also costs of court.

HOWELL BURNED.

OGDEN, Sept. 22.—An early morning
fire yesterday destroyed a barn be-
longing to Reese Howell at 2349 Adams
avenue. Considerable damage was
done to surrounding property and a
few in one of the stables nearby by
fire so badly burned that it is thought
he will have to be shot. The loss, Mr.
Howell states, will reach \$2,000, and
it is only partly covered by insurance.

FISH FRY FROM STATE.

OGDEN, Sept. 22.—The following
message was sent by General Manager
Barnett of the Oregon Short Line
railroad to General Manager Mohler
of the Union Pacific: "The fish com-
mission of Utah is shipping from Salt
Lake to Park City fourteen cases of
fish fry. I have furnished transportation
for party in charge and request
that you would arrange shipment by
train from Ogden on your No. 10,
also for the return of the cans from
Park City to Ogden. The fish indus-
try is an important one and, in my
judgment, should be encouraged at this
time."

SERIOUS AUTO ACCIDENT.

OGDEN, Sept. 22.—The physicians
who are in Ogden attending the state
medical convention were given a bang-
ing at the Hermitage in Ogden Can-
yon last night. While returning in an
automobile a number of the party met
with an accident in the overturning of
the auto and several were badly in-
jured.
The night was dark and the auto
lights failed to work. Dr. Ezra C. Rich
was driving, and soon after leaving
the Hermitage he guided the machine
over a steep embankment. The machine
and its occupants rolled over and over
to the bottom, a distance of nearly 50
feet, and it is little short of miraculous
that all the party were not killed. The
lighted auto.
Dr. W. C. MacFarley of Rochester,
Minnesota, hip dislocated and badly
injured.
Dr. Fred Stauffer of Salt Lake, brok-
en shoulder, also badly injured.
Dr. Ezra C. Rich of Ogden, the
driver, broken arm, scalp wound, ac-
cidentally bruised, and leg badly lacerated.
Dr. A. K. Condon of Ogden, three
broken ribs.
Dr. R. S. Joyce of Ogden, badly bruised
and scratched up, no bones broken.
All are in the general hospital here
except Dr. Joyce, who is at his home.
All have been given every necessary
attention and were reported at noon as
doing nicely.

PAVING BEGINS THIS WEEK.

OGDEN, Sept. 22.—P. B. Gowan, su-
perintendent for P. J. Moran was in
town yesterday looking over the work
to be done by his company in paving
the seven blocks in the new pavement
district. He stated that the laying of
asphalt would begin about next Friday
or the following Monday, and that the
whole job would be completed in 25
days.

MEDICAL CONVENTION ENDS.

OGDEN, Sept. 22.—The Utah Medical
association was in session again today.
Two meetings were held, one at 10
in the morning and the other at 2 in
the afternoon. Both meetings were taken
up by the reading and discussion of
several interesting papers dealing with
medical subjects of importance to
medical men. The convention was
concluded at the afternoon session.

SHOP MEN WANT MORE PAY.

OGDEN, Sept. 22.—Because of the
many "unforced" variations given to
the men in the local railroad shops,
it is understood that a meeting be-
tween railroad officials and representa-
tives of the Association of Machinists
and Boiler-makers' union is being held
today to determine upon a new sched-
ule of wages which will allow the men to
earn sufficient to pay for their liv-
ing, and that of their families. Some
of the first class machinists and boiler-
makers have been drawing about \$50
per month during the summer and this
has been very unsatisfactory to the
men who are competent to earn larger
wages under normal conditions. It is
thought that the railroad officials will
see and appreciate the demands for an
increase in wages, and that an agree-
ment entirely satisfactory to all con-
cerned will be the outcome of the meet-
ing.

REPUBLICAN CITY CONVENTION OCT. 9

Primaries Will be Held October 1 to
Select 132 Delegates—
Meeting Places.

(Special Correspondence.)

PROVO, Sept. 22.—The Republican
city central committee met last night
in Chairman Cliff's office and decided
to hold the Republican city conven-
tion Saturday, Oct. 9, in the opera
house, if it can be obtained. Primaries
will be held in the following places
on the evening of Oct. 1, and the num-
ber of delegates stated will be elected:
First ward, Maeser school, 19.
Second ward, court house, 20.
Third ward, Franklin school, 35.
Fourth ward, Timpanogos school, 26.
Fifth ward, Parker school, 28.

CITY COUNCIL SESSION.

PROVO, Sept. 22.—At the meeting of
the city council Monday evening there
were presented a large number of pro-
tests against the proposed sewer dis-
trict No. 11, which comprises almost
all of the city east of Second East
street. Objectors to the improvement
have been busy for about a week get-
ting signatures to the protest, several
of the signs, however, among them
President Joseph B. Keeler and Dr.
George H. McMillan, sent authorization
to have their names stricken from the
protest.

President Powell explained the
necessity for the sewer system. There
were many of the protestants present,
and several who favored the project,
and some discussion took place. The
reading of the protests was deferred
for 45 minutes during which time the
number of feet of property owned by
protestants was computed. It was
found that the protestants owned 22,
'29 feet. This total number of feet in
the district is 61,548, and the number of
feet required to be voted to defeat the
project.

measure is two-thirds of the total. In
reading the list of protestants it was
also found that there were some sign-
ers whose property will not be affected.
The attorney was requested to present
a resolution for proceeding with the
work at the next meeting, which will
be Thursday night.

Jacob Evans presented a petition,
asking for the redistricting of the city
wards. He presented figures showing
the following population of the wards:
First ward, 1,779; Second ward, 1,250;
Third ward, 2,381; Fourth ward, 1,284;
Fifth ward, 1,352. This shows that
the representation in the council of two
councilmen from each ward does not
give equal representation according to
population. The matter was referred
to the committee on judiciary.

Mr. Evans also asked for an appropria-
tion to purchase ropes for roping
the streets. Referred to the commit-
tee on President Taft's visit.

B. Bachman asked for an amendment
to the electric wiring ordinance, stat-
ing that the present inspection was a
farce. Referred to the committee on
judiciary.

FOURTH DISTRICT COURT.

PROVO, Sept. 22.—Suit has been com-
menced by the Denver & Rio Grande
Railroad company against all the un-
known heirs of Samuel Chapman, de-
ceased, to condemn the south half of lot
4, block 4, plat A, Provo city survey of
building lots, for railroad depot.

A transcript of judgment from the
Third district court has been filed in
the Fourth district court in the case
of the Utah Association of Credit Men
vs. George R. Williams, Thomas Water-
man and Herman Snow and the
Spanish Fork Construction company.
The judgment is for \$1,668.50 principal
and \$13.30 interest and costs. An execu-
tion has been issued under the judg-
ment on Salem real estate, the property
of George R. Williams.

UTAH COUNTY AFFAIRS.

PIUWA, Sept. 22.—The board of
county commissioners received a com-
munication yesterday from Nephi
Straw and others, urging that the
county make the appropriation of \$1,000
asked for by Deputy Fish and Game
Warden Madison for the state fish
hatchery on Spring creek, as the in-
crease in cost it is estimated will in-
crease the capacity of the hatchery
from 2,000,000 to 4,000,000 fry a year.
The proposition is to plant the increase
in Utah lake; but there is a question
of the authority of the county to ap-
propriate the money, and also of the
authority of the state fish and game com-
mission to deliver the increase to Utah
lake.

J. H. Clinger appeared before the
board and offered the land for which
the county has brought condemnation.
The proceedings for road purposes for \$400.
The matter was taken under advisement.

FINES IMPOSED.

PROVO, Sept. 22.—Peter Carmichael
of Colton was fined \$5 by Justice Neeson
yesterday for stealing some undercloth-
ing at Colton.

Raphael Flores and William Arallo
were fined \$5 for disturbing the peace,
also at Colton.

INSANE INDIAN.

PROVO, Sept. 22.—Sheriff Pope of
Utah county has bought the first In-
dian to the state mental hospital. His
name is Foamie, also known as Bob
Evans.

ache or pain of burn or scald in five

ACCIDENT AT BRIGHAM CITY HIGH SCHOOL

(Special Correspondence.)

BRIGHAM CITY, Sept. 22.—Alfred T.
Eaves of Provo, who had charge of the
painting of the new high school build-
ing, which is now nearing completion,
was badly hurt during the noon hour
yesterday.

Contractor Martin E. Anderson was
on top of the building, having scaf-
olding, etc., while the workmen were
at dinner and not likely to be hurt.
He had thrown down quite a pile of
lumber and finally threw down a
small ladder. For some unaccountable
reason Mr. Eaves went over to the
building and got there in time to be
hit by the ladder thrown by Anderson.
He received a very severe scalp wound
and was rendered unconscious for sev-
eral hours. He was removed to the
local hospital for treatment. Though
his injuries are severe the doctor says
he will recover.

SEVIER STAKE CONFERENCE HELD AT RICHFIELD

(Special Correspondence.)

RICHFIELD, Sept. 22.—A very en-
joyable two days' session of the Sevier
stake quarterly conference adjourned
yesterday afternoon. Besides a good
representation of stake and ward of-
ficers, there were present Elders David
O. McKay of the Council of the
Apostles, Joseph W. McMurrin of the
First Council of Seventies and David
A. Smith of the presiding bishopric.
The Mutual Improvement associa-
tions of the stake held their conjoint
meeting on Sunday evening after the
adjournment of conference. This was
also a splendid meeting and well at-
tended. The visitors also addressed
this meeting and spoke encouraging
words to the young and advised them
along the lines of their winter's work
in the various associations.

The Richfield Third ward choir under
the leadership of John Hood furnished
special music for all the meetings.

The following names were recom-
mended for ordination to the priest-
hood: High priests: Benjamin Gar-
ner, John M. Larson, Paul Syden and
Daniel Whiting. Seventies: Elmer Hel-
mer, Charles Nordfelt, Nels E. Niel-
sen, H. F. Jorgensen, Joseph Ander-
son, Charles M. Albrecht and Brigham
Casta, Jr.
Home: McCarty and Cyrus Stillman
were set apart as first and second
assistants to J. E. Hepler in the Re-
ligion class work in the stake with
Lydia Cowley as secretary.

CLOSE OF SUCCESSFUL FAIR.

RICHFIELD, Sept. 22.—The Sevier
county fair closed on Saturday the
19th and was pronounced a great suc-
cess in every respect. The attendance
was far beyond the expectations of the
management and proved how interest-

ed the citizens are in matters that
pertain to the progress of this fair
valley. The only feature of it all that
brought about unfavorable comment
was the selling of ponies on the horse
races. This species of gambling, or
any other for that matter, will no
doubt be eliminated in the future in
deference to public sentiment, and
place the county fair of the future
beyond criticism in this regard.

SOLD LIQUOR TO BOY.

EPHRAIM, Sept. 18.—Some Manti boys
were recently before Judge E. D. Soren-
sen of the juvenile court for purchasing
liquor. On investigation the information
was obtained that the boys had received
the liquor from an Ephraim boy, who
turn had received it from Rex Small, a
Manti man, running a bowling alley in
Manti. The court placed the boy who
sold the liquor, H. M. Sperry of Manti and
Small received a fine of \$25 and the Eph-
raim boy a fine of \$10. Judge Sorenson

AGRICULTURAL FAIR AT MAGRATH, ALBERTA

(Special Correspondence.)

MAGRATH, Alberta, Canada, Sept. 12.—
The annual Agricultural society is mak-
ing good progress in the fair grounds
fall fair to be held on Sept. 23-24. A new
grandstand and new show buildings have
been erected on the fair grounds west
of the depot, and a race course com-
pleted there. The prize lists have been
drawn for some time and make up a hand-
some sum in all things for any after that
can be done in an agricultural or edu-
cational way.

Harvesting is practically over and
threshing is general. The grain crop is
very good both as to quality and quan-
tity.

The first damaging frost occurred last
night, which is too late to hurt anything
but tender vines, such as tomatoes, cu-
cubers, etc., and they have already
given their owners good profits.
Two new elevators of 5,000 bushel ca-
pacity each were received at the depot.
This makes four in all, and makes
Magrath as the most successful center
for good grain receiving and shipping.
Farmers load their grain in cars and
ship direct to elevator buyers, but even
join in the rail cars for any after that
is over. The price started out at 4
cents per bushel with farmers not very
anxious to sell.

The infant son of Mr. Bryant died of
bowel complaint Sunday morning,
Sept. 12.
