IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons beginning a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and most pleasant to travel.

We take pleasure in stating that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and severest, the shortest, route between Omaha and Chicago. Within the last two years the road has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making East-west connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kankakee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets at the Old Pioneer Route—

The Chicago and North-Western.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. E. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. H. Stenport, General Passenger Agent, Chicago.

Obsequies of President Geo. A. Smith.

All the authorities of the Church, both at home and abroad, who are not in this city, have been telegraphed to regarding the death of President George A. Smith.

From respect to the departed, Z. C. M. I. and other places of business, public and private, have been draped with crepe to-day, and flags on some of the buildings were hung at half mast.

The funeral services of deceased will be conducted in the New Tabernacle, at 10 o'clock on Sunday morning. President D. H. Wells, and Apostles Lorenzo Snow and F. D. Richards, who left this city this morning, for the South, will return in order to be present at the obsequies, and it is expected that all the members of the Quorum of the Twelve now in the Territory will be in attendance.

There is a universal feeling of sadness in the community at having to part from so true a friend to the cause of righteousness and truth.

Sunday School Notice.

As the obsequies of President George A. Smith will take place at 10 o'clock a.m., on Sunday next, the General Superintendent of Sunday Schools makes the request of all the superintendents of the Ward Sunday Schools in this city that there be schools held on Sunday morning next, out of respect to the memory of the lamented deceased. This will give the children an opportunity to attend the funeral.

Big Strike in Arizona.—New and greater excitement prevails at Florence, on account of the discovery of a vein of bright native silver six inches square in the Athens mine. We received a dispatch this morning which says that three young men have taken out \$30,000 within the past few days, and the like has never before been seen on American or Mexican soil. The miners have had to stop work to allow people to examine the vein.—Arizona Miner, Aug. 20.

JOSEPH E. TAYLOR, Sexton.

Terrible Adventure with a Bear.—About noon last Saturday, Frank Lowe and Howard Stevenson, two young men of this city, members of the surveying party of Burrows and Bailey, then camped near Lake Town, at the south end of Bear Lake valley, having a few leisure hours, concluded to spend the time in a bear hunt. They had not to search long for the object of their solitude, for while the two were going through some brush young Stevenson actually trod upon a huge specimen of a she bear, and as the brute arose from the ground he was thrown down upon his back. The enraged animal immediately struck at young Lowe, hitting him on the leg with her paw, and bringing him to the ground. This accomplished, she sprang upon him with open jaws, with which she seized the lower part of his face, crushing in the lower jaw from both sides, making fearful havoc with the bones.

The situation was one of fearful peril, and the struggle was natural, one of life or death. Young Stevenson never for a moment thought of his own safety, his whole attention being engrossed with a determined purpose, if possible, to save the life of his companion, by releasing him from his powerful antagonist. He poured a charge of shot into the side of the huge, infuriated creature, but it did not have the effect of even causing her to flinch. Her next pointed his gun directly at her breast, but he dared not fire, because the shot would have been as likely to prove fatal to young Lowe as to bruin.

During this time Mr. Lowe had never either lost his consciousness or his self-possession. He still firmly held the barrel of his gun, and he managed, in the dreadful struggle, to point the muzzle under the throat of the bear. His other hand, which was under the bear, was released by Mr. Stevenson, and he pulled the trigger, the brute receiving the full benefit of the charge in the throat, and she rolled down the hill.

The unfortunate young man was assisted to camp by his faithful companion, and he was conveyed, by wagon, to Evanston, sixty miles, which place he reached

about noon next day. From there Mr. Lowe, of the 12th Ward of this city, father to the young man, was telegraphed to, and he immediately left for this point to bring him to town, and arrived here with him last night.

Besides the jaw bones being crushed the tongue of the young man is much lacerated and swollen, making it impossible, as a matter of course, for him to speak, and rendering it necessary for him to be fed with liquid food, and the swelling is so great that the bones cannot yet be surgically manipulated. The injury to the leg by the brute's claw is trifling compared to the other.

When our reporter called at Mr. Lowe's to-day it was thought that the patient was doing as well as could be expected, considering the nature of his injuries. Dr. Anderson is the attendant surgeon.

We obtained the particulars of the affair from the father of the young man.

City Council.—The Council met last evening, Mayor Wells presiding. Petition of Mr. Whitehouse, agent for Dupont & Co., powder manufacturers, for the privilege of purchasing a lot from the city, on Arsenal Hill, on which to erect a fire proof powder magazine; granted, the price of the lot being fixed at \$200.

Petition of William Jennings and F. W. Jennings, for the privilege of laying pipes from the 50th Ward water ditch to a house owned by them on the Wall Street Hill, to convey water thereto, for domestic purposes; granted under the direction of the supervisor and water-master, during the pleasure of the Council.

Petition of Walker Brothers, asking the privilege of building a small powder magazine, on the Standish lot, 2nd South Street, a structure to be erected on wheels, fireproof and to be surrounded by a substantial iron fence; referred to committee on improvements.

Petition of Zebulon T. Jacobs for the use of a portion of the sidewalk at the corner of the Temple and First North Street for sixty days, on which to pile building material; granted.

Petition of Maria Rigby, widow of the late Barnett Rigby, representing that she had nine children to support by her own labors and that her circumstances were consequently precarious, and asking, for that reason, that her present and delinquent City taxes be remitted; laid over to come up in its order, when such business is considered.

Petition of Thomas Birkenshaw, asking that his license be withdrawn and for the remittance of his indebtedness on the same, he being compelled to give up business, owing to sickness and hard times; granted.

Bill of Jesse W. Fox, for surveying, reported correct, and amount allowed and appropriated.

The police court report of Alderman Peyer for the month ending Aug. 31st was received, and placed on file. It showed that 95 criminal cases had been disposed of, of the same having been collected in cash, \$318.50 in labor, and the bills receivable amounting to \$160.

Bill for police services during August, \$1,023, was received, allowed, and amount appropriated.

Bill of W. Hyde for boarding prisoners during August, 1,982 meals at 15 cents, \$297.30; received, allowed and appropriated.

The following resolution was received and adopted:

Be it resolved, by the City Council of Salt Lake City, that Daniel H. Wells, Mayor of said city, be and is hereby authorized to accept on loan of twenty-five or fifty thousand dollars (\$25,000 or \$50,000) from Thomas Wardell, for the use of Salt Lake City, for the term of two years, with interest at the rate of one per cent. per month, from date until paid, and to sign the necessary obligations therefor.

Adjourned till next Tuesday evening, at 7 o'clock.

Our Country Contemporaries.

Ogden Freeman, Aug. 31.—

The partnership between Messrs. Freeman & Bond of the Ogden Freeman is dissolved.

Mr. R. H. Pratt, division superintendent of the C. P. R. at Ogden, received a telegram from his uncle last Friday evening, stating that Mr. Pratt's father had fallen into the lock in Boston harbor, and was drowned.

The old gentleman was 75 years of age, and it is supposed that he was with his wife and two daughters, attending to the transfer of his household goods from the Portland, Me., packet to a San Francisco steamer, as his intention was to visit his three sons and two daughters, who reside in Oakland and Napa counties.

Little Soldier, one of the chiefs who formerly ranged on the Weber river, was in Ogden Monday on his way to Skull Valley. He had with him seven well armed and mounted braves, and visited the house of Gen. Hill, whom they found absent in the north country. Mrs. Hill, however, supplied them with a lunch and some tobacco, and they went on their way rejoicing. Little Soldier says they were making a good farm above Bear River City, and all they wanted was to be good Mormons and live in peace. But Corinne would not send tank all over the country, got soldiers come and drive Indian away; reason: Corinne man no like Mormon, heap like sell soldier whiskey, make man no like shake hands. Now may be heap soldiers come kill him, he no like shake hands, no potato, no wheat, no beef, no like Fort Hall Reservation; not good.

THE BANK OF CALIFORNIA ARRANGED.

The Bank of California used its influence on the side of those who wished to carry California out of the Union in the beginning of the rebellion.

The Bank of California was the chief cause of the Government Greenback currency being rejected in California.

The Bank of California was the instigator and fosterer of mining speculation in the Golden State that robbed thousands to make a few millions.

The Bank of California was mixed up with all sorts of wild

polices by which honest men were the losers and rogues the beneficiaries.

The Bank of California undertook to rule the politics of the Pacific Coast as it had sought to rule every other State.

And now the Bank of California has collapsed suddenly, and leaving nothing behind but an all-pervading stench. Ralston, the President, is an Ohio man. We do not mention it as any honor to the State which has produced so many honestly distinguished men, but only as a melancholy fact.—Cleveland Herald.

Mrs. Scott Siddons has distinguished herself as a volunteer rifle woman. The Bidderford and Tordington Rifle Corps have just obtained a new long range, which has been formally opened by Mrs. Scott Siddons. In the presence of Sir Edward Green, the local gentry, and the officers and men of the respective corps, Mrs. Siddons took a Martini Henry rifle at first at the target, making a bull's-eye the first time and a centre with her second. She was loudly cheered, and the Devon Volunteers boast that they have now in their county the best marksman and the best markswoman in England.
