### TERMS IN ADVANCE.

GEORGE Q. CANNON,  
BRIGHAM YOUNG,  
Editors and Publishers.

## Local and Other Matters.

FROM THURSDAY'S DAILY, MAR. 21.

**Died from Injuries.**—On the 14th inst., Mrs. Jane R. Miels, of Smithfield, died from internal injuries caused by an accidental fall.

**Next.**—The next Sunday School jubilee will be with the combined Sunday Schools of the 20th and 21st Wards, at the School-house of the former. It will take place next Sabbath morning.

**The Mint Movement.**—The meeting of prominent business men to take into consideration the advisability of establishing a mint in Utah will be held, to-night, at the Institute, commencing at eight o'clock.

**Whooping Cough.**—We believe that this disease was never so prevalent among the children in this city as it is now. There are comparatively few families in some parts that have no cases.

**Seventies.**—President Joseph Young intends publishing, in the form of a small pamphlet, a brief historical account in relation to the Seventies, more especially the Presidency of that body of the priesthood.

**Large Slab.**—This morning the large granite slab to be placed over the tomb of the late President Brigham Young, was conveyed from the Temple Block to the family cemetery, for that purpose. Now that the stone is dressed it measures 10 feet 10 inches long, 6 feet 7 inches wide, and 13 inches thick. It weighs nearly seven tons.

**The Building Season.**—It is about time for the building season to commence, yet we do not hear of many projected new structures. Among the first of the season will probably be the proposed new residence of Mrs. Barrett, which that lady purposes soon to have erected in the Twelfth Ward.

**Concert.**—The following from a resident of the First Ward, was handed in to-day:

The Salt Lake City Glee and Madrigal Society gave a very entertaining performance of choice music in the First Ward School House last night. Each member performed in a very creditable manner and the applause was hearty and frequent.

### Excommunicated.

This is to certify that James T. Cochran was cut off the Church of Jesus Christ of Latter-day Saints for unchristianlike conduct and apostasy, on March 17, 1878.

HENRY BALLARD,  
Bishop 2nd Ward, Logan City,  
Cache Co.

C. J. LARSEN,  
RALPH SMITH,  
Counselors.

Logan City, March 18, 1878.

**New Silver Dollar.**—The Deseret National Bank has received a quantity of new Silver dollars, of the first lot coined under the recently passed silver law. On one side is a head of the Goddess of Liberty, the motto *E Pluribus Unum*, the thirteen stars and 1878. On the other side is the American Eagle, United States of America. In God we Trust, One Dollar. The last phrase is probably in keeping with the sentiment of the old Methodist preacher, who, while raking in the change of the contribution box, sang lustily, "This is the God we adore."

**Complimentary Benefit.**—Governor Emery, Mayor Little, S. S. Walker, General Smith, Hon. Wm. Jennings, W. H. Walker, and a large number of other prominent citizens, have signed a request for Prof. H. Monson to favor the citizens of Salt Lake with a musical entertainment. Prof. Monson has been a member of the Theatre orchestra for eight years, and leader of the National Band.  
In reply to the solicitation, the gentleman names the evening of March 30th as the time for the benefit, when he expects to give one of the finest musical entertainments ever presented in this city.

**Pleasant Party.**—A very pleasant re-union of friends took place last evening at Ogden, at the residence of Brother Henry Crawshaw, on the occasion of the marriage of his son Luke with Miss Jane Wright, daughter of Brother W. H. Wright, of that city. The guests numbered forty-five, all particular friends of the family. A bountiful repast was prepared and partaken of freely, and songs, recitations, anecdotes, speeches and congratulations made the time fly swiftly and agreeably until after midnight.

This being the silver wedding day of Bro. and Sister Crawshaw, Sen., the occasion was doubly interesting. We congratulate both the happy couples and hope their joy may be perpetual.

**Museum.**—The fourth volume of Reports of the Geology and Geography of the West has been received from Washington. The Curator of the Museum states that the curious lizard developed from the "water dog," has survived through the winter. The little animals, half fish and half lizard, frequently found in our lakes, ponds, brine pools, and at times in our wells, are perfectly harmless, that they can do no harm and may do good by devouring noxious creatures such as are frequently found in wells. The water dog is in fact the "pollywog" of a land salamander. Several of the brethren kindly presented specimens of two varieties of this animal, both of which "developed" into land animals. The scientific name of the curious creature is *Sirendon Lichenoides*.

**Tennessee.**—Elder Edward Stevenson writes from Shady Grove Hickman County, Tennessee. He was somewhat surprised on the 12th inst., while attending a sectarian meeting, to hear the preacher, a blind man, named Smithson, expound the doctrines of the first and second resurrections, the millennium, final purification of the earth and its being made the eternal habitation of the righteous in accordance with the scriptures, and similar to the faith of the Latter-day Saints. It is the rule among sectarian religionists to spiritualize those doctrines out of existence.

Elder Stevenson's surprise was somewhat lessened, however, when he discovered that there was good reason for believing that Mr. Smithson had become acquainted with those views from having heard the teachings of Elders Boyle and Teasdale. This blind preacher is noted for having a somewhat remarkable memory being able to retain a long chapter of the Bible after merely hearing it read over three times. Elder Stevenson gave out an appointment to preach upon the same points as were treated upon by Mr. Smithson, the following Sabbath.

**The Mutilated Indian Woman.**—We learn from the *Junction* that the Indian woman who was so terribly mutilated by her jealous husband, is being properly cared for at the house of Mr. I. E. Brown, of Ogden. The paper named says:

On Sunday afternoon, while passing, we called in to see her, and on entering the room one of the most horrible looking objects we ever saw met our view. Upon examination, the outer bone (the radius) of the right fore-arm was found to be fractured, and the bone of the index-finger of the left hand was severed, the left arm also being badly bruised; the left ear was almost severed, and there was a

wound, two and a half inches in length over the left eye, and a severe wound on her left hip. The doctor dressed her wounds and made her as comfortable as possible under the circumstances. All the wounds are doing well excepting her finger, which undoubtedly will have to be amputated to prevent more serious troubles. This would have been resorted to before, had she not protested so strongly against it.

## BY TELEGRAPH.

### AMERICAN.

**ELIZABETH, N. J., 19.**—The passenger train on the Central Road, this evening, struck a woman and two children near Roselle, and killed all instantly. They were walking on the track.

**PHILADELPHIA, 19.**—The wool market continues sluggish, and prices are unchanged.

**HARRISBURG, 19.**—The board of pardons refuses to pardon the Molly Maguires, Hester, Tully and McHugh.

**ADRIAN, Mich., 19.**—The house of a farmer named Hurley, near here, caught fire, this morning, and before they could be reached, his wife and two children were so terribly burned that they died soon after being rescued. Hurley and three of the children escaped.

**CINCINNATI, 19.**—Bertha Von Hillern, to-night, commenced an effort to walk 100 miles in 28 hours, before a very large audience. The first 50 miles is to be made without rest.

**TRENTON, 20.**—Josephus Sooy, the defaulting treasurer of New Jersey, who has spent nearly three years in the State prison, has been pardoned out.

**PROVINCETON, Mass., 20.**—The proposition made to the owners of the whaling schooners *Rising Sun* and *Ellen Ripshap*, through Secretary Everts by the Spanish government, that they each receive \$5,000 damages for detention, etc., while whaling in Spanish waters, last season, has been accepted, with instructions to forward the money here to the agents of the vessels. The owners are much pleased that a settlement has been so promptly and satisfactorily arranged.

**PHILADELPHIA, 20.**—James Graham, aged 27, single, has been arrested on a charge of murdering John M. Armstrong, at Camden, N. J., on January 23d last, and confesses to the crime.

**WASHINGTON, 20.**—Page has arranged to be heard by the House public lands committee next Saturday, in opposition to the proposed abolition of United States Surveyor General's offices throughout the country. The bill which embodies this proposition, together with the various changes in the present system of surveying the public lands is strongly urged by the commissioners of the general land office, and is believed to have considerable prospect of passage. Professors Powell and Hayden will be heard by the committee in advocacy of reporting it favorably.

Nolan, agent of the Interior department in Montana, writes to Secretary Schurz that despite the reports which have gone out in the interest of the timber predators cordwood is now sold lower than ever before in the territory. None but a few rich sawmill men have suffered by the efforts of government to stop the depredations. Since the stoppage of these speculations by the dollar tax, small dealers have kept up the supplies with the wood from the dry and fallen timber which have heretofore rotted.

**DEADWOOD, D. T. 20.**—Pennington Ring, Sheriff Caldwell and a posse entered Custer City from Hayward, last night, for the purpose of arresting Dr. D. W. Flick, for being an accomplice to the purloining of county records on the 13th ultimo. Caldwell, armed with two six-shooters and a knife, this morning went to Flick's house, knocked at the door and was politely invited inside by the doctor. He entered, and before he could make a movement, Flick had a revolver

at his head and ordered him to throw up his hands. Caldwell complied with the demand, when Flick disarmed him and sent him back to Hayward.

**NEW YORK, 21.**—The *Sun* says: The body of a man who was found dying at Seventy-eighth Street and Eighth Avenue, was identified, yesterday, as that of Terence A. Brady, once editor of the *San Francisco Monitor*.

The bill of A. M. Waddell, chairman of the committee on post-offices and post roads, to establish a postal savings depository and to aid in refunding the national debt, was discussed in committee, this morning, and the chairman was authorized to offer it as a substitute for the bill of Robbins, from the committee on ways and means, which was made the special order for to-day, in the House. Waddell's bill contains the entire plan of Robbins' bill for refunding the national debt, and provides for a postal savings depository to be managed by the Postoffice Department, substantially upon the English and Canadian plans, viz: deposits of any amount, from 25 cents to \$306, may be received at designated money order offices, for which depositors are entitled to a pass book of credit and also to a certificate of deposit from the Postmaster-General. These deposits bear three per cent. interest and may be withdrawn at any time on application of a depositor or his legal representative. Absolute security is guaranteed to depositors, and no charge made for deposits or withdrawal, while every facility is afforded for the convenience of depositors. Depositors, who desire, may have their deposits when they reach \$50, converted into 3-65 certificates or four per cent bonds. The bill also provides for all details of management, and covers all the grounds of the other bill, having in view the popular four per cent. loan.

Dispatches from Battleford, capital of Northwest Territory, and from Cyprus Hills, say there is great excitement over the reported combination by Sitting Bull of the Black Feet, Sioux, and other Indians to attack the settlement in the spring. The camp is said to consist of 700 lodges, and daily growing more formidable. The Cyprus Hills are supposed to be the objective point. Many settlers are moving away.

**BOSTON, 21.**—The bill granting female suffrage at municipal elections has been defeated in the house—127 to 93.

**PROVIDENCE, 21.**—The House of Representatives defeated, by 19 to 35, a constitutional amendment to give unmarried women and widows the same privileges as men in voting upon the proposition to impose a tax, or to appropriate money, or for city council.

**BOSTON, 21.**—Captain Thomas Peabody, of the bark *C. O. Whitmore*, is held for trial on the charge of the murder of his mate, James H. Edwood.

**PROVIDENCE, 21.**—A family named Murray has four children lying dead from diphtheria, and three others not expected to live through the day. The father is almost insane, and threatened to shoot the undertaker. A policeman has been placed in the house.

**CLARKSBURG, West Va., 21.**—The domestic of Judge Campbell attempted to poison the whole family, on Tuesday, by a liberal supply of arsenic in the tea. The large quantity administered caused vomiting and saved their lives.

**CAMBRIDGE, Mass., 21.**—Abel F. Fildes, the defaulting water register, was sentenced to three years in the penitentiary.

**HANOVER, N. H., 21.**—Charles M. Cook, the ringleader in the recent hazing, held in default of \$1,000 bail, escaped from custody last night. President Bartlett offers \$100 reward for the arrest of Cook and a like sum for Isaac G. Barrett, who fled on Monday night.

## MARRIED.

In this City, March 22nd, 1878, by Elder Franklin D. Richards, Miss ANNA E. L. MUSSER to MORONI M. SHEETS, both of his city.
