LOCAL BRIEFS.

Planning Field Trip—Academy of science officers are planning for a two weeks' biological and botanical trip the coming summer.

Principal Eaton Talks—Principal Eaton of the high school read a paper on the making of character yesterday afternoon before the meeting of the city school principals.

Four More Agents—The force of the bureau of animal industry has just been increased by the addition of four agents, viz, Ezra Chugg of Logan, Lyon Knighton of Gunnison, Shirley Neesham of Salt Lake, and John L. Zeller of Kansas City.

Henry Faust Retires—Henry J. Faust has retired from active management of the Faust Creamery and Supply company, and is succeeded by D. F. Culver, although Mr. Faust will remain a director in the company. David Beales of Ogden has been made a director.

Where Is Wm. Edgeworth?—The family and friends of William Edgeworth, formerly of Henefor, Utah, are anxious to hear from him. He was known to be in Salt Lake City in August of last year, and while here married a young woman of East Waterloo. His Summit county friends have heard nothing from him for several months.

Watching Ice Supply—Mayor Brewer and several health officers of Ogden called on the state board of health yesterday afternoon to confer with Dr. Beatty on the matter of impure ice from Ogden ponds which State Chemist Harms had found unfit for culinary or domestic use. The visitors assured Dr. Beatty that all local unsanitary conditions would be corrected.

Bohemians Hear Music—There was a musical reception last night in the Bohemian club rooms. Instrumental numbers were given by Miss Norma Ulrich, Miss Lena Rivers, Miss La Blanche Snow and Fred Davidson, and vocal selections by Walter Johnson and A. W. Batton. The rooms were decorated with club colors, red and green, and refreshments were served.

New Brokerage Company—The C. E. Miller Brokerage company filed articles yesterday with the county clerk. The capital stock of the company is \$25,000, divided in shares of the value of \$1 each. The officers are as follows: President, B. F. Caffrey; vice president, C. E. Miller; secretary, Walter Johnson; and H. G. Williams, form the directorate.

Presbyterians Hold Annual—The Westminster Presbyterians held their annual meeting last night. The reports showed marked progress in the development of the church, with a total active church membership of 189 persons, 48 of whom joined during the past year. Arthur Morning, Joseph Davis and Luther Sinclair were chosen elders for the next three years, James Walker and James Walker, Jr., succeeding themselves as trustees. Refreshments and a social program followed.

Zion's Savings Bank & Trust Co. Pays 4 per cent on deposits. **JOSEPH F. SMITH**, President. **ANTHONY B. LUNY**, Vice-President. **C. C. BEBEE**, Cashier.

FOR N. E. A. MEETING.
A conference of educators from several parts of the state was held in this city yesterday for the purpose of discussing plans for the appropriate Association of the state at the coming meeting of the National Educational association at Cleveland, Ohio. It was decided to adopt the Segal Lily as the emblem of the Utah delegates. The local officials have received assurances that Utah musicians and artists will be given prominence in the general program.

Those present at the meeting were State Supt. A. C. Nelson, City Supt. D. H. Christensen, Supt. W. B. Allison of Ogden, and Dr. George Thomas of Logan, president of the State Teachers' association.

INCREASE IN TAXES.
Business Property to be Assessed at Ten Per Cent Advance.

Salt Lake City business men will be called upon to pay approximately a 10 per cent increase on the assessment of their property over the last year's figures, according to County Assessor C. M. Brown. The raise is necessary, Mr. Brown states, in order to furnish revenue for carrying on the government and for the purpose of more nearly equalizing the tax burden between the farm and residence property and the business property. The latter, he claims, has only paid on an assessment of 50 per cent of the real valuation, while the residence property has been assessed at about 75 per cent of its value.

Another feature of the assessment this year, he says, is the fact that the smelters closing down will throw considerable more burden on the owners of farms in the Richfield district, as the value of the farms is considered to have increased with the discontinuance of the noxious and destructive fumes from the smelters.

It will take about two weeks longer to complete the assessment rolls of the county, when they will be turned over to the county treasurer. They will next go to the board of equalization, composed of the county commissioners, when they will be raised or lowered according to the judgment of the board. The board will be in session during the month of June.

OBJECT TO STRONG MEDICINES.
Many people object to taking the strong medicine usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and the disease is of one or the other of these varieties. When there is no fever and little or no swelling, you may know that it is only necessary to apply Chamberlain's Liniment to get quick relief. The quick relief which it affords, at a price of 25 cents a bottle, 50 cents a jar, is by all druggists.

SUPREME COURT ON THE PAUL CASE

Attempt of Atty. S. P. Armstrong
To Interject "Religious Influence" Sat Down Upon.

NO CAUSE FOR A NEW TRIAL.

But Few Verdicts Would be Permitted to Stand if Counsel's Unfounded Contention Taken Seriously.

The attempt of Atty. S. P. Armstrong to overrule a decision of the district court by accusing a jury of having been actuated in their verdict by religious influence has fallen to the ground. The trial court sat upon Armstrong's hard, and the supreme court, in a decision handed down yesterday, accented the rebuke, by upholding the district court in every phase of the case.

The charge made by the attorney when asking for a new trial and later in an appeal to the higher tribunal was that at a conference previous to the trial of the case in question, President Joseph F. Smith had spoken in a public meeting of the many cases arising wherein persons were imposing upon individuals, companies and corporations in damage suits for alleged personal injuries. A few weeks later the case of Mrs. Louisa Paul against the Utah Light & Railway company came up for hearing in the district court, the verdict was in favor of the defendant, and plaintiff sought to have the judgment set aside on the ground that five of the jurors were Mormons and had been swayed in the matter by the utterances alluded to.

TRIED TO OUST MORMONS.

While the jury was being selected Atty. Armstrong tried to oust every Mormon from the jury box, and would have done so had his peremptory challenges not been exhausted. His attitude was due to nothing but religious prejudice, as he afterwards admitted that at least one talkman excused was above reproach, except as to his religion. The jury as it finally seated, consisted of five non-Mormons, and the verdict was unanimous against the plaintiff. The allegations against President Joseph F. Smith were apparently an after thought on the part of plaintiff's attorney.

In overruling the motion to set the judgment aside, Judge Lewis spoke very strongly, remarking that the time had not come when wrong in all its phases could not be denounced publicly and privately without that fact being made the basis for the overturning of matters judicial.

DECISION OF SUPREME COURT.

The decision of the supreme court was written by Justice Frick, and was concurred in by Justices McCarty and Stewart. The trial court is upheld unqualifiedly. The court says in part: "The claims made in the affidavit are manifestly insufficient to warrant the granting of a new trial. If verdicts which in no way connect the jurors or any one of them with the alleged misconduct, and things set forth, then but for the act or acts complained of, the act or acts complained of would be permitted to stand. Courts in this regard follow closely the policy of the law, which in every possible way guards the purity of the jury from any influence of religion and contamination. But in order to affect a misconduct so as to affect a regularly returned verdict it must be in some way made clearly apparent that the act or acts complained of reached the jurors or some of them."

THE OTHER ERRORS COMPAINED OF BY APPELLANTS IN THE LOWER COURT ARE OF ROUTINE COURT MATTERS AND ARE ALL SET ASIDE BY THE SUPREME COURT.

FAMOUS SUIT ENDS.

Jury Belongs in Verdict Worthy of Solomon in Railroad Action.

Chicago, April 9.—One of the longest and most intricate civil cases ever tried in Cook county—the Chicago & Northwestern Railroad condemnation suit—ended in Judge Chitrus' court yesterday, with a verdict assessing \$766,000 in damages against the railroad for the property on which the new station is to be built. The case began Sept. 3, and preparations for the battle extended over a year and a quarter.

The jury deliberated 17 days, and returned a verdict of 35 typewritten pages. The values on the property involved in the case, by the railroad company, were placed by the jury at a figure 20 per cent higher than the highest value offered by the railroad company. The highest value offered by the railroad company was 50 per cent lower than the price asked by the property owners. Officials of the road expressed themselves as satisfied with the verdict.

The verdict was a landmark in the history of the railroad industry, and will be a precedent for the future. The case was one of the most important in the history of the railroad industry, and will be a landmark in the history of the railroad industry.

WILL FILE ANSWER.

An answer will be filed shortly by the Royal Baking company in the suit brought against it by Frank K. Erickson, under which the Royal Baking has every used or attempted to use the "Butter-nut" label.

The answer to be filed will show that the "Butter-nut" label was registered as a trade mark by the Royal company as long ago as April, 1906; and the answer will allege that the Royal label is so distinctive and well known to all consumers as to prevent any possibility of its being mistaken for its competitor's "Butter-nut" label.

IN BEESLEY ESTATE.

Carlissa A. Beesley and Wilford A. Beesley have filed a petition for letters of administration in the estate of Annie A. Beesley, deceased. Petitioners are the daughter and son of the deceased, and the estate in question is comprised in a piece of real property on Sixth West street.

MRS. SARAH WATSON DIES.
Estimable Woman Succumbs After Hard Battle for Life.

Mrs. Sarah J. Williams Watson, wife of Hugh Watson, died this morning at 5:45 at her home, 424 west Fifth South street. Mrs. Watson was operated on for cancer Jan. 7, and while the operation seemed successful she died from the effects of the disease. She bore her suffering with unusual faith and fortitude. All that skill and love could accomplish was done to alleviate her suffering. She passed away peacefully surrounded by her husband and all her children.

Mrs. Watson was born Jan. 8, 1852, near Brechea, Carmarthenshire, South Wales. She was the daughter of Evan and Sarah Jeremy Williams. She came to Utah with her parents in 1861, and has resided in this city ever since. She was married to Hugh Watson, Oct. 13, 1876, and leaves five children and two grandchildren to mourn her loss. Her children are: Mrs. Bowers, who lived here to the great beyond. Her living children are Mrs. Hetty A. Watson Bowers, Hugh C. Mary, Evan B. and William Nugent. All residing in this city except Mrs. Bowers, who lives in Portland, Or., and who came here with her two children to be at her mother's bedside, about a week ago.

Her surviving brothers and sisters are: Thomas J. Williams, Mrs. Mary Williams Howell, William N. Williams, and Mrs. Esther C. Williams Haslam, all of whom reside in this city except Mrs. Howell, who lives in Yost, Box-older county, Utah.

Mrs. Watson lived and died a faithful Latter-day Saint. She labored for many years in the Sixth ward as a Relief society teacher, and for the past two years was a Relief society missionary in the Pioneer stake.

Mrs. Watson was endeared to her many friends and acquaintances by her fine qualities of mind and heart. She was a devoted wife and loving mother. Her charity for the poor and friendless was proverbial.

Notice of the funeral will be given later.

CANAL MEN MEET.

S. H. Hays of Boise and F. Hill of Milner are registered at the Knutsford. They came down from Idaho to meet the Kuhn of Pittsburgh, president of the Northwest Twin Falls Land & Water company, who is on route east from California with White Cream Vermilion. Just opened which will irrigate 3,000 acres, and that in the past year 100,000 acres of land have been sold to new settlers. Mr. Hill says plans are now in embryo for the extension of irrigation interests from east to west, and from west to east, in southern Idaho, so that the entire stretch of country from the Wyoming to the Oregon state line will be under the ditch. Spacious reservoirs are to be built at the headwaters of the Snake river for storage of winter waters for summer use.

SUN SMILES IN DIXIE.

President Thomas Judd of the state board of horticulture arrived last evening from St. George, and is at the Wilson hotel. Mr. Judd reports the lucern a foot high in Dixie, and the almond trees in full bloom. The best fruit crop that section of the state has seen for many a year—if only no late frosts come along. The H. H. Clark company has brought in a fine oil line which is set up at Antelope Springs, just over the state line in Arizona, and is pumping out 20 to 30 barrels of oil a day, for fuel purposes. Mr. Clark is on the ground in person, prepared to try the best of the country, and to give the fullest exploitation. Mr. Judd also says that people down south are beginning to realize the opportunities for raising seedless raisins, and are preparing to raise raisin grapes.

Are factors of the greatest success. No person can do full justice to himself without them.

In no season of the year are they more easily exhausted than in the spring. We need not discuss the reason for this here. It's enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance, as thousands already testify.
