A water schedule ordinance, now on its third reading, was laid over for another week.

Councilman Emmett introduced a resolution ordering all heads of departments to exact from all employees that may have or claim to have any claim whatsoever against the city a full receipt or release in full to date and in case of refusal to give such receipt to immediately discharge such employee, also providing that no person who has been paid by Ogden City or started suit for back pay should be employed by any committee, chairman or any head of any department.

THE CARNEGIE LIBRARY.
Poem written by Dr. A. S. Condon for the laying of the corner stone of the Carnegie Library in Ogden, Sept. 23, 1901.

BUILDING A STATE.
Across the prairies of the West,
Those vacant footprints of the sea—
Climbing the mountain's storm-torn crest
That girt an empire yet to be,
The world's bold avenger-couriers came,
Like giant of the Mayflower born,
But true of heart though travel-worn.

The silence of the frozen North
Was on the valley and it slept,
Saw where the Indian wandered forth,
And from her hair the wolf crept—
Save here and there a wigwag rose,
Or campfire gleamed across the sky,
And anyone waked from their repose
To echo back some savage cry.

But gently as the evening dew
Dropt jeweled pendants on the trees,
Or as old Glendora breezes blew
Across Arabia's pleasant seas,
So months and years were on and on
Above our own Minerva's tomb,
And ere the century's half was blown,
Behold her grave bursts into bloom.

The cabins of the pioneers,
Mud-thatched by hands made hard by toil,

Tired Out

That's nothing. Every one is tired at times. The trouble is you can't get rested. It's your impure blood that makes the disturbance. Try Ayer's Sarsaparilla. Your doctor will tell you what is in it, and why it will help you so promptly.

"I suffered terribly for 12 years. The doctors said my blood was all turning to water. At last I tried Ayer's Sarsaparilla, and was soon in the best of health again."

3 YEARS FOR LARCENY.
Harper Forsythe Receives Heavy Sentence for Horse Stealing.

Sheriff Returns With Captured Burglar—City Council Meeting—Republican Convention and Primaries.

Special Correspondence.
Provo, Utah, Sept. 24.—Harper Forsythe, alias Texas Blackie, was sentenced to three years in the state prison by Judge Booth yesterday for stealing a horse and buggy from George W. Gee in this city September 12th. Forsythe presented a letter to Judge Booth, which he previously showed to the jailer. The latter asked for clemency and stated that the prisoner was a nephew of Chief Justice Fuller.

Forsythe, however, has demonstrated that he is a first class criminal. He told the officers that he knew all about the Beck jewelry robbery and offered to get it back for \$1,000, but his pretended knowledge has been proven false by the discoveries made by Sheriff Storrs in his late trip to Cheyenne.

B. F. Milner vs David McPherson overruled. Plaintiff's motion for a new trial overruled.

State vs Provo Bench Canal Co.; judgment postponed till September 28th.

Ephraim Nash has petitioned to be appointed guardian of Margaret McCulloch, of Alpine, who, by reason of extreme age and physical infirmity, is incompetent to manage her property. October 5th has been set for hearing the petition.

Wm. Gammon vs Mary E. Russell, judgment postponed till September 28th.

A communication was received from W. B. Wilson, in which he submitted an estimate of school funds necessary for payment of salary of county superintendent of schools, for the school year of 1901-1902, amounting to \$1,600, an increase of \$125 over last year, owing to increased contingent expenses.

Wm. Robinson, county clerk of Morgan county, reported that the county had sold a small portion of the Beck jewelry in Cheyenne and was arrested. The arrest, however, does not benefit Mr. Beck much, so far as getting the jewelry back is concerned, but the Cheyenne officers came close to getting a large portion of it. After Beck was arrested he managed to get an order out of jail to his partners for them to get the satchel containing the jewelry, or the portion thereof, from the hands of the clerk of the railroad eating house, where Beck had left it. This the Cheyenne officers did not learn till two days after it happened. The eating house clerk gave the description of the men who received the satchel and which was published in last evening's "News."

Beck claims there were only two men in the burglary, himself and one other, who broke open the safe. He says the went south of town after securing the jewelry and cached the plunder and then went into Loos's barn south of the railroad track and remained buried in the hay till the next night. Then they took the jewelry from where they had deposited it, and walked to Coriame, where they took the train east for Cheyenne, selling some of the jewelry on the way. Beck's description of his partner does not, however, agree with the description of either of the two men who obtained the satchel from the Cheyenne eating house.

CITY COUNCIL.
Councilor Taylor presided in the city council last evening, in the absence of President Nelson. The resignation of S. L. Pratt as assessor of weights and measures and provision inspector was presented by the mayor, and the appointment of C. D. Glazier to succeed Mr. Pratt was confirmed.

The matter of moving the fence and opening De Long avenue was referred to the street supervisor with instruction to open the street, and the attorney was instructed to proceed against N. B. Johnson for the opening of the street across a piece of ground which he has refused to sell at a price satisfactory to the city.

Mrs. Thomas Smith petitioned to have the factory race covered from First North street to Center street, on account of the disagreeable odor arising from the race by reason of the water being fouled by Provo Woolen Mills. Referred to the board of health.

The committee on police and city prison reported adversely upon the appointment by the mayor of James C. White as a special policeman to act as night watchman, the city to pay \$10

of his salary. The committee was of the opinion that the confirmation of this appointment would serve to make a precedent for the payment by the city of other night watchmen. The report was adopted.

The committee on judiciary reported the matter of retaining city taxes on property segregated from Provo City on the south, to the effect that it was a matter depending entirely upon the county commissioners as to whether the tax was collected or not. Report adopted.

An ordinance was passed providing for paying districts Nos. 2 and 3. District No. 2 comprises the sidewalks on the south side of blocks 70 and 71, plat A. District No. 3 comprises the sidewalk on block 28, and the west half of the south sidewalk on block 27, plat B. A tax of \$2.32 was levied for constructing the sidewalk in district No. 2, and a tax of \$1,556.25 for district No. 3.

The committee on streets and alleys were instructed to present a resolution for the opening of all the streets owned by the city, between Center street and Fifth North street in the northwest corner of the city.
