

## LOCAL AND OTHER MATTERS.

**THE TYROLEAN OPERA TROUPE.**—This accomplished company of musicians gave their first entertainment, in this city, at the Theatre last night. We have no hesitation in saying that those who do not avail themselves of the opportunity of witnessing their splendid performances during their brief stay here will miss one of the richest musical treats ever presented to the public of Salt Lake. Every part of the entertainment was executed with such skill and ability that it would be difficult to say which point was the feature of the evening. Professor Gschwandner is a host of himself. The Zither is one of the sweetest of instruments and he is thoroughly master of it, and the music discoursed by him from the various looking "wood and straw instruments" is really astonishing. There was a precision and correctness of execution displayed by each member of the troupe that must have been attained only by long and careful training. "The Sentinel," a quartet, with solo by the Professor, was exceedingly fine, and, in fact, everything attempted was done well, and apparently to the entire satisfaction of the highly appreciative audience present, who evinced their gratification by frequent bursts of applause and cheering the performers. We must not omit to mention the singing, by a member of the troupe, of "The Red Nose," a comic song in which the singer laughs; his gesticulations were so ludicrous, and his laughter so natural that the audience, each time, caught it up, causing universal bursts of merriment. We have seldom seen an audience so well satisfied with an entertainment as that at the Theatre last night. Remember there will be but two more performances by the troupe; this and to-morrow evenings.

**CO-OPERATION IN WEBER COUNTY.**—In a letter of Elder F. D. Richards, dated Ogden, Dec. 20th, he says: "The principles of co-operation are gaining ground among the Saints in Weber County. Our sheep owners have organized a co-operative sheep herd, which includes nearly all the sheep of the county. Measures are in agitation for the immediate organizing of other industries."

**THE CONCERTS.**—The Seventh Ward school house, last night, at the concert under the direction of Professor G. Careless, was crowded, every seat and every standing place being occupied, and numerous applicants for admittance turned away. The concert was one of the greatest successes ever achieved in this city, the entire programme eliciting the most hearty applause and nothing but satisfaction of the most genuine description was expressed by all present.

The songs by Mrs. L. Careless, "Goodbye Darling," and "Waiting for my darling for Thee," were splendidly sung; and this lady, acknowledged to be the leading vocalist of the Territory, last evening transcended any former effort, and delighted all who heard her. The duet, "All is well," by Professor Careless and Mr. Wm. Foster, as also the violin solo, by the former, were a great success. The songs by Messrs. W. Owen, Geo. Triplett, S. Marks, B. McAdams and Miss Marks, were highly creditable for amateurs. The duet, "Travis, Travis," by Professor Careless and Mrs. Careless, Mrs. Easign and Mr. T. Griggs, were beautifully rendered. Mr. Foster's song, "Nimble as a Flea," with guitar accompaniment, was good. The recitation, "The Bashful Man," by Mr. D. McKenney, was in his happiest style, and convulsed the house. The choruses, glees and anthems, and the music by the orchestra were all that could be desired. We must not forget to mention the organ solo, by Mr. John Chamberlain. It was too good to be passed over in silence. Mr. Chamberlain is undoubtedly the possessor of great natural ability, and of considerable talent acquired by practice and study. He is young, and with diligence will surely make a useful man in the musical profession.

It is highly gratifying to know that a concert, evincing such ability and proficiency, as this, can be given with home talent exclusively; and we trust it is the forerunner of others which will speedily follow. The ability is here and ought to be made use of for the benefit and amusement of the great public—ever ready to pay liberally for a good article.

The concert at Faust's Hall, last night, was but thinly attended. The singing, reciting, mimicry, &c., by Professor Cushman, elicited a great deal of applause and considerable amusement. Professor Cushman and troupe will give a fresh entertainment, to-night, at the same time and place.

**RETURNED.**—Chief Justice J. B. McKean is now in the city, having got back from a visit to the East. He returns in the enjoyment of good health.

**A SPLENDID ASSORTMENT.**—Mr. James Dwyer, of the Railroad News Depot, displays a magnificent array of Christmas goods. Those wishing to purchase presents for their relatives and friends, will find at his store, an ample variety to choose from. His knitted figures, or dolls, are quite a feature and are especially adapted for presents for the part of the rising generation whose bumps of destruction are largely developed, as the figures cannot be broken. He has a large quantity of fine albums, some of which contain a portrait, which, when wound up, discourses several sweet tunes. He has an excellent assortment of toys, work-boxes and any amount of reading matter in the way of choice books and periodicals; also stationary and other things too numerous to mention. An advertisement of Brother Dwyer will be found in another column.

**DEEP SNOW.**—The Colorado Tribune of last Monday, says:

"The snow-plow which was dispatched eastward from this city this morning, encountered not a few places where snow had accumulated to the depth of fifteen feet! However, the Denver Division of the road is now open for freight and passenger trains. The division is to travel arises between Kit Carson and Ellsworth, on the Smoky Hill Division."

**SINGULAR DEATH.**—Two drunken women were engaged in a quarrel and fight a few days ago in San Francisco, during which one bit the fingers of the other, which resulted in erysipelas and death. The deceased was a native of Kingston, Jamaica, and fifty-two years of age.

**"NO WONDER."**—The Reese River Revue, of the 20th instant, referring to the recent proceedings in the District Court in which a lawyer threatened the Chairman, says:

"That Court needs reconstructing. No wonder the Mormons express contempt for the Federal office holders in Utah."

## REID'S THE DANFORTH

"A Merry Christmas and a Happy New Year!"

## NON-EXPLOSIVE PETROLEUM FLUID!

THE terrible and fatal disasters, which are almost daily occurring by the careless use and explosions of kerosene oil, should call the serious attention of using it to its deadly qualities and induce them to procure a substitute for it.

Thousands have perished by using kerosene oil, and thousands more will be offered a sacrifice to its death-dealing properties without its use is discontinued or its destructive element done away. If a fluid capable of a far more brilliant light,

Cheaper, More Cleanly and Perfectly Free from the Danger of Explosion

can be found, is it not perfectly suicidal to delay for a single day to use it? Such a fluid, by years of patient experiment and the expenditure of over fifty thousand dollars, has been provided by E. E. DANFORTH, of Cleveland, Ohio, and it has been introduced to the public with great success.

For the Danforth Non-Explosive Petroleum Fluid it is claimed:

1st. That it is Non-Explosive and perfectly safe in whatever form used.

2d. That it is entirely free from dirt and grease, and will not stain silk or mar the most delicate colors or tints.

3d. That it is entirely free from all disagreeable odor.

4th. That it gives a purer, more brilliant and at the same time softer light than any oil or fluid in use, and is fully equal to gas light.

5th. That it is (except daylight) the cheapest light ever discovered.

Surely, if the fluid is as above represented, kerosene oil should be discarded in every family where it is used, and the Danforth Fluid used in its stead. Not to use it would be trifling with the lives and property of every member of the family.

The Fluid, Burners, Chimneys, etc., in large or small quantities, can be procured of
