PATENTS

obtained for new inventions, or for improvements on old ones, for medical or other compositions, trade and labels. Caveats, Assignments, Interferences, Appeals, Suits for Infringements, and all cases arising under the Patent Laws, promptly attended to. Rejections of Unsuccessful Cases examined by the Patent Office and reported on. Copies of the Claims of any Patent furnished. Models, when necessary to procure Patents, should not exceed one cubic foot in size. Send model or sketch of invention for examination and opinion, which we will give you free of charge. All correspondence strictly confidential. Prosecute Patents in the Courts. Infringements carefully investigated. Opinions as to Validity, Scope, and Infringement of Patents rendered. Assignments and Contracts relating to Patents drawn. Pamphlet sent free. Address

C. A. SNOW & CO.,

Opposite Patent Office, Washington, D. C.

SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

SOLD EVERYWHERE.

CHEAP DISINFECTANT!

MR. F. A. PASCOE will supply fine screened Quick Lime, suitable for disinfecting cesspools, and neutralizing all decaying organic substances for TWO DOLLARS PER TON, in large or small quantities, at his Pioneer Perpetual Lime Kilns, First North of Warm Springs, Salt Lake City.

N.B.—Building and Plastering Lime of Best Quality always on hand.

dtf F. A. PASCOE.

EDUCATIONAL ASSOCIATION

THE teachers and trustees of the district schools of Salt Lake County are earnestly solicited to convene at the 20th District School house, Salt Lake City, January 11th, 1879, at 10 a. m. for the purpose of organizing an educational association, the object of which will be to unite our educational forces, and discuss and adopt such measures as will render our present system of schools more effective.

T. B. LEWIS,
Co. Supt. of Dist. Schools.

## BY TELEGRAPH.

PER WESTERN UNION TELEGRAPH LINE.

### Last Night's Dispatches.

### FORTY-FIFTH CONGRESS.

SENATE.

WASHINGTON, 8.—Edmunds said there were no joint rules between the two Houses of Congress and he therefore submitted a concurrent resolution, declaring that on the last three days of this session no bill passed by either House shall be sent to the other for its concurrence, and on the last day of the session no bill shall be sent to the President for his approval. He hoped the resolution would be passed and Congress devote the last three days of the session to the consideration of bills pending before the two houses. Referred.

On motion of Thurman, George Bancroft was admitted to the privilege of the floor.

Grover, arising to a personal explanation regarding a recent publication that state funds of Oregon, amounting to about $97,000, had been expended and not accounted for during his administration as Governor, denied the charges seriatim and read from the laws and records to show that all money had been properly expended.

Mitchell, Oregon, introduced a bill to continue the survey and make improvements at the bar at the mouth of the Columbia river. Referred to the committee on commerce.

Booth introduced a bill to reduce the price of public lands within railroad limits. Referred to the committee on public lands. It provides that all public lands within railroad limits which heretofore have been subject to pre-emption entry at $2.60 per acre are reduced to $1.25 per acre, and all *bona fide* settlers under the homestead laws on said land shall be allowed to enter 160 acres thereof.

Consideration was resumed of the bill to amend the patents laws, and Wadleigh took the floor, but was interrupted by a message from the House, announcing the death of Representative Hartridge. Senators Gordon, Booth and Beck were appointed a committee to accompany the body to Georgia. Adjourned.

HOUSE.

WASHINGTON, 8.—Official notice of the death of Representative Hartridge was taken, and Messrs Cook, Frye, Cox, Cabell, Stone, Davidson and Hannah were appointed a committee to accompany the remains to Georgia. Adjourned.

### EASTERN.

Great Shooting Match.

NEW YORK, 8.—Captain Bogardus began, in the forenoon, the feat of breaking 6,000 glass balls out of 6,200. At noon he had broken 362, and 17 minutes later 500 without a single miss. Only a few people were present at the beginning, among them Dr. Carver. Captain Bogardus, after his 537th shot, took a recess of over half an hour. Returning, he fired at the rate of nine shots per minute, making the 700th shot without missing. The 1,000th shot was fired at 2.30.

Captain Bogardus continued breaking glass balls this evening with wonderful rapidity. He was loudly applauded when he finished breaking 2,000 balls without having made a single miss. He went on steadily and shattered ball after ball notwithstanding his thumb was badly swollen. Shortly after 9 o'clock he finished his work and broke 3,000 in 3,000 shots, not having made a single miss throughout. The feat was loudly cheered, and Bogardus will continue work to-morrow and endeavor to repeat the performance.

Mr. Abe Klunman, of Chicago, commenced firing after Bogardus, and fired at 400 balls, missing six out of the number. Bogardus gives him 200 broken balls in 2,000. The match will be continued to-morrow.

Washington Items.

WASHINGTON, 8.—Senators Sargent and Booth and Representative Page have united in recommending Judge Beatty, formerly of the Supreme Court of Nevada, and for many years a resident of Sacramento, for appointment as receiver of public moneys at the Sacramento land office, *vice* Hartfellows, deceased.

Senator Booth will leave Washington to-morrow for Savannah, in company with Senators Gordon and Beck, and a similar committee appointed by the House, to convey to Georgia the remains of Representative Hartridge.

Senator Sargent again occupied his seat at the Capitol to-day, and is already feeling the benefit of his return to a cooler climate than that of Florida.

The Geneva award will hold its place in the House to-morrow as unfinished business, despite the special order assigning to-morrow's session to the army bill.

Fernando Wood informed Horace Davis to-day that in his opinion there is no probability that Gibson's joint resolution, to give notice of the termination of the Hawaiian reciprocity treaty, can be reached for action by the ways and means committee during the present Congress. He, the chairman, is strongly in favor of leaving the treaty undisturbed.

Senator Mitchell, to-day, introduced a bill appropriating $50,000 for the further survey and continued improvement of the bar of the mouth of the Columbia River.

Justice Hunt's physicians say there is no prospect of his ever being able to resume his duties on the supreme bench, even if the present attack of paralysis does not prove fatal. If he partially recovers, his friends will ask for his retirement on full pay, under a special act of Congress.

Attorney General Devens appears to have a dangerous rival for appointment as Justice Hunt's successor in the person of Senator Stanley Matthews, whose term expires on the 4th of March, and who, according to very high authority, has already been promised an appointment to fill one of the first Supreme Court vacancies heretofore considered likely to occur during President Hayes' incumbency.

The funeral services of the late Representative Hartridge, of Georgia, will be held in the hall of the House of Representatives, to-morrow afternoon, at 3 o'clock.

The Teller Investigating Committee

The Texas Parish Outrages.

NEW ORLEANS, 8.—At meeting of the Teller committee, J. N. Mitchell, of Tensas parish, was recalled and testified concerning armed bands from other parishes and from Mississippi. He heard a great many things but knows the reports were greatly exaggerated. He said, in fact, if you inquire rigidly into many of the stories you will find not a word of truth in them. Armed bands did some things which I could not approve—they threatened Bland and Douglas with an attack. I heard the leader of the militia, Captain Cain, say, "The white man shall rule." There is hostility between the negro and the white man; I won't try to disguise the fact. "Show me a negro who votes the democratic ticket and I will show you a hypocrite or a fool."

Fleming Branch, colored, of Texas, was the next. He testifies as follows: Was at Fairfax' house October 12th, when Captain Peck's party came; knew Captain Peck; they came over the levee on a trot; was in the room with Fairfax when Peck rushed in and fired twice at Fairfax, who ran out the back door; another negro, named Senator, standing there, was shot down; Peck knelt upon him and fired two shots into him; Mr. Kemp grabbed at me and Mr. Goldman shot me through the right arm; witness bared his arm and showed where the flesh wound was made; Peck was shot and killed by some one in his own party; Fairfax did not fire a shot; Peck was killed by his own men; this was the first trouble that occurred in the parish last year; in this disturbance Senator was killed, Kennedy and myself wounded and Fairfax escaped; these were all the people in the house at the time; I and a number of colored people took refuge in the bushes, because we were frightened; Fairfax was an upright man and a republican; I suppose he was attacked on account of his politics.

Daniel Kennedy was the next witness. Is a resident of Tensas parish; after narrating the preliminary facts, witness stated that Fairfax knew in the afternoon that a body was about to visit his house, and said: I was told by my boy, who came from Waterproof; when the party came they said they wanted Fairfax; witness' story corresponded with that of Branch; he was shot while looking out of the window trying to recognize the assailants; buckshot passed through the window pane and entered witness' shoulder; witness got out of the house and ran home through a cornfield; after having his wound dressed he took to the woods; there were several in the woods; they had all heard that white men from other parishes were inquiring for them, and they wanted to hide themselves; on the Tuesday following the attack on Fairfax, the killing of negroes began; some eighty negroes were killed altogether; I ran away and came to New Orleans; have been here ever since; was acquainted with many of the persons who were killed; it was rumored that eighty were killed; I have never heard that anybody was called to account for shooting at Fairfax' house.

Viola Wallace, colored, was then sworn. Is a resident of Tensas; witness' testimony was similar to that of Branch and Kennedy; was in the disturbance and the killing of Willie Senator; it was reported that colored people were killed by the bulldozers; witness named five of those killed; I only saw one of those killed; I only saw one of the negroes after being killed; this was one Charley Bethel; he was shot and had his throat cut; this was after the register came and while they were in the parish; this was about two weeks after the attack on the house of Fairfax; the register was the sheriff.

Rebecca Ross, colored, was sworn: Is a resident of Tensas and was present at the disturbance in Fairfax' house; witness' testimony was corroborative of the three previous witnesses, and testified that she came away because she heard that white people had said that all colored people at Fairfax that night would have to leave.

George Ralston, planter, testified that he ran for the legislature on independent ticket, in Tensas; he has always affiliated with the democratic party; the candidates on the independent ticket were all democrats; witness stated that the outrages in the parish had a bad effect upon the laborers, and many of them had left the parish; witness had but little personal knowledge of the outrages.

E. C. Ruth, colored, of Tensas, stated that he was a justice of the peace. He saw the body of a negro boy who was killed by a company of armed men, October 19; 200 colored men in his ward were forced to join the democratic club, and then received certificates entitling them to protection. Witness testified to other acts of lawlessness.

R. J. Walker, colored, stated that from fear of personal trouble, he published a card in the parish paper advising the negroes to support the regular democratic ticket.

Grand Banquet.

COLUMBUS, 8.—About 300 persons sat down to the banquet given to-night by the Young Men's Democratic Club. During the evening a letter was read from Senator Thurman, expressing regret that a severe cold had prevented his attendance. He makes no allusion to either himself or his political aspirations, and devotes the letter to a eulogy of Andrew Jackson. He declares that the principles of the Jacksonian democracy are as important to-day as they ever were. In reference to Jackson's fight against the United States banks, Thurman says none can fail to see that a greater bank fight than that of Jackson's is now pending, and asks if the democracy of the country will follow the example set by their fathers in this matter. He refers to the increase in the public debt since Jackson's time, and that it is now high time to return to the economical practices of the Jacksonian democracy. The letter says nothing about the money question.

Badly Frozen.

CHEYENNE, 8.—George Clinton was brought here last evening in a badly frozen condition; one or both of his feet will probably have to be amputated. Clinton and his partner, Perry D. Short, came here a short time ago from Elgin, Ills.; last Friday they started from Horse Creek to hunt, separated and got lost. Perry has not yet been found, and has probably perished in the storm.

A Few Murderers.

Rumors are current, to-day, that an attempt is to be made by hordes to liberate Olive and party who are in Kearney, Nebraska jail, charged with burning Ketchum and Mitchell, but everything is quiet there. To-night the prisoners will be removed to different parts of the state for safe keeping.

Richards, who has confessed to six murders, is an inmate of Kearney jail, and is becoming vicious; last night he threatened the lives of two of his fellow prisoners, saying he would not be satisfied until he had killed two more. He is now confined in a cell. His preliminary examination will take place on the 13th inst.

Jack Knowlan, a gambler, shot and killed Mexican Joe at Sidney, night before last. The murder was unprovoked. Knowlan is arrested.

Gov. Hartranft's Message.

HARRISBURG, 8.—Governor Hartranft's message shows that the estimated deficiency in the general fund at the close of the present fiscal year will be $2,173,060. The governor believes, however, that by a rigid enforcement of the tax laws spreading the payment of most appropriations over the years of '79 and '80, keeping expenditures strictly within the estimates and diverting certain surplus revenues from the sinking fund to the general fund, this deficit can be made up. The cost of suppressing the labor troubles has been $104,000, and the loss to capital enormous, reaching many millions. No reference is made to resumption or its effects, and the message concludes with a feeling tribute to the memory of three recently-deceased Pennsylvanians—Henry H. Brown, Bayard Taylor and Morton McDonald.

### WESTERN.

Arrival of a Supposed Dead Man.

SAN FRANCISCO, 8.—It has been definitely ascertained by the friends of the late W. S. O'Brien that the recent arrival from Raleigh is his brother, who had been supposed dead. No intimation has yet been given as to the object of his visit here.

### FOREIGN.

GREAT BRITAIN.

General Roberts and the Afghans.

LONDON, 9.—A dispatch from Hazar Pir announces that General Roberts visited the principal fort of Khost on Monday, and was saluted by the Afghan garrison. The attitude of the marauding tribes around his army, however, is so threatening that his force passed all Monday night under arms. The garrison at Peiwar, which was also threatened, has requested General Roberts to send them reinforcements.

RUSSIA.

The Ameer.

ST. PETERSBURG, 8.—The *Agence Russe*, semi-official, for the first time, admits that Shere Ali has entered Russian territory, saying it believes the news is correct, but that it does not believe he was accompanied by his troops.

A Plague Panic.

The plague has caused a general panic in Astrakhan and Saratow. A correspondent of the *Golos* writes that the plague commenced in a village in the district of Enotaiesk. Precautions against the disease were at first neglected, as it was mistaken for typhus. When the weather became warm people died like flies. The dead lay unburied in the streets. The infected district has been surrounded by troops. Communication with Moscow has been stopped. General anxiety prevails throughout Russia, and it is supposed the deaths have been more numerous than stated.

The Student Riots.

ST. PETERSBURG, 8.—The Kharkoff veterinary school has been broken up, and the Kieff University closed in consequence of the riotous demonstrations of the students.

SOUTH AMERICA.

RIO JANEIRO, 7.—Thomas D. Conyingham, a forger, from Wilkesbarre, United States, has been captured in this city. The Brazilian government has signified its willingness to surrender him to justice, and he will be returned to New York by the next packet.

GERMANY.

In Favor of Protection.

BERLIN, 8.—Bismarck appears to be taking every opportunity for declaring himself in favor of protection. He recently wrote a long and favorable reply to a letter, condemning free trade, sent him by agriculturists.

FRANCE.

Severe Storm.

PARIS 8.—A severe storm is reported from the central part of France. The wind blew with the force of a hurricane and much snow has fallen.

A GIRL WANTED.

To do Housework. Apply to Mrs. Grenig, 2nd House east of Firemen's Hall, 1st South Street.

LOST.

ON Christmas Eve, a new OIL DRESSED CALF. The finder will confer a favor by returning it to THOS. JOHNSON, paper carrier, or leave it at this Office. d30

THE CHIEF OF HEALING COMPOUNDS.

HENRY'S

Carbolic Salve.

The Most Powerful Healing Agent ever Discovered.

Physicians give it the highest recommendations.

POINTS TO BE BORNE IN MIND.

Carbolic Salve instantly allays the pain of burns

Carbolic Salve cures all cutaneous eruptions.

Carbolic Salve removes pimples and blotches

Carbolic Salve will cure Salt Rheum.

Henry's Carbolic Salve

ranks at the head of all Salves, Ointments and other Healing Compounds, and has achieved a greater reputation and has a larger sale than any other similar preparation. The most

VIRULENT SORES AND ULCERS

have been cured with wonderous rapidity by the use of Carbolic Salve, and it is proscribed now almost universally by Physicians throughout the country in their practice.

Testimonials from the most respectable sources, received from other countries are constantly accumulating on our hands, demonstrating the sovereign efficacy of

This Great External Remedy,

and that the cures which it affects are as prompt as they are complete. The two following excerpts are all we deem it necessary to insert.

Gen. R. Lincoln, Ex-Pres't of the Board of Health, N. Y., writes: "Your Carbolic Salve is an excellent article, and I thank you for. This is another evidence of the great value of the discovery of carbolic acid."

D. B. Locke (Petroleum V. Nasby), of New York, states that he had "on the forefinger of his right hand one of those pleasant pets, a 'run-round,' the finger became inflamed to a degree unbearable.

* * * A friend dressed it with Carbolic Salve, and in twenty minutes the pain had so much subsided as to give a fair night's rest. * * * *

The inflammation left the finger *in a day.*"

Henry's Carbolic Salve

is used extensively in *Hospitals*, and is found to be not only a thorough *purifier and disinfectant* but also the most wonderful and speedy *healing remedy* ever known. Sold by all Druggists.
