 Selling at \$1.10; Selling at \$1.12.

WEATHER ITEM.—The highest point

reached by the thermometer today was 50.

THE SELECT PARTY, which was held in the Fourteenth Ward Assembly Rooms last evening was a very fine affair, and passed off delightfully. Those present seemed to enjoy themselves exceedingly, and the entire arrangements reflected credit on the managers. We heard one gentleman, recently from New York, inquiring whether there was any probability of a celebration being held to celebrate the centennial of the Declaration of Independence. Another gentleman thought the occasion might with greater propriety be made the subject of a proclamation than of a celebration which had been seized for this purpose.

FIKE—Last night, about half-past five o'clock, the barn, stable and store room of F. S. Heller, Esq., in the 20th Ward, were discovered to be on fire. In a very short time they were burned to the ground. By the energetic exertions of the neighbors, the fire was prevented from spreading further, and was soon got down. A few chickens were destroyed and a goat was well singed but not seriously injured. The damage is estimated at about \$1000.

DISBURSES—The funeral ceremonies of Mrs. G. W. Snyder, son of Elder George G. Snyder, were attended to this morning in accordance with the request of Brother Ephraim Snyder, in the 6th Ward, where were assembled a large number of the relatives and friends of the deceased. The funeral was attended by Elders Franklin W. Richards, George W. Cannon and Saml. W. Richards.

ARRIVAL OF THE EMIGRANT COMPANY.

The small company of emigrant Saints which left Liverpool August 9, in charge of Elder Wm. Douglass, arrived by the Ticonderoga last night, after a very pleasant and prosperous journey. Elder Stephen Taylor also returning with the company, he with Elder Douglass from a mission to Great Britain. Both were looking exceedingly well. Elder George W. Groat returned on the railroad with the company as they were Iowa, where he stayed to pay a brief visit to his friends.

ALDERMAN'S COURT.—Nat Furst and

Thomas Carroll appeared, for examination, this morning, before Alderman Clifton, the first on a charge of disturbing the peace and discharging a pistol, and the second for drunkenness and disturbing the peace. It appeared from the evidence that Carroll was the only one to blame in the affair, he having, without any cause, abused and threatened Mr. Furst, and when the latter endeavored to get out of his way and that purpose was not accomplished, he entered a room kept as a gambling house, over the store of Messrs. Day & Sumner, he was followed by Carroll. Mr. Furst, thinking his life was in danger, obtained a revolver and, while standing with it in his hand, point downwards, the weapon was accidentally discharged, the ball going through the floor and ceiling into the store below and also through the second floor into the cellar. Carroll, who was guilty, was fined \$15, and Mr. Furst was discharged.

GRAND LODGE OF ODD-FELLOWS.—A.

Logan Stinson, Esq., editor of the Willamette Farmer, Salem, Oregon, and E. D. Llewellyn, Esq., also of that State, accompanied by Col. May, formerly of Oregon, but now residing here, visited our sanctuary this morning. The two first-named gentlemen are going to Chicago as representatives to the Grand Lodge of Odd Fellows, which convenes in that city Sept. 18th. Mr. Stinson traveled over the plains to Oregon with an ox team, twenty years ago. He perceives and appreciates the great changes which have been wrought in all this interior country since that time. The drought caused, however, the country to appear a vast wasteland. The whole country to the west of this, is dried up and looks like a desert from this cause. Farmers plowing their land with horse teams, to the eastward of Vallejo, California, raised a cloud of dust like that which is put in motion by the passage of a railroad train.

LECTURES ON THE HOLY LAND.—The

course should not forget Mrs. G. L. Whitham's course of lectures on the Holy Land, Egypt, etc., in the Tabernacle, the first of which is given to-night. The subjects to be treated upon are of intense interest to all Bible believers, and in the hands of a scholar and oriental traveler are a source of boundless entertainment and instruction. Mrs. W. has traveled extensively in the Orient, and will talk of what she knows. During her lectures she will exhibit relics from the Mount of Olives, River Jordan, Dead Sea, Sea of Galilee, Red Sea, Calcasie of Egypt, Tyre, Gaza, Joppa, Damascus, Haelbeck, Hebron, the oak of Abraham, Church of the Nativity, at Bethlehem, and from the old temple grounds, on Mount Moriah, at Jerusalem. Fifty fine colored views, taken in the Holy Land, will also be exhibited, and coins, bearing the impress of the days of Solomon and David; and the coin called the "Widow's Mite," with many others and some older than the above, will be shown. Such a series of lectures will be well worth attending, especially by the young; and the price of admission—twenty-five cents—is so low as to be within the reach of all who may desire to hear them. The course will comprise four lectures, the first three in the Old Tabernacle, to-night, to-morrow night and Saturday night; the last lecture of the course will be delivered in the New Tabernacle on Sunday evening. The lectures commence at half-past seven o'clock.

SENSELESS—A gentleman of the legal profession made, in the Alderman's Court this morning, what we consider some very sensible remarks with regard to the foolishness of bringing petty difficulties before court, showing how much better it would be to have all such matters amicably settled without having recourse to law. This is our opinion exactly. People who go to law over little squabbles, instead of having such things permanently and pleasantly arranged by other and better means, in the majority of cases only make matters worse by increasing any feelings of bitterness that may have previously existed. There are enough honorable unprejudiced peace makers to be found to settle every difficulty of a petty nature, and those who resort to law in such cases show that their stock of greenbacks, however small, is considerably ahead of their supply of common sense.

THE LEGAL GENTLEMAN ALLUDED TO WAS

employed in a case of the above kind, the nature of which drew forth his remarks upon this subject.

"Blessed is the peace maker."

GETTING ANXIOUS ABOUT IT—The decrease of marriage and the growing disinclination for it among men appear to be alarming many people. The New York Sun thinks it is high time somebody hit upon a plan for promoting marriage, as hundreds of thousands of women are waiting for husbands, and not getting them, the Sun says the great problem is how to get the sexes to marry. The Sun has never heard of any difficulty of this kind in this neighborhood. People seem satisfied with the fact that "the married live longer than the single." "Swallow" in the *Alto California*, recommends systematic selecting, matching, and pairing, and thinks the parties could not object, inasmuch if miserable misery love company is happy, happiness is eminently worth sharing. He (or she) instances the case of two cooing Bobolinks, who made a match of it and set up housekeeping.

NETHER—The *Alto California* says the reporters invariably describe the political speeches of the present campaign as "eloquent," but never as "sensible." That is sometimes the case with the efforts of certain people who defend the citizens of Utah, but at most times these efforts are neither "eloquent" nor "sensible"—they are truly trashy, and they are invariably nasty.

A FINE STORE.—Calder Brothers, during the last few days, have been moving their goods into their handsome store in the row of new buildings south of Amusement. The interior of this musical emporium presents an appearance that is exceedingly grateful to the eye, refined and artistic taste having been displayed in the character and arrangement of the fittings, which are beautifully in keeping with the nature of the business. The wood work, including counters, pilasters dividing the shelving, casings, wainscoting, etc., are of white California sugar pine, and redwood, the paneling of the latter and the style of the former, all of which have been varnished, showing a surface of very fine polish. The stock of musical instruments is very large and varied and fully in keeping with an establishment so well fitted up, and which is said to be the finest of the kind in the West. The first part of the upper floor is occupied as an office by Dr. J. M. & F. B. Benedict. The rear portion, a room 25 x 20 feet, is designed for the use of music classes, vocal and instrumental, suitable instruments being kept in it for that purpose. It will also be open for select musical entertainments.

The carpenter work, including fittings, etc., was done by Messrs. Culmer & Armstrong, the painting by Messrs. Midgley & Evans and the plastering by Messrs. Cowan & Naimoyer. The workmanship in each department is creditably done.

BELLIGERENT—Two small boys, both blacks, entered into a quarrel, on East Temple St., this forenoon, when one of the young scamps drew a derringer and threatened to shoot the other. A bystander took hold of the little rascal, took the weapon from him and, to avoid mischief being done with it, fired it off in the air. The parties were arrested and the case was to be heard this afternoon.

IN TOWN—R. Benedict, Esq., of the firm of M. D. Wells & Co., manufacturers of and wholesale dealers in Boots and Shoes, 114 and 116 Wabash Avenue, Chicago, is in town and will stay till the beginning of the coming week. W. P. Mallory, Esq., of Chicago, Lewis & Co., dealers in L. Caps, Furs &c., Chicago, is also in the city. The houses represented by these gentlemen are both of good repute and do an excellent business with merchants in the Rocky Mountain Region.

POCKET DICTIONARY—Dwyer has just received a lot of the pocket edition, with wood engraving illustrations of Webster's dictionary of the English language. This is a useful little work, and one for which there has been frequent calls. All can now obtain it who wish.

A CARD

TO THE PUBLIC.

I have been City Surveyor of Salt Lake City for the past eighteen years, and have with great care and expense compiled and nearly completed a Map of Salt Lake City, containing the numbers of Lots and Blocks, U. S. Survey, &c. I have a few more important additions to make to this Map and it will be completed. When finished, I design to get it lithographed, and offer it for sale to the public. While absent from this City attending to my duties on the Utah Southern Railroad, this unfinished Map was surreptitiously obtained, copied and is now being offered for subscription on the streets of Salt Lake City, by one J. L. Burns. This has but just come to my knowledge, and is being done without my consent, and, as an officer of the City and in justice to the public, I feel called upon to make an expose of this fraud.

Very Respectfully, J. W. FOX,

City Surveyor of Salt Lake City.

Aug. 31, 71.

NEW REFORM—The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a thirsty one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute as harmless in its effects, and more delicious in taste than anything yet discovered? We did it in Day & Co's Soda and Sarsaparilla. If every one would sign the Pledge and drink nothing but this Celebrated Beverage, much degradation, misery, shame and crime would be prevented in the world. If any one doubts the truth of our remarks let them step into the first place they come to and try it. It will vouch for itself.
