In the absence of advices the general staff is continuing its speculation basea on the latest reports of the appearance of considerable bodies of the enemy in the northwest section of Manchuria. The opinion prevails that this is an indication of the intention of the Japa-nese to make an attempt to stop Gen. Kuropatkin's retreat northy, and, while the main Japanese force is hurled against Liao Yang and Mukden. Kuropatkin retires unmolested to Harbin and there awaits reinforcements, leaving the Invaders to hold the coun-try and thereby losing men by disease. The Japanese course would have good prospects of success if they had sufficient strength, but the authorities here are convinced that the enemy is too weak to carry it out. As further show-ing that Kuropatkin never had any intention to attempt to stop the north-ward advance of the Japanese a rai-road engineer who has just arrived cipal from the far east was quoted today as saying that when he talked with the commander-in-chief in February, the latter wanted an additional line built in the rear of the Manchurian army, so quently advance. days In the Yates camp there were intimations that the governor might expect a coup today. There was some depression among the Lowden men who had ex-pected substantial gains yesterday and who today seemed confronted by a pos-sibility that Colonel Lowden might be forced to a choice between Yates and Dineen. The governor's delegates marched in a body to the hall. Each Yates dele-gate wore on his hat a legend reading: "You Are The Eternal Stayers." The first letters, in large letters, spells Yates. The first change came on the thirtleth ballot, when 26 Yates men voted for Lowden, Thirtieth ballot: Yates, 437; Lowden, 452; Dineen, 382; Hamlin, 111; Warner, 44; Sherman, 51; Pierce, 21. Gen. Miles Makes a Strong Plea In Favor of Them.

St. Louis, May 17 .- In the International Good Roads convention today the prinspeaker was Gen. Nelson A Miles. He declared himself to be thoroughly in sympathy with the movement for better roads, and in his address recommended that 5,000 men in the army be used in times of peace as an engineering used in times of peace as an engineering corps to locate the best and most feasible roads and co-operate with the surveyors of the various states. He said that the government would be vasily benefited by such a plan when it became necessary to use such roads. The preliminary work of surveying could be done by the army, he said, and the work then left to the state to be carried to completion and the general of the army to have control. Gen. Miles said he would have introduced in Corgress a resolution or bill to this ef-fect.

Columbus, O., May 17.—The prelimin-ary meetings of the Republican state convention here today were not as demonstrative or as largely attended as usual. No spectacular scenes could be expected as the county conventions of last week showed that there would be no factional changes in the state committee or other parts of the organ-ization. More than enough delegates came from these counties pledged or instructed to assure the selection of Gov. Herrick, Senators Foraker and Dick and George B. Cox of Cincinnati, Dick and George B. Cox of Cincinnati, as the delegates at large. With one of the alternates-at-large conceded to the colored men, the other three alternates-

Gov. Herrick, Senators Foraker and Dick, George B. Cox and other leaders held receptions at their respective head-quarters today and there was inuca quarters today and there was inuca comment among the delegates as to who would become the successor of Harna in Ohio politics. According to the rossip among the delegates there is a good deal of rivalry among the Hanna men on the question of leader-ship. Gov. Herrick will be both temsing. Gov. Herrick will be both tem-porary and permanent chairman of the convention and be re-elected as the Ohio member of the Republican na-tional committee, and he is expected to be the standard bearer next year. Senator Dick will be the author of the platfarm and service obstrument of the

platform and again chairman of the state executive committee. Some are now speculating whether Senator Dick will continue as the head of the state organization next year when Herrick is a candidate for re-election for governor or even if Herrick will be a candidate for re-election. THEATER-COINC ALSO WRONG.

Contest Will be Carried Before General Conference When a Lively Time is Anticipated.

Los Angeles, Cal., May 17 .- The committee on state of the church of the Methodist general conference, having in charge the consideration of the proposed change in the church rules in reference to dancing, card playing and theater-going, has decided against recommending any change by a vote of 58 to 43. This result was reached after a vigorous and prolonged contest in the committee meeting. A minority report, presented by members of the committee who favor a more liberal construction of these rules, will be offered before the conference. It is expected that the submission of these two reports to the general body will be the signal for the most spirited struggle that will cccur on the floor during the present conference.

As the day approaches for the election of bishops additional candidates are appearing. Probably twenty names have been suggested in connection with this important office. Prominent among those announced today as strong bilities is Dr. George Edward President of Dickinson college, Carlisle, Pa. Another is Dr. T. B. Ford of Ore-gen. The election will probably occur tomorrow's session.

Divorced Woman Wanted a License Before Decree Had Been Signed.

Within an hour after a divorce had been granted her by Judge Hall, Mrs. Caroline Nielson called at the county clerk's office shortly after 11 o'clock this morning, accompanied by a man, and applied for a marraige license. Her application for a license was denied by Deputy Clerk Eldredge, who informed the woman that she would at least have to wait until the decree had been sub-mitted to the court and signed. Mrs. Nielson was granted a divorce from Niels C. Nielson shortly after 10 o'clock by Judge Hall on the ground of crueity. Her attorney was instructed to draw up and submit to the court for signature the findings of fact, conclusions of law and decree. This had not yet been done, but the woman supposed that she could get another license to wed without waiting for the decree to be signed by the court. She discovered her mistake, how-ever, when she applied at the clerk's of-fice for the license. application for a license was denied by
