The presumption is, however, that it modifies the existing law supon the subject, and that, it the bill passes, and that, it the bill passes, it is not to be provided in the subject, and that, it the bill passes, will be legal to this cliate. The question is, do the people of the clinic desire to legalize saything of the sort?

We hink not. The eventwhening sentiment of this Rate is that prindighting, he sery form and degree, it degrading. This is also the prevailing sentiment of the better cleans, of colleans and newspapers in all the clates, is in sufficiently introduced by the searing Nerada is recuiving from every quarter afthe Union, for legalizing prins fighting.

Unio cannot after the standard of mains legally an Nevada has done. Of the contrary, it is the duty and the desirty of our young State to see for the watti an example of right meaning and social parity. The That Legislature ought to be very carried lower in lanches such questions as prins fighting.
