

# THE DENVER TEAM WAS VICTORIOUS.

Visiting Cricketers Get Even With  
The Local Players Yes-  
terday.

## RETURN MATCH IN DENVER.

Davies, Haddenham and Saunders  
Saved Salt Lake Eleven From More  
Crushing Defeat.

The Denver cricketers made good yes-  
terday on the statement of the "News"  
that they had a better bat-  
ting team than Salt Lake. Had Denver gone up against the  
same class of bowlers they offered Salt  
Lake the score would have been a big one  
and the defeat more decisive. It was only  
the good bowling of Davies, Haddenham  
and Saunders that saved the local eleven  
from a worse defeat than they received.  
As it was Denver won by five wickets.  
For the Denver team Sharp and Fair-  
hurst were the best bowlers, while for the home eleven Collins made  
top score followed by Davies, who un-  
fortunately in the second innings was  
out again after being hit.

An incident of the game was an accident  
to the Denver wicketkeeper Sharp,  
who failed to connect with a fast tip  
from the bat of Haddenham and received  
the ball square on his forehead, which  
put him out of commission for the time  
being.

The visitors left for home last night well  
pleased with their treatment here and  
promising to give the Salt Lake boys a  
good time when they played the return  
match in Denver.

### SECOND INNING.

Champion Loses Two Mile Handicap to John Redell.
New York, Aug. 22.—National Cycling Champion lost his handicap W. S. Penn to the Yale team in New York last night in their 4000 match race. The champion won the first heat by length, and the second and deciding heat by a hair's breadth. He had a hard fight on the grandstand wall. The first eighth of a mile he was in front, and as he approached the attraction of the day, and was much harder fought than the scores of 64-64-64 would seem to indicate. Of the thirty heats he won twenty-four, and less than sixteen went to Denon courses, points being scored in the very last heat game.
Steadiness, however, won the contest, and the Yale team, for all their gallantry, and Wariner were far more brilliant, racing in a dashing style that fairly electrified the New York society people, banked in the grandstands, and the majority of them were in mid-air, the lines by a hair's breadth or struck the top of the net only to fall back.
The winners will meet Ward and Wright tomorrow in the big race round.

### DERBY DAY, OCT. 2.

That is the Date Decided Upon by Manager Curtis.

The secretary of the fair announced that  
titles for the livestock and poultry exhibi-

facturers are asking for space during the  
fair. He said the record date for the  
titles in all departments are larger this  
year than previous years.

Word comes from New York as follows:  
A man giving his name as Yank Kenny, formerly well known pugilist, was  
arrested last night in Brooklyn, charged  
with robbing a woman of \$1000. He  
had been seen with his wallet identified  
as that of the woman, but said he could  
not positively identify Kenny as the thief.  
The pugilist was locked up for the night.

Fairfax's position relative to the Ben-  
nett cup race appears similar to that of  
the swindler youngster who said that he  
was to play in the race, but he wanted his  
mother to let him go, and she said he could  
not positively identify Kenny as the thief.
