NEW YORK, 29.—A dispatch from Nult, New Mexico, says: Great excitement is caused in this vicinity by the discovery of new deposits of extraordinarily rish silver. In Lake Valley, 10 miles from here, in the Black Range, in one shaft of the Sierra mine, a vein of chloride and horn silver, 40 feet thick has been disclosed this week. The inflated prospectors' party is so large that the hostile Apaches who committed numerous outrages hereabout: last year have fied from their camps and gone over the border.
