LOCAL AND OTHER MATTERS.

THERMOMETER 61 degrees F. in the shade, at 4 p. m. to-day. Pleasant.

THEATRE.—This evening Montague and Gerretta in Roman in Grecian Statues, Larkin and Armstrong in an entirely new budget of Dutch eccentricities, Mademoiselle Josephine in her challenge jig and banjo solo, Mr. Wood and the Perry brothers in new songs and dances and comic oddities, Miss Davis, Jos. Mackey and Wm. Williams in ballads, Lewis Parker as the commander-in-chief.

Benefit of Mademoiselle Josephine and Carrie Armstrong on Monday evening.

I hereby certify that, by vote of the City Council, passed April 25th, 1873, the time specified in the charter of the Salt Lake City Rail Road Company, for the completion of their Street Railroad to Second East Street, on First South Street, was extended six months.

ROBERT CAMPBELL,
City Recorder.

SALT LAKE CITY, April 25th, 1873.

We understand the time previously granted to the Company, by the City Council, expired to-day.

A FINE BUILDING.—We understand Mr. Johnson, architect, has been at work for some time on the plan for the new building soon to be erected by Mr. Nicholas Groesbeck, on the corner adjoining the new block of buildings owned by him, on Second South street. It will be one of the finest and probably the highest structure in the city, 128 feet from the street level to the top of the dome. The upper part of the building will be occupied as a hotel.

Mr. Johnson, the designer, is the gentleman who got out the plans for the Occidental Hotel and Russ House and many other prominent buildings in San Francisco. The contracts for putting up the projected building are not yet let.

RELIGIOUS SERVICES.—Meetings in the Tabernacle at 10 and 2 o'clock to-morrow, and at the various ward houses in the evening.

TROTTING MATCH.—An interesting trotting match was to take place at two o'clock to-day, on the race track, west side of Jordan. The winning horse was to be the one which made a mile in three minutes, or the nearest to that time, the race to consist of three heats. Up to last evening eight competing horses had been entered. The weather being fine it is probable a large number of spectators would be induced to visit the race track.

ACCOUTREMENTS.—The accoutrements of Wasatch Fire Company No. 2, have arrived, and include belts, hats, shirts, trumpets, &c. They are of slightly better quality than the trappings of the kind received by any of the other companies yet. The members of the Wasatch Company are, we understand, all residents of the Twentieth Ward, and the equipments were purchased independent of any aid from the City, the means to obtain them having been raised by the firemen themselves, assisted by members of the Ward, Bishop Sharp being a liberal donator to that object.

PROFESSIONAL.—The card of D. C. Wilson, M. D., oculist and aurist, whose office is over Dunford & Sons' Store, East Temple street, will be found in another part of the paper.

MONUMENT.—Messrs. Morris & Evans have just completed a very neat design for a monument to be erected to the memory of the late respected President Heber C. Kimball. The monument will be three and a half feet at the base and seven feet high.

MILL CREEK.—We had a call yesterday from Brother E. F. M. Guest, Constable of Mill Creek Precinct. He informs us that there have been eleven cases, in all, of smallpox in Mill Creek Ward, in the vicinity of Murphy's, one of which terminated fatally, a child, aged eighteen months, which was buried about two weeks ago. A house in the locality has been used as a smallpox hospital, which has been under the immediate charge of Dr. Higgins Davis, he having been appointed to that office under the direction of the County quarantine physician Dr. Benedict. There were at one time seven cases in the hospital.

Brother Guest, who has the reputation of being a very efficient officer, has had the duty to perform of seeing that no person in the vicinity broke quarantine, and an arduous duty it has proved to be, as parties have even threatened his life if he did not permit them to pass along. From what we have heard of this officer, however, we should think that such individuals had mistaken the person they had to deal with. There is no excuse whatever for parties breaking quarantine, as, by going a short distance south, they could travel around the prohibited district and come up upon the main road again beyond it. Dr. Davis has had, we understand, a large experience in the treatment of smallpox in Manchester and other cities of England. He is of the opinion that it is of a more virulent and dangerous type here than in that country, and that the cause of this is climatic.

SACRAMENTO.—Elder Aaron Garlick, of Sacramento, Cal., writes to President Brigham Young, April 21st, inviting any of the Elders who may be traveling that way to visit the branch of the church in that place. The following is an extract from Elder Garlick's letter:

"This branch was organized by brother Lowber [Lobb?], who passed through here on a mission to Switzerland; he sent an account of the organization to Brother Woodruff, at the time. Since our organization we have kept up our meetings every Sabbath, and have enjoyed a good degree of the Holy Spirit. There are a number of the old members of the church here from Utah. We have invited them to our meetings, but, as yet, none have joined us. Some of them have joined the Spiritualists, and their minds have become darkened, and they are bitter against the authorities of the church, and while they remain so we cannot receive them into the branch. Some seem like good brethren, but are offended because they say some one in the church has cheated or injured them, not understanding that the church is built upon the principles of truth, and not upon infallible men.

"Should any of the elders come this way, we should be glad to see them."

IN THE SNOW.—B. F. Johnson writes from Mt. Hope Pinery, Summit Kanyon, April 19th:

"We are, at times, far above the clouds, and, through the winter, had a long and tedious fight with the snow, which is still from five to twenty feet deep.

"Our steam saw mill cuts 1,000 per hour, and with logs of easy access and timber plenty, we hope to keep a full supply of lumber on hand.

"Tintic miners are looking cheerful, and new mines are being opened in sight of the villa.

"The weather is fine, but getting a little dry down below. Farmers are busy putting in their crops.

"It is a time of general health, and fears of smallpox are generally falling away."

PREACHING.—Elder Edward Stevenson will discourse at Ameicant Fork to-morrow morning, and at Lehi in the evening.

DOUBLE WELL.—Last night there was a meeting of the Board of Directors of the First Ward Cooperative Institution, when a dividend, sufficiently large to be gratifying to the stockholders, was declared. The store is doing a fine, thriving business and is sound in every particular.

NORTH BENCH WATER DITCH.—It will be seen, by advertisement, under the head of special notices, that those interested in this ditch are required to meet Mark Lindsey at the north-west corner of the cemetery, Monday, May 4th, armed with necessary implements for cleaning out and repairing.

RECEIVED.—"Regulation of Fares and Freights by Law." Extract from the Fourth Annual Report of the Railroad Commissioners of Massachusetts. Knight & Leonard, Madison street, Chicago.

"The Dental Cosmos," a monthly record of dental science. Devoted to the interests of the Profession. Edited by James M. White, M.D., D.D.S. Samuel S. White, publisher, Chestnut street, Philadelphia.

"Lippincott's Magazine" for May, contains "The Roumi in Kabylia," "Our Home in the Tyrol," "Wilmington and its Industries," "Marie Fanette and her Lovers," "Salmon Fishing in Canada," "A Princess of Thule," "At Odds," "The Philadelphia Zoological Gardens," "Queen Victoria as a Millionaire," "Cricket in America," etc.

SPECIAL NOTICES.

☞ FOR COUGHS AND THROAT DISORDERS use "Brown's *Bronchial Troches*," having proved their efficiency by a test of many years. d132 eod

☞ PAINTING.—Joseph Pitt, son of the late William Pitt of North Temple Street, has succeeded to his father's business and calls attention to the fact in an advertisement in our columns to-day. He wishes to be remembered by old patrons and as many new ones as possible. d132 1

☞ NORTH BENCH WATER DITCH.—All desiring to use the water from this ditch for domestic, irrigating or other purposes, are requested to meet me at NORTH-WEST CORNER OF CEMETERY, Monday, May 4th, at 7 a. m., with picks and shovels. Those who do not will not be allowed to use the water. MARK LINDSEY, 20th Ward. d132 1w

☞ IT WILL be seen, by advertisement in another column, that Messrs. F. A. Mitchell and David James have entered into a co-partnership in the business of manufacturing Tin, Copper and Sheet Iron Ware, and will also carry on Gasfitting, Plumbing, &c. Mr. James, being a practical Plumber and Gasfitter, this branch will be made a specialty by the firm.

For further particulars read their advertisement and send them your orders.

☞ WHAT THEY SAY.—Chicago Journal of Commerce says: Dr. Price's Flavoring Extracts are the finest, purest, and best to be found in this or any other city; only necessary to visit his Laboratory to be convinced that they are perfect in purity and superior in strength. The Chicago Tribune Review says: Although the company, Steele, & Price, have enlarged their facilities for the production of Dr. Price's Cream Baking Powder and Special Flavorings, they are hardly able to meet the rapidly increasing demand for them. In this age of adulteration, it is gratifying to find one honest effort to stick by the old path of honesty, and consumers owe it to themselves to patronize those making the effort. For Natural Flavorings none can compare with Dr. Price's, and to make the sweetest, most wholesome, and easily digested bread use Dr. Price's Cream Baking Powder.

☞ CALL now at the Concord Carriage repository and see these fine Carriages and Buggies just received, made expressly for this trade. SEMIAS ROBERTSON,

OUR FATHER'S HOUSE—THE UNWRITTEN WORD.
BY DANIEL MARCH, D. D.—*Author of Night Scenes in the Bible.*

THIS Earth is one of the Mansions of OUR FATHER'S HOUSE and all the forms and forces of the physical universe are revelations of God's UNWRITTEN WORD. The author, in this new volume, goes from room to room in the great house that God has built, showing us the riches and splendors stowed in every department, making the whole journey of life a happy walk of children with their Father—going out into open fields, listening to the singing birds, the whispering winds and murmuring forests, looking with ceaseless delight on green landscapes and grazing flocks, on beautiful flowers and springing grass, gazing with awe at the wonders of the mighty deep, walking beneath the shade of ancient mountains and climbing sacred heights. Wondering at the great Earth wheel turning beneath our feet, watching the storm with its pleasant cleaning, billowy darkness rolled, lightnings answered in thundering voices, and again the beautiful bows hung out on the retiring cloud.
