While the boys were tired they wore happy over the success of their trip and the games played while away. Not a defeat was registered against then although they met some of the strong-est teams in the west. The boys say they were royally treat-ed by the opposing teams and the of-ficials and that no rough work was in-dulged in except at Colorado Springs where the team at that place became a title rough because of its eagerness to make a good showing.
