will do to clean with—some women think. Anything is good enough for them—if they can get a lot of it for little money. This is unwise, surely. Isn't it worth while to find out which will do the most work, and do it without harm to paint and woodwork and fine surfaces? Pearline is the best cleaner. Pearline saves rubbing—saves work and wear. Nothing is too good for it.

It will wash and clean everything that water doesn't hurt.
