

mill is burning. This is close to the Pittsburgh mill.

Later—Lose, Reynolds & Wheeler, \$100,000; Averill, Russell & Carpenter, warehouse, \$7,000. Other losses small but numerous.

Winnipeg, Man., 28.—A milkman who arrived in town to-day from outside the city, reports finding a dead body in a swampy thicket four or five miles northwest of the small-pox hospital. It is believed to be the body of Kitson, who escaped from the small-pox hospital a few days ago while in delirium, and for whom a reward of \$300 was offered. The body is said to be decomposing and covered with only a white sheet. The police were notified and are now in search, but it is thought it will be abandoned till daylight, to better guard against infection.

Chicago, 28.—At a late hour on Friday night, a policeman discovered a man wandering among the railroad tracks. The man was evidently out of his mind, saying he was being pursued by the headlights of locomotives, and that his enemies were trying to get him run over. He was taken in charge and it has turned out that he is State Senator Thos. Fish, of Marshall County, Iowa.

New Orleans, 28.—The ship *Northampton* hence May 18th for Liverpool, is reported wrecked on the Marquesas Keys. She had a cargo of 1,380 bales of cotton and 95,000 stoves. The vessel was owned by Houghton Bros., of Maine. Estimated value of cargo and vessel, \$30,000.

CHICAGO, 29.—Hip Lung, proprietor of a Chinese gambling establishment on Madison street, and 40 of his customers were this morning crowded into Justice Demar's Court; they were all discharged by the court. The warrant was sworn out some 15 days ago by Lee Sing, Chinaman from Fresno, who claimed to have lost a large sum of money in the place. After swearing out a warrant Sing went to New York and telegraphed for the officers to go ahead and make the arrest. This was done although it was known there would be no prosecution. The city press joins in condemning the arrest as one simply in the interest of the attaches of the Justice's Court in securing fees by the arrest of Chinamen when it was known there would be no prosecution.

BELLEVEILLE, Ill., 29.—Everything is quiet this morning. The inquest on the dead striker begins at 11 o'clock. Reinecke, the mine where last evening's unfortunate affair occurred, is working this morning under the protection of the militia. This is a machine mine, does not employ regular miners, and was working yesterday under agreement with miners some days ago. If any further trouble occurs it will be at mines some distance from here, which at this writing have not been heard from. The sheriff reports all quiet at the pits in this vicinity. The streets of this city are crowded with miners discussing the event of yesterday's firing by the militia. It is not generally viewed in a favorable light.

Indianapolis, Ind., 29.—Yesterday evening a cyclone struck the town of Edinburg, Ind., following a heavy rain and wind storm, which lasted for ten minutes and raged with great violence, taking the spire from the Methodist Church and throwing it upon the parsonage, crushing through the roof to the ground. South of the town a grove of timber was demolished, and four miles south, the farm of B. J. Deming caught the fury of the storm. Deming's son was killed, and a farm hand was also fatally injured.

Terre Haute, 29.—A tornado swept by Clay City at 5 o'clock yesterday p. m., the extremities of which were a mile apart. Clay City, which was in the centre, escaped with slight damage, but at Neal's mill, on one side, a house was swept out of existence.

## FOREIGN.

LONDON, 28.—Oscar Wilde seems to be played out as an aesthetic problem. He worked out the dodge in America for all it was worth, and has now abandoned it. He surprised his friends at a reception given to Mr. Whittier, artist, by appearing as an ordinary individual, dressed in a commonplace suit, shorn of his beautiful locks. Over here he is regarded as being crazy.

One of the principal topics of gossip is the rumored marriage of the Right Hon. John Bright with a sister of his first wife. Mr. Bright's friends persistently deny that such is even being contemplated. The

conservative press, however, renews the report. Mr. Bright scorns the idea of making a formal denial of what he says is a scandalous rumor. Mr. Bright's near relatives state that this malicious fabrication has been started by partisans of the law prohibiting marriage with a deceased wife's sister. There are five sisters of Mr. Bright's first wife now living.

At a meeting of the rifle association Lord Brownlow remarked that the understanding with the American association could not be more satisfactory. He hoped the visit of the American team would be pleasant, and that it would serve to draw the bonds of the two nations closer together. A camp, he said, would be built for the use of the visiting team. Lowe urged that the Americans be permitted to use the screw-back sight in all the contests. Lord Brownlow replied that the Americans were perfectly satisfied with the concession already made. England had taught them something, and no doubt they would come prepared with some invention of their own.

Dublin, 28.—Farrell, one of the informers in the trial of the Phoenix Park murderers, received £1,000 from the government, and Michael Kavanagh, car-man, another informer, got £250. Both will quit the country. James Carey, informer, and his brother Peter, will receive small sums for their services.

John Dillon will shortly go to Colorado to complete the restoration of his health.

Keuhard, member of Parliament, has been strongly urged not to withdraw his motion in relation to the deposition of the surplus Alabama award. It will, therefore, probably remain on paper.

A dispatch to the *Daily News* from Hong Kong, May 7th says: China takes a conciliatory attitude on the Tonquin question, but maintains its claim of suzerainty over Tonquin. Chinese troops were not engaged in the fighting at Hanoi, but a number of Chinese joined the Anamites. China will not interfere in the present conflict, but does not admit the right of France to conquer Tonquin.

PARIS, 28.—Fifteen hundred persons joined in the Anarchist demonstration to-day at the graves of Communists in Pere la Chaise. The red flag was displayed, and the crowd raised frequent cries of "Vive La Commune!" Several speeches were made. Many policemen were present; nobody arrested.

A duel with swords was fought between Delpit, a writer on *Paris*, and Alphonse Daudet, the well-known novelist. The former was slightly wounded.

A fire in the warehouse of Decker & Mott, makers of agricultural implements, who also have an establishment in America, caused a damage of 3,000,000 francs; several persons were injured.

Berlin, 28.—It is reported Bismarck contemplates a radical remodeling of the entire Constitution of the Empire.

Vienna, 28.—In an affray between civilians and soldiers in a tavern yesterday at Esling a suburb of Vienna, forty persons were seriously wounded.

Moscow, 28.—The Imperial rescript issued to-day returns the thanks of the Czar to Grand Duke Michael for his services, and announces his appointment as a member of the Council of Ministers. The rescript also says that the Grand Duke Alexis is appointed Admiral-in-Chief of the Russian navy. The Czar also conferred numerous decorations and presents on distinguished officers of the empire.

A heavy fall of rain last night interfered with the illuminations in honor of the coronation.

The Emperor drove through the streets last evening without escort to view illuminations.

The enthusiasm of the people over the successful coronation ceremonies is unabated. Crowds constantly assembled under the windows of the Kremlin, cheering heartily for the Czar.

Monsieur Von Nutelli, special Nuncio of the Papal court to the coronation, arrived last evening. His arrival was specially timed according to precedent, that he might avoid being present at the religious ceremony of the coronation.

At 10 this morning the Emperor and Empress, seated on thrones in Standerl Hall, began to receive congratulations. The reception of the clergy lasted until noon, after which diplomatic dignitaries, generals and provincial delegates (the last named bringing gifts of native jewelry) were received.

The Court Ball is splendid beyond comparison. The Czar and Czarina participated in the Polonaise.

The imperial crown and mantle and the Emperor's presents are on view in the grand salon.

Cairo, 28.—A committee has been appointed to consider the project of the construction of a railway in Soudan. There are English and American engineers on the committee.

Berne, 28.—Prof. Gabriel Gustav Valentin, the noted German physiologist, is dead.

507 N. Fremont St., Baltimore

During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago it brought on paralysis, which kept me in bed six months, and the best doctors in the city said I could not live. I suffered fearfully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving.
