

THE CALIFORNIA LABOR FEDERATION

Passes Resolutions Criticizing President and Metcalf for Their Attitude.

WERE UNANIMOUSLY ADOPTED

They Declare That State Cannot be Charged With Unjust Discrimination.

Stockton, Cal., Jan. 8.—The California State Federation of Labor today passed resolutions strongly criticizing President Roosevelt and Secy. of Commerce and Labor Metcalf for their attitude in relation to the Japanese, and also pronouncing against the employment of Chinese coolie labor on the Panama canal. The resolutions were passed unanimously, the one referring to the president by a rising vote.

Among the sections adopted were the following:

Resolved, that we insist upon, and shall, to the limit of our powers, maintain our rights, under the Constitution of the United States, and as a matter of practical necessity to the moral and mental well-being of our people to segregate the people in the common schools in such manner as reason and experience shall dictate, and to adopt and enforce such other regulations as may be deemed wise and expedient in the conduct of our educational and other state or municipal affairs; further,

Resolved, that in its treatment of the Japanese and other alien residents within its borders, California cannot justly be charged with unfair discrimination, but on the contrary, is entitled to credit for liberality exceeding that of many other states in the matter of the rights and privileges accorded aliens; further,

Resolved, that we deplore the tenor of President Roosevelt's message in no manner less than that of the Japanese in the common schools of San Francisco, as misleading in its statements of fact, unwarranted in its inferences and conclusions and unworthy of the high office which it emanates; further,

Resolved, that we resent the president's threats of compulsion by armed forces in a matter clearly within the purview of municipal and state authority, as insulting to the state and as an intolerable reflection upon its rights as a sovereign constituent of the United States; further,

Resolved, that the report of Secy. Metcalf is utterly unworthy of credence in any particular, the same being an obviously one-sided and grossly exaggerated presentation of incidents which, so far as they exist at all, bear no significance to the question at issue between the governments of the United States and of Japan, or between the state of California and President Roosevelt.

A STREET BATTLE.

One in Eureka, Cal., Results in One Death, Two Men Fatally Wounded.

Eureka, Cal., Jan. 8.—A. W. Jenks is dead; his brother, S. W. Jenks, is dying, and Jack Hays is probably fatally wounded as a result of a street battle this evening between union and non-union longshoremen.

The two Jenks are non-union longshoremen and Hays is a union man.

The battle is the culmination of trouble which has been brewing here between the non-union and union men for a long time. The millmen were determined to run boats on the "open shop" principle and a short time ago formed a stevedore company to load and unload lumber vessels. The union men refused to work for the new company and non-union men were exclusively employed. Recently a number of the vessels loaded here employed union longshoremen.

At 5:15 this evening union men intercepted non-union longshoremen after they left the wharf. Pistol volleys almost immediately followed. Two non-union men fell. Jack Jenks, shot through the brain, and his brother with four bullet wounds.

The latter, it is said, as he fell, fired and shot Hays through the right lung.

CARMACK ON RACE PROBLEM.

St. Louis, Jan. 8.—In an address at a dinner here tonight United States Senator W. E. Carmack of Tennessee dealt with the race problem.

He declared that there is "enough poison in the fifteenth amendment to the Constitution of the United States to destroy the whole continent."

"We are told that 'revolutions never go backward,' but if the revolution which established enlightened free government upon this continent is not to go backward, we must protect the republic from the corruption of its governing citizenship. It is the duty of every patriotic citizen to look this question squarely in the face and demand that cool reason shall at last have its opportunity to dispassionately review the work of hot blood."

ANTI-AMERICAN BOYCOTTERS.

Their Meetings Have Been Frustrated By the Viceroy of Canton.

Hongkong, Jan. 8.—The second and subsequent meetings of anti-American boycotters were frustrated by the action of the viceroy of Canton, who ordered the apprehension of the leaders. The police have been instructed to destroy all placards bearing on the proposed boycott, and the local newspapers have been prohibited from alluding to the subject.

GOULD, RAMSEY, ELKINS SUED FOR AN ACCOUNTING.

St. Louis, Jan. 8.—Suit for an accounting of funds was filed today in the circuit court by E. D. Fulton, a member of the Little Kanawha syndicate, George J. Gould, Joseph Ramsey, Jr., and Stephen B. Elkins are among the defendants named in the suit which grows out of an \$8,000,000 deal by the syndicate in West Virginia coal lands and in small railroads.

Mr. Fulton asks an accounting of the funds for profits alleged about to be distributed to which he says he is entitled, and for \$103,000 he claims as a balance due on a transaction in coal lands. Fulton names these defendants:

The St. Louis Union Trust company, George J. Gould, Wm. E. Guy, Joseph Ramsey, Jr., John S. Jones, Henry O. Davis and Stephen B. Elkins.

Dec. 2, 1902, Ramsey, Gould and Guy formed an association in the Little Kanawha syndicate. Later Davis, Elkins, Jones and other capitalists were included in his petition. Fulton says the members of the syndicate agreed to spend \$5,000,000 on projects embracing the purchase of coal lands and certain small railroads and that when money was needed the members were to be liable in proportion to their subscription to the stock of the syndicate. Calls were issued at 75 per cent of the \$5,000,000, it is stated, and payments in them were made to the St. Louis Union Trust company.

Fulton further declares after purchase had been made the syndicate sold various properties at an advance and he believes the syndicate and trust company intend to disregard him in making a division of the profits. He asks that Ramsey, Gould and Guy be compelled to disclose the identity of all the other members and to give a full accounting of the syndicate's affairs, and he asks judgment on all the claims set forth in the petition.

EX-GOV. BOIES ON "CURRENCY REFORM."

Chicago, Jan. 9.—A dispatch to the Record Herald from Waterloo, Iowa, says:

Former Gov. Horace Boies addressed the Jackson club on the subject "Currency Reform" last night. He said:

"Our national banking system may have been a necessity of the time when it was conceived. With a naked treasury, a prostrate national credit and an overwhelming public debt, it probably was impossible for the wisest of the statesmen in that hour of financial distress to formulate a better scheme for national relief. But the system long since outlived the necessity that gave it birth."

"Instead of relinquishing its hold upon the finances of the nation, as it ought to have done, it has steadily progressed in the opposite direction until it has removed every safeguard but one that was originally designed for the protection of the public."

"Today it is before Congress with a measure that proposes to remove the last of these safeguards and allow national banks of the country to pour \$250,000,000 of notes to private corporations into the circulating medium of the country without a guarantee of any kind for their redemption other than the personal liability of the issuing corporations, backed by a bare 2 cents deposited with the secretary of the treasury for each dollar so to be issued."

"Instead of an effort on the part of Congress to comply with both the letter and spirit of the Constitution, as interpreted by the highest court of the nation, and supply the country with a currency that is in fact what it purports to be, the effort has steadily been to withdraw, as far as possible, from circulation what little lawful money must necessarily be had, and fill its place with the illegitimate promissory notes of private corporations to circulate as money for the personal gain of individuals instead of the general welfare of the great mass of our people."

PRINCE MICHAEL.

Leader of "The House of Israel" Ordered Deported.

Portland, Me., Jan. 8.—Prince Michael, one of the leaders of a religious sect known in this country as "The New Eve," or "The House of Israel," who accompanied his wife, arrived from Liverpool today, was ordered deported. Customs officials decided that he had violated his parole from the Michigan penitentiary, and that the woman was likely to become a public charge.

Detroit, Mich., Jan. 8.—Prince Michael was convicted here of a statutory offense, a young girl resident of his colony being the principal witness in the case. After his release from Jackson Prison Michael took up his residence at Windsor, Ont. The Detroit police did not know that he had left Windsor. There are still a number of the New Eve sect here.

SPANISH ASSOCIATION LAW.

Madrid, Jan. 9.—A protest endorsed by the Spanish Episcopal against the proposed associations law, has been sent to King Alfonso, by Cardinal Sanchez y Hervas, archbishop of Toledo, and primate of Spain. The cardinal describes the law as notoriously bad and contrary to the laws of the church.

If the law is adopted, he declares, it will lead to cruel conflicts of conscience among the faithful and the clergy, because they could not comply with it without becoming guilty of mortal sin.

HEARST-McCLELLAN ELECTION CASE

A Number of Boxes Containing Ballots Cast for Mayor Cannot be Found.

STORAGES PLACES RAIDED.

Atty.-Gen. Jackson Instituted It—Commissioner Refused to Obey Court's Order.

New York, Jan. 8.—A number of boxes containing ballots cast in the late mayoralty election could not be found up to tonight. Atty. Gen. Jackson, into whose care the ballots were ordered by the supreme court, may bring contempt proceedings against the board of elections unless they are found. The board ordered the ballots stored after the election, and, according to the attorney-general, now refuse to tell where they may be.

Atty. Gen. Jackson, to prevent possible tampering with the Hearst-McClellan ballots, which may be needed by the state in the action to oust Mayor McClellan through a recount, caused raids to be made early today on storage places throughout Greater New York in search for the ballots. This was done in accordance with the supreme court's order. A large number of boxes were found. It was toward night when a hitch developed in Manhattan, and the deputies assigned to the work reported that many boxes stored in that borough could not be located. Late commissioner Dooley was found at the office of Corporation Counsel Ellison and formally served with a copy of Justice Hendrick's order commanding those in custody of the ballot boxes to deliver the same to the attorney-general.

Mr. Jackson says the commissioner refused to obey the court order, and the attorney-general declares the order will have to be respected.

Eugene L. Richards, Jr., of Mayor McClellan's counsel, issued a statement today in which, in reference to the seizure of the ballots, it is declared that the action "adds a chapter to a work which could be properly entitled 'How to Practise Law With Mask and Jimmy.'"

Justice William Gaynor of the supreme court, on application of the Eagle Storage Warehouse company of Brooklyn, issued an order tonight enjoining temporarily the removal of the ballot boxes stored with the company, on the ground that the board of elections is the legal custodian and that the warehouse would be responsible to the commission which stored the boxes there.

DR. HARPER'S PLAN.

Pension System for the University of Chicago.

Chicago, Jan. 9.—University of Chicago authorities yesterday declared the \$3,000,000 pension system to be installed at the university for the benefit of superannuated professors is the fulfillment of a plan made by the late President Wm. Rainey Harper. Dr. Harper worked out a provisional plan and presented it to the trustees shortly before his death.

He hoped to see the system a reality during his administration. It was declared, and when it became known that his disease was incurable, he often expressed confidence that the work would be carried on without him.

They were jailed and will be deported. The Chinamen were prepared for a long journey, having bedding and provisions in the car.
