LATEST THUNDER MOUNTAIN NEWS Recent Developments Insure the Permanency of the District-Seventy Feet of \$12 Ore-Wagon Road to be Com-

pleted Next Summer.

R. W. Purdum of Nampa, Idaho, gen- | Dewey mine are completed and the mill will be taken in next summer, as soon as the wagon road is completed. One eral manager of the Belle of Thunder Mountain mining company stopped over of the objects of Mr. Purdum's visit to between trains yesterday en route to Pittsburg is to arrange for the comple tion of the road. Surveys show that 57 miles are yet to be built, which will Pittsburg, Pa., where he goes to report progress on the famous Idaho camp, be done in sections as soon as the His advices are the very latest and are ther will permit in the spring or early perfectly reliable, inasmuch as the Belle

The cam shaft of the Dewey mine has of Thunder Mountain company is debeen broken and therefore only five veloping the largest property in the disstamps are now dropping on ore. The Belle of Thunder Mountain company is trict; is a close corporation; has inworking a force of 20 men at present who are comfortably housed and provested nearly three-quarters of a million dollars there and has no stock for visioned for eight months. The Dewey is working 30 men and the Fairview 12 sale. The news was brought out Dec. 24, and shows that everything is lookand there are many individual miners mending the winter there opening un ing promising in the district. Mr. Purdum says that the Dewey

their own properties. There are in the town of Roosevelt and the sur-rounding mines in the vicinity of 500 mine has cut the black porphyry ledge men. There is an abundance of pro-visions, the health of the district is at a depth of 300 feet, and has passed through 70 feet of ore which runs \$12 per ton. The Sunnyside, belonging to the Belle of Thunder Mountain com-pany has cut the same ledge with first class and everybody is hopeful. A tri-weekly mail service keeps the camp in touch with the outside world, cabins practically the same amount of ore which also asays \$12. The Dewey eing established every 15 miles along the trail and the carriers who live in them are comfortably housed and well mine after its first rich strike of or provisioned. They travel on snow, last year entered in overflow of por phyry which went as low as \$1.12 per shoes.

ton and passed through 176 feet of it before encountering the ore body above Mr. Purdum, who has been in Idaho many years is a firm believer in the future of the district and says the prinmentioned. The reports brought out by people during the latter part of last cipal companies operating there are in summer, that they couldn't pan gold from the Dewey mine, nor obtain asgood shape financially and will open up some big mines. There is no boom now and none is wanted. Thunder Moun says, were perfectly correct, because the values were not there. Things are tain properties are at a discount in th entirely different now, and Mr. Purdum east, but all mining camps have passed through similar vicissitudes. He prewill carry a message to Mr. Barnsdall, the millionaire oil operator of Pittsdicts that by next spring sufficient de-velopment will have been done to prove burg, who is the principal owned in the mine that its future is assured. Buildintrinsic merit of the district be ings for the fifty stamp mill on the youd question.
