

## FILIPINO'S VOICE HEARD IN CONGRESS

Resident Commissioner de Leon  
Made Protest Against Proposed  
Free Trade With Philippines.

WOULD INJURE THE REVENUES.

Eventually Would Mean Bankruptcy  
Of Insular Government—Also De-  
lay Much Desired Independence.

Washington, April 2.—The voice of the Philippine for the first time was heard today in the legislative halls of Congress. It was rather in protest against the system of free trade, which the Payne bill seeks to establish with the Philippines.

Standing in his place in the house of representatives, Pablo Ocampo de Leon, resident commissioner of that far island possession of the United States, criticized the proposition for free trade because, he said, it would cause a decrease in the revenues of the islands, and act upon the trusts in such a way as to preclude the possibility of independence. Speaking for the Filipinos and voicing their sentiments, Mr. Ocampo de Leon said for such independence.

The system of free trade which the Payne tariff bill seeks to establish between the United States and the Philippines would bring about grave consequences to the Philippine government, according to Pablo Ocampo de Leon, resident commissioner, in a speech on the tariff bill in the house today.

EFFECT OF FREE TRADE.  
"As soon as the measure becomes operative," he said, "it will immediately cause in the first year a decrease in the revenues of about 6,000,000 pesos, from which the Philippine government obtains the greater portion of its income for the support of the administration. This decrease would augment every year as foreign importations gradually

## MARKED FOR THE REAPER

About three years ago Mrs. L. Hetkes of 819 Kirkham street, Oakland, Cal., called at our office with a girl thirteen years old, the latter weak and listless. She stated that she had lost a daughter through kidney disease and the doctors now told her the one was in the same fix and that she could live but a short while.

The mother was nearly distracted. We told her that kidney disease was really inflammation of the kidneys and that it was in fact incurable under the old diuretics, all of which were kidney excitants, but that an excellent forerunner of the new medicine had been discovered and that the child would probably recover. The mother took the treatment with her.

A few months ago Mrs. Hetkes called with a beautiful young girl, who was the very picture of health. She introduced her as the dying patient of three years ago, and told us to refer anybody who had a child in the same fix, to her recovery was complete about the eleventh week.

For the only excellent forerunner of the new medicine, the world has ever known, ask for Fulton's Renal Compound. Literature mailed free.

JOHN J. FULTON CO.,  
211 First St., San Francisco.  
F. J. Hill Drug Co. are our sole local agents. Ask for bimonthly Bulletin of late recoveries.

calls are coming in from every direction and are referred in Mrs. Nathan B. Lewis at headquarters. These queries are for information as to how the campaign launched in Chicago is to be carried out. In several announcements it is said that the campaign is everywhere will be undertaken.

Bundles of petitions have been sent to the following cities: Minneapolis, St. Paul, Indianapolis, Kansas City, St. Louis, Denver, San Francisco, Cleveland, and similar bundles will go to other cities as soon as arrangements can be made. Word has already been received from Detroit that a petition scheme has been started there.

## PETITIONING AGAINST PAYNE TARIFF BILL

Chicago, April 2.—Shopping Chicago has affixed its name to the protest devised by the League of Cook County Women's clubs to prevent the passage of the proposed Payne tariff bill, to the extent of close to 100,000 signatures, with more to follow.

Signatures have been established in many of the large stores and crowds have flocked to them. Extra stations have in some instances been arranged on upper floors to relieve the congestion.

The enthusiasm is not confined to Chicago. Telegrams and long distance

## BECOMING A MOTHER

Thousands of women have found the use of **Mother's Friend** robs confinement of much pain and insures safety to life of mother and child. This liniment is a God-send to women at the critical time. Not only does **Mother's Friend** carry women safely through the perils of child-birth, but it prepares the system for the coming event, relieves "morning sickness," and other discomforts. Book of valuable information mailed free.

THE BRADFIELD REGULATOR CO.,  
Atlanta, Ga.

Is an ordeal which all women approach with dread, for nothing compares to the pain of child-birth. The thought of the suffering in store for her robs the expectant mother of pleasant anticipations.

## STOMACH CENTER OF HUMAN LIFE--ALL ELSE SECONDARY

The success which has followed L. T. Cooper during the past year with his new preparation, Cooper's New Discovery, is unparalleled. Cooper has a novel theory. He believes that the human stomach is directly responsible for most disease. To quote his own words from an interview upon his arrival in an eastern city: "The average man or woman cannot be sick if the stomach is working properly. To be sure, there are diseases of a violent nature, such as cancer, tuberculosis, diabetes, etc., which are organic, and are not traceable to the stomach, but even fever, can, in nine cases out of ten, be traced to something taken into the stomach. All of this half-sick, nervous exhaustion that is now so common, is caused by stomachic conditions, and it is because my remedy will and does regulate the stomach that I am meeting with such success."

"To sum the matter up—a sound digestive apparatus that is doing its full duty, getting every particle of vitality out of all food by transferring it to the bowels in a perfectly digested state—this above all else brings health."

The following unsolicited endorsement comes from J. L. Turk, living at 615 Locust street, Vincennes, Ind.: "Mr. Turk is well known throughout the Ohio and Mississippi valleys. He is now sixty-eight years of age and claims his general health is better than for some time past."

"For several years," says Mr. Turk, "I have suffered from stomach trouble. I was in a badly weakened and run-down condition. After eating I would bloated, and be in pain and distress for several hours. An all-gone feeling would come over me, and I had no energy nor ambition whatever. This condition continued for a long time, although I took treatment from several good physicians, and tried a number of patent remedies, without relief."

"On reading of Mr. Cooper's theory I became convinced that he was right, and procured several bottles of his New Discovery preparation. In order to test his claims, I afforded prompt relief, and when I had taken three bottles, my trouble had disappeared and I was feeling like a different man. To make my restoration sure, I took two more bottles of the New Discovery. It has now been several months since I stopped taking the Cooper medicine, and I have experienced no pain or distress in that time, although I eat anything I wish."

"The medicine also relieved me of chronic constipation and piles, the latter having bothered me for many years. Cooper's New Discovery is a wonderful preparation and I recommend it to any one suffering from stomach trouble."

Cooper's New Discovery is sold by all druggists everywhere. A sample bottle sent free upon request, addressing the Cooper Medicine Company, Dayton, Ohio.

## Soap piles up your household labors—not because of what it does, but because of what it doesn't do

With soap alone home purity depends on your efforts, and not upon its meager help. Mere soap is so powerless and inefficient that it is a wonder any thinking woman would continue to be pestered with it.

GOLD DUST will enable you to do your work without becoming muscle-bound from effort. It is a good, honest, vegetable oil soap, ground fine and blended with other purifying materials; it vigorously and thoroughly cleanses without taxing your strength, and with injury to nothing but dirt.

With GOLD DUST you can and should discard soap from wash tub, dish pan, sink and scrubbing kit.

Don't be a soap-slave. Get wise and get GOLD DUST.

Made by THE N. K. FAIRBANK COMPANY  
Makers of FAIRY SOAP, the oval cake.

IS IN THE VERY BEST HEALTH

King Victor Emmanuel Desires to Meet Him and Would Like Him to Visit Ruins of Messina.

Gibraltar, April 2.—The steamer Hamburg with Theodore Roosevelt and the members of his party on board came into Gibraltar a few minutes before 9 o'clock this morning. After a stay of little more than three hours, the Hamburg sailed for Naples.

Richard L. Sprague, the American consul, and an aide de camp of Gen. Sir Frederick Forestier-Walker, governor of Gibraltar, went out to the Hamburg to welcome the former president of the United States. After an exchange of greetings, Mr. Roosevelt, wearing a frock coat and hat, came down over the side and stepped into a launch sent out by the captain of the port, and was brought ashore.

The party proceeded at once to the residence of Mr. Sprague. At half-past 10 o'clock, Mr. Roosevelt called upon Gen. Forestier-Walker.

The general had invited Mr. Roosevelt to luncheon, as had also Mr. Sprague, but Mr. Roosevelt was not able to accept either of these invitations on account of the short stay here of the Hamburg.

Mr. Roosevelt refused to be photographed, and he declined every request for an interview. The weather is bright and warm, and Mr. Roosevelt appeared to be in the best of health and spirits.

Upon leaving the Hamburg he shook hands with a number of the passengers who cheered him enthusiastically.

It is said today that the Roosevelt party does not intend to go ashore at Naples; that the members will merely transfer themselves and their belongings from the Hamburg to the steamer Admiral. In this event Mr. Roosevelt will not be able to see the Duchess of Aosta at the Italian port.

Mr. Roosevelt visited the second class and steerage quarters of the Hamburg yesterday and was given an enthusiastic reception. He was accompanied by the Italian immigration commissioner on board the vessel.

In the absence of Capt. Bumister, the chief officer of the Hamburg called upon E. A. Powell to present to Mr. Roosevelt an illuminated address prepared by the passengers.

Mr. Powell made a happy speech eulogizing Mr. Roosevelt and wishing him a good voyage and his remarks were received with applause. Mr. Roosevelt answered in a brief and characteristic address.

Later the party repaired to the main saloon, where they were served by the ship's stewards dressed up as Neptunes and other fantastic characters. All the lights had been turned low and the effect was weird. This entertainment was followed by a dance at which Mr. Roosevelt danced with Miss Ruth Draper. Before withdrawing for the night Mr. Roosevelt appeared in the smoking room and chatted with the passengers for 20 minutes.

APRIL FOOL.  
Chicago, April 2.—After hiding in a barrel and tormenting Peter Patterson, a carpenter, by pelting him on the back with small stones, Hubert McLaughlin, an Irish boy, laughing and crying, hid himself from the hiding place and cried, "April fool."

His welcome was a large brick which struck him on the head. Patterson is under arrest charged with assault, and McLaughlin is under the care of a physician.

UNUSUAL MIRAGES.  
San Diego, Cal., April 2.—Mirages on the ocean are occasionally seen here, but those that were witnessed off Point Loma have had no parallel here. One took the form of a vast castle rising from the ocean off Coronado island. It remained visible for several minutes, then it disappeared in a cloud of mist, which soon vanished and in its place was the reflection of what appeared to be a large city. These phenomena were witnessed by a considerable number of tourists who were visiting the Point Loma lighthouse. The day was remarkably clear and bright.

WINTER HOME FOR HARRIMAN.  
Santa Barbara, Cal., April 2.—The Pacific Improvement company has petitioned the city council for the right to construct a power plant at the Hope ranch, four miles west of the city. The company announced its intention of installing a "trackless trolley" system to the ranch.

This is a new Australian invention, never before tried in America. An overhead wire supplies power to a motor, the same as with other trolley cars, but the cars run without a track. It is said a winter home for E. H. Harriman is to be built on the ranch.

MOTHER LEARNED  
WHOLE BIBLE CHAPTER  
Chicago, April 2.—"Learn a whole chapter from the Bible so that you can say it backwards, and I'll give you a dollar, mother," said Edward Field of Austin, recently, when he learned that a ladies aid society arranged an experience social to forward its missionary work.

"Done," said his mother, Mrs. Maria Field. "I'll begin at once, and last night at the social she was the heroine of the hour as she recited verse after verse backward."

SENTENCED TO DEATH.  
Sergt. Cortes and Son Involved in Recent Cuban Revolt.  
New York, April 2.—Sergeant Cortes and his son, who were involved in the recent armed revolt in Cuba have been sentenced to death, according to the Herald's special correspondent in Havana, who cables that he has very reliable information concerning the findings of the court-martial which may be given out officially today. The dispatch adds that President Gomez is not inclined to pardon the rebels. If the sentence is carried out as predicted Cortes and his son will be shot.

REMEMBERED HIS EMPLOYEES.  
Chicago, April 2.—The will of Nelson P. Holden, pioneer shoe merchant, who died 16 days ago, bequeaths the bulk of a \$300,000 estate to a daughter, but 100 beneficiaries are named besides and gifts to these range from \$500 to \$10,000 each. A provision of the will states that all employees whose names have not been especially mentioned shall receive \$100 each.

Requests are also left to relatives and friends and charitable institutions.

Cures baby's croup, mother's daily colds and bruises, infant's sore throat, croup, whooping cough, DeWitt's Electric Oil—the great household remedy.

engaged in earnest conversation with a Moor. Mr. Roosevelt has made himself popular on board the Hamburg by reason of his tact and courtesy. He has spoken pleasantly to all the passengers, including those who are traveling steerage, and whenever he comes within the vision of the third class passengers he is given a loud cheer.

Yesterday, the last day before reaching Gibraltar, the weather was cloudy but the sea was smooth. The passengers got up a series of sporting events, the contests being held on deck. Mr. Roosevelt was umpire. He announced the nature of the contests as they came off and after which presented the prizes. Kenneth Roosevelt, his son, was winner in several of the competitions.

PRESIDENT INCLINES TO FAVOR STAMP DUTIES

Washington, April 2.—President Taft today declined an invitation to attend the annual banquet of the National Association of Manufacturers in New York in May. The president will be in North Carolina May 30. It is explained by E. F. Sullivan, chairman of the executive committee of the association, who called upon him, that his idea of a tariff reform was to have it as a part of one of the government departments here. The president said he did not favor a commission on the tariff in any sense of the word.

A commission of Internal Revenue experts, to the president's cabinet, is desired by the chief executive as to the amount of revenue that was derived during the Spanish war from the various forms of stamp taxation in effect at that time. Rather than a tax should be imposed on tea and coffee, the president believes the stamp tax should be revised, not making it applicable to the extent that it was employed during the war, but the method in many of its phases.

The president received from a delegation of citizens today an invitation to visit the Virginia state fair at Richmond in the west on an extended trip at that time, but if not he might accept. This statement does away with the report that he had abandoned the idea of a western trip this summer.

NO OFFICIAL.

No official reception was accorded to Mr. Roosevelt on his visit here. He informed the governor he was traveling as a private citizen and asked that he be received as such.

On his way back to the Hamburg Mr. Roosevelt made a brief inspection of the naval dock and adjacent workshops. Mr. Roosevelt appeared to enjoy his stop at Gibraltar greatly. He was much interested in the variety of races and crowds represented on the streets of the city and commented on the harmony in which the people lived. While driving along the Moorish market, he turned around to observe a vendor of turkeys.
