Depravity and Disaster.

NEW BRUNSWICK, N. J., 8.—Levi D. Jarrard, missing ex-postmaster and defaulting county collector for $39,000, was captured at Niagara Falls, Ont., yesterday.

Detroit, 1.—At Bay City this morning the bodies of five dead infants were found in a privy vault in the rear of McCormick block. The matter will be thoroughly investigated.

Troy, 1.—The Troy and Boston freight trains collided this morning at Pawnat, Vermont. The locomotive and trains were wrecked. It is reported six men were killed, all employees; one named Sullivan of this city, another named Barrett. The wreck is on fire.

The names of the persons killed in the Pawnat collision are Mark Sutherland and Charles Martin, engineers, Troy; John Barrett, conductor, Troy; H. H. Bruce, operator on the Troy and Greenfield Railroad, State Line. Twelve cars are burned. Engines have been sent to the scene from this city and Hoosic Falls. Johnson, night operator at Petersburg Junction, is blamed for the collision. He had been given orders to hold one train at the Junction, and neglected to transfer his instructions to the day operator, who in his ignorance allowed the train to pass.

Bridgeport, 1.—The Dexter hat factory, Danbury, Conn., burned last evening, with contents. Loss nearly $100,000; partly insured.

Boston, 1.—The *Journal* says Chas. H. Ward & Co., boot and shoe manufacturers of Boston and Brockton, to-day made an assignment to M. F. Dickinson for the benefit of their creditors. Liabilities in the neighborhood of $750,000; assets at present unknown. F. Shaw & Bros owe the firm about $200,000.

Lancaster, 1.—The Lancaster Watch Company suspended to-day, throwing 250 hands out of employment. The suspension was occasioned by the failure of A. Bertner, late manager and principal stockholder of the company. The directors state that the suspension is only temporary.

San Francisco, 1.—B. F. Semig, assistant surgeon U. S. army, was found dead in his room this morning at the Occidental Hotel. Deceased was lying on the bed, with a bottle labeled "poison" at his side. Army officers reject the theory of suicide, and say that death resulted from heart disease. An autopsy will be held. He had a brilliant record; he lost a leg in the Modoc war.

Helena, Mont., 1.—The road agents who stopped the Deer Lodge and Helena coach a few days ago were arrested to-day by a deputy sheriff near Gallatin City, Montana. Part of the stolen property was recovered. The robbers were brought here on this evening's train and lodged in the county jail.

Political.

HARRISBURG, Pa., 1.—The Democratic State Convention assembled at 10.15 and was called to order by Chairman Hensel. The list of delegates was called, and for the first time in many years no contested seats were announced.

The convention is very harmonious, and indications point to the transaction of business with despatch. Robt. E. James, of Northampton is likely to be selected as permanent chairman.

The convention reassembled. Robert James was chosen as permanent president, and secretaries were elected. Upon taking the chair, James paid a high and eloquent tribute to the democratic party, which, he claimed, was instrumental in redeeming the State from the iniquity into which it had fallen for years past.

The usual nominations were made the nominees were presented to the convention, and accepted the nominations in short speeches.

The platform adopted re-affirms the faith of the Democracy of Pennsylvania in the true principles of their party; upholds the sanctity of personal liberty and rights; local self-government; favors genuine, deep reaching civil service reform; advocates such taxation of the people as is requisite for the necessities of the government, economically administered; that import duties should be so adjusted in their application as to prevent unequal burdens, encourage productive industries at home, and afford just compensation to labor, but not to create or foster monopoly; denounces the proposition of the republican party that the people should be taxed to raise surplus funds for the Federal government to distribute among the States; the existing surplus in the Treasury should be applied to the payment of the public debt, and money not needed for the expenses of the Government should remain in the pockets of the people, "To this end we favor the entire abolition of the present system of internal taxation as a measure of relief demanded by the people from unnecessary, unequal burdens."

The platform demands that the government should redeem all expressed or implied obligations as to coinage; insists on the necessity of reserving the public lands for actual settlers; not another acre for corporations. The administration of Gov. Pattison is heartily endorsed. He has vindicated the pledges of reform upon which he was elected; his upright, intelligent, courageous exercise of the executive power deserves the unqualified approbation of his party and the people of the commonwealth.

The platform concludes with a series of ten resolutions, commending the administration of Gov. Pattison to the people of Pennsylvania, endorsing the extra session of the Legislature and the abolition of the number of useless State officers.

After the adoption of the platform the Convention adjourned *sine die*.

Providence, 1.—Annual Convention of Civil Service Reform Association continued in session this morning at Channing Memorial Church, Newport, and was attended by a large concourse of distinguished people.

Rev. Chas. Wendt of the local Reform Association, as pastor of the Channing Memorial Church, opened the proceedings, and gave a hearty welcome to the association Dr. Wm. Curtis then delivered the annual address.

Curtis said the efficiency of the Pendleton bill depended at the beginning wholly upon the good faith of the President. Had he desired to oppose it and defeat its purpose, he had only to appoint an unfriendly Commission; but the selection as the first named Commissioner of the ablest sincerest, and one of the most devoted friends of the reform, Dorman B. Eaton of New York, and the association with him of Dr. Gregory of Illinois and Judge Thomas of Ohio, was a conclusive earnest of the President's desire to give the reformed system fair play. This is the more significant because of the President's previous course and his faith in the spoils system as an essential to effective party organization had excited great apprehension that he would use his vast patronage in a manner to confirm and aggravate the evils of that system. But this apprehension has not been justified.

At a business meeting after the oration, Curtis was unanimously re-elected president.

Hitchcock of St. Louis presented a resolution that in the opinion of the league it is indispensable to the complete reform of the civil service that Congress should repeal the act of May 15th, 1820, and the acts supplementary thereto now embodied as sections 1691, 1834, 2216, 2293, 2613, and 3830 of the revised statutes, by which the tenure of Administrative offices was fixed at four years for the purpose and with the effect of locating Presidential vacancies in said offices, to be filled by the appointive power. The resolution denounces the practice of rotation in office as foreign alike to republican principles and to sound business methods, and advocates as the most urgent step in reform a return to the early practice of the Government, under which fidelity and good behavior of public servants, as in the case of private agents, were made the sole condition of the continuance in their employments.

A resolution was adopted favoring the application of the principles of the Pendleton bill to the civil service of the States and cities of this country. The League resolved to admit to membership all civil service reform associations thus applying, and soon afterwards adjourned.

The Strikers.

DETROIT, 1.—The operators in the Mutual office at Grand Rapids, in obedience to the order of the executive committee of the Brotherhood, left their instruments this morning. The railroad operators, about forty in number, also received orders not to do any commercial work.

Chicago, 1.—The Western Union Company reports two striking operators returned to work here and two at St. Paul; that several have applied by letter for reinstatement.

It is now given out at the strikers' headquarters that the operators on the Gould railroads will be called out within three days.

The first number of a daily paper in the interest of the striking operators will be issued here to morrow.

New York, 1.—The situation of the telegraphic strike is about the same. There are rumors of an important movement soon to occur on the part of the strikers, but nothing can be learned regarding it. Business is apparently going smoothly at the Western Union. All the operators were paid off yesterday, and are at work this morning. Strikers who desire money were paid off by the Brotherhood to-day.

Word was received at police headquarters at noon to-day, that a number of striking operators and linemen had assembled up town and were preventing the linemen belonging to the Department of Charities and Corrections from climbing the poles to repair the wires. A force of police was sent to the scene.

Early this morning the police telegraph circuit, running south from headquarters refused to work. When daylight came, the linemen who were sent out by the department found that not far from headquarters someone had climbed a pole and coiled a piece of heavy wire around forty or fifty wires that run through the street, bunching them all together. All the circuits were thus disabled until the obstruction was removed.

Chicago, 1.—An official of the rolling mills at South Chicago, denies the published statement that the company intends to shut down the works for an indefinite length of time, owing to the strike in progress there. He says work is temporarily suspended there, simply and only because of the strike.

Detroit, 1.—The entire force of 400 men in the Republic mine at Hammolat struck to-day for an advance of wages of 12½ per cent. The president of the company shut down the mine at once and told the men to confer with their executive committee. At 1 o'clock much excitement prevails, but no disorder, and the men express a determination to hold firmly together and compel the company to accede to their demand.

St Louis, 1.—Coopers in nine different shops in North St. Louis struck for higher pay, demanding seven cents for the hooping and ten cents for making full hand-made barrels. They have been getting five and eight cents. About 90 men are out.

General Items.

Paris, 1.—The Chamber of Deputies accepted the Senate amendments to the judicial reform bill.

Dublin, 1.—The case of O. N. Poole, charged with complicity in the murder of Kenny in Seville Place, is remanded until Friday. Queen's counsel said defense would not be in such a hurry for trial if he was aware of the testimony of a witness expected from America. He refused to give the name of the witness or the ship which is bringing him to Ireland, on account of attending perils.

Special measures for the protection of officials in the Park murder case are taken. Threats have been resumed.

Alexandria, 1.—Owing to the prevalence of cholera at Rosetta, railway traffic between that town and Alexandria is suspended.

Port Elizabeth, 1.—The examination of O'Donnel for the murder of James Carey was resumed to-day. The eldest son of Carey deposed that his father and O'Donnel had been on friendly terms throughout the voyage and had often played cards. The case was remanded, to enable the prisoner to call the steward of the steamer *Melrose* as a witness. Mrs Carey says there was an Irishman named Kelly from Wexford on the steamer that her husband was suspicious of somewhat.

Naples, 1.—King Humbert has decided that search for the victims of the earthquake shall continue. Six persons were rescued to-day.

Another shock was felt this afternoon. No damage was done.

Owing to the effluvium from decomposing remains, all but soldiers have ceased searching for bodies.

Berlin, 1.—A head has been placed on the colossal statue of Germania at Budesheim, and its completion is assured in time for the imperial unveiling, September 28.

Officials of German universities are preparing draconian measures against dueling.

Omaha, 1.—About 100 Indians, Sacs, Pottowattomies and Kickapoos, with their families, in wagons, passed through Omaha to-day, en route from their reservation in Northern Kansas, to the Winnebago agency, to visit their Winnebago brethren for a month.

Chicago, 1.—In the matter of the application for a Receiver for the Toledo, Cincinnati & St. Louis Railway, made in the Federal Court yesterday, Judge Drummond to-day appointed Edward Dwight, Gen'l. Manager of the road, to be Receiver. Dwight at once qualified, and has taken possession of the property.

The presidential party left the Galt House in carriages, escorted by a body of police and local military organizations, and moved in the most direct route to the Exposition buildings. There was a perfect ovation the entire distance. The great main building, capable of holding 20,000 people, was filled completely. Prest. Depont, of the Exposition, welcomed the President in a fitting speech. Gen. Arthur gracefully responded and concluded by starting the vast machinery, and pronouncing the Exposition open.

Omaha, 1.—A meeting of prominent citizens was held to-night to make arrangements to give Prest. Arthur a reception on his arrival at Omaha on Saturday, on his way to the Yellowstone National Park. Committees were appointed and other steps taken, and a telegram sent to Prest. Arthur tendering him a reception.

St. Paul, 1.—The members of the Associated Press bound for Yellowstone Park arrived this evening at 6 30, on a special train of Wagner's and dining cars over the royal route. The trip was made in 11½ hours from Chicago, being 20 minutes faster than expected, and the fastest trip ever made between Chicago and St. Paul. The train was in charge of B. B. Hair, Traveling Agent of the Northwestern Railway.

New York, 1.—Ex-President Rutherford B. Hays of Ohio, Howard Potter, Theodore W. Dwight and Morris K. Jessup of New York, Chas. F. Coffin of Richmond, Indiana, Fred. H. Wines of Springfield, Ill., unite in a call for all corporated members of the National Prison Association and others interested in prison reform to meet in Saratoga Sept. 7th, to reorganize the Association and consider such action either of business or for discussion as may then be brought forward.

This is their thirteenth annual convention, and delegates are present from all parts of the country. After assembling the delegates proceeded to the Cathedral, where solemn high mass was celebrated.

Washington, 1.—The *Star* says the accumulations of silver dollars have become so great that it is now quite a serious question how to dispose of them. The last Congress appropriated $700,000 for the purpose of defraying the cost of providing additional storage room, and no places have as yet been selected where the new vaults will be built. The matter will be held in abeyance until the supervising architect can report upon the most available place where there is extra room in the public buildings.

Chicago, 1.—The Congressional Commission, consisting of Senator Dawes of Massachusetts, Logan of Illinois, Cameron of Wisconsin, Morgan of Alabama, and Vest of Missouri, Representatives Haskell of Kansas, and Delegate Maginnis of Montana, charged with investigating the condition of reservation Indians in the Northwest, and reporting to Congress the advisability of opening up to settlement of some portions of the lands now reserved to Indians, met here to-day. It was arranged that the Commission should leave this city on Friday, for St. Paul, proceed from that point to the Crow Agency, thence go to Helena, Montana, where it will divide into sub-committees and visit all the reservations in that section of country.

A singer who fell sick with a wheezin, said her throat was closed that sessin, in a day she could speak, and she said in a week, for St. Jacobs Oil cured by a greasin.
