"I Shot Ryan," Says Mrs. Hodge

Confession and Surrender of Mrs. Hodge at Grand Rapids, Michigan - Will Be Brought Back by Sheriff Emery, Who Was Apprised at Omaha Today of Her Admission-Sheriff Bailey's Good Work.

MRS. HODGE HAD A WOMAN CONFEDERATE: SO SAYS SHERIFF BAILEY TO THE "NEWS."

From Sheriff Bailey of Weber county, to whom is due the entire credit of furnishing the first clue to the probable guilt of Mrs. Hodge, notwithstanding the silly and sensational claims of certain self-praising newspapers, that they are the real Sherlock Holmes article in the case, comes the story that Mrs. Hodge has a confederate in the crime; that the confederate is a woman; that he had in his possession a letter written as long ago as May 26, which will prove that the deed was contemplated at that early date. The letter was to the woman's brother and told that she was about to do something dreadful-something she dared not confess.

The members of the firm of Hooley & Co. had no statement to make up to 11 o'clock. The general belief is that the failure of the firm was due largely to the heavy drop in the prices of Des Moines & Fort Dodge and Evansville & Terre Haute stocks on Saturday. It is authoritatively stated that W. I. Stow had no interest in Evansville & Terre Haute securities of which company E. H. Harriman is the president, and in which his firm is understood to have been largely interested. Last year Mr. Hooley and Mr. Stow bought control of the Des Moines & Fort Dodge property the Des Moines & Fort Dodge proper and at an annual meeting elected the directors representing their interests and last year they elected three more. The lease under which the Rock Island operates the property is still in force. L. B. Rolston of the firm of Turner, Relston & Moran, was made assignce of the firm of E. S. Hooley & Company.

**BIG COLORADO-UTAH MERGER** Movement to Consolidate th. Colorado Fuel and Iron Company and the Utah Fuel Company, which Embraces the Pleasant Valley Coal and Other Companies.

That George Gould's mighty fight during the past year for the control of the Colorado Fuel & Iron company is of more than ordinary import to the people of this state and of the whole west is made evident by a movement well under way to force the consolidation of great Utah properties with it. For instance, it is stated on strong authority, that in the very near future, the Utah Fuel company, organized recently, and embracing the Pleasant Valley Coal and other similar companies, recogpized as appertaining to the Rio Grande, will be merged into and become a part of the Colorado Fuel & Iron company. Detailed information is lacking in this city, but the statement is made on what are in all probability the facts in the case,

It is reported also that the consolidation will be made largely on he recommendation to Mr. Gould of Mr. McClement, who was elected president of the Colorado Fuel & Iron company to succeed J. C. Orgood. It is a matter of railroad and business knowledge that Mr. McClement represents Mr. Gould and that it was the former who inspected the Rio Grande system and advised its purchase by Mr. Gould. Just what the results will be-what the effect will be upon Utah in the event of consolidation is a little too early to anticipate, but that it will be of farreaching consequence is certain. It means that there will be no competition between the two great corporations as al present, notwithstanding they are now both largely controlled by the same financial interests.
