Bank of Nevada Re-opened SAN FRANCISCO, 4.—The Nevada

Bank opened at ten this morning; a crowd was in attendance, but there was no demonstration. The Bank of California is doing business as usual, with no extraordinary call on its resources. Investigation Commenced

The Court of Inquiry in the Spaulding - Pinney case, convened at Mare Island to-day, and decided to hold sessions with closed doors, owing to the fact that the evidence will involve a number of leading mercantile and financial houses and might, in the present candi-tion of affairs, cause serious embar-racements. Paymaster Spaulding asks the closest scrutiny of his offi-cial conduct.

Review of the Grain Trade

LONDON, 4.—The Mark Lane Ex-press, in a review of the corn trade for the past week, says, "The late heavy rains, strong breezes, and re-duced temperature have brought a wide extent of land into readiness for the plough, and the opportunity has been freely used here and in Belgium; we trust the autumnal sowings will have a better result than in 1874. The downward ten-dency seems to have stopped, the country markets are firm, and in some places the prices have ad-vanced one shilling. Wheat is higher at Dantzig, and the German markets are dearer; in Hungary firm-ness is maintained, and the winter clesing of the Baltic may further enhance values.
