

## WHEAT FAILURE WORST YET KNOWN

Crop Expert Declares the Situation a National Calamity.

TWO-THIRDS OF CROP GONE.

Dakota Wheat Fields Being Plowed Up—Loss in Three States is 150,000,000 Bushels.

[Early Dispatches.]  
Chicago, June 22.—The Times-Herald tomorrow will publish a crop report prepared by Snow, the crop expert, who has just completed a two weeks' tour through the States of Minnesota, North Dakota and South Dakota. He declares the situation a national calamity, and claims the wheat failure the worst ever known.

He estimates the Dakotas are promising only 20,000,000 bushels each, and Minnesota about 35,000,000, a total of 55,000,000, against 200,000,000 last year, and 250,000,000 in 1898.

Duluth, Minn., June 22.—Oliver Dalrymple, the big wheat-grower of North Dakota, writes his director here as follows: "Ten days ago I wrote you one-third of the spring wheat crop had been killed by drought. I now am of the opinion that two-thirds of the crop is ruined beyond redemption. The grain in the fields is a mass of dead stalks, and nearly all spring wheat farmers will be ploughing under wheat next week unless heavy rains come."

New Guns at San Diego.

San Diego, Cal., June 22.—Captain J. J. Meyer has been directed by the war department to have plans drawn for a battery of two 3-inch guns to be located on North Island at the entrance to San Diego harbor. The guns will not only command the entrance to the harbor, but will be able to destroy any small craft that might steal up under the big guns of Fort Rosecrans.

Located directly across the channel, these guns cannot be depressed sufficiently to hit a ship at close range, and the 3-inch guns will be put in to solve this problem.

SHORT CUT FOR MISSOURI.

Farmers Change the River's Course by Sharp Work.

Chicago, June 22.—A special to the Record from Sioux City, Iowa, says: "When the sheriff of Dakota county, Neb., was apprised of the work of the thirty-two South Dakota farmers in digging a channel across Klinger's neck to make a short cut for the tortuous Missouri river, he immediately dispatched a posse of deputies to stop the unlawful work. Among the members of the posse are bankers and prominent business men. They went fully armed as it was expected a determined resistance would be made, but they arrived too late. The last farmer, with wheelbarrow and shovel, had already crossed into South Dakota before the posse came in sight. When the posse arrived they found the swift current of the river fast eating a wider and deeper channel across the neck through the brush and trees. It is only a question of a few hours when the channel of the big river will be unalterably changed and the farms on the fertile peninsula will be a part of the domain of South Dakota."

WHAT'S THE MATTER NOW?

Cable Messages of Foreign Governments to St. Helena Prohibited.

Great Britain Fears or Has Actual Trouble Where Cronje and the Boer Prisoners Are.

New York, June 22.—The Commercial Cable Company has issued the following notice:

"We are advised that the government of Her Britannic Majesty has found it necessary by virtue of article VIII of the international convention, to suspend the transmission at St. Helena of cable or other messages, whether emanating from foreign governments or private persons to or from the island. Messages in plain language will be subject to a censorship and will only be accepted at the sender's risk."

Ordered to Asiatic Station.

New York, June 22.—Commander Daniel Delahanty has been ordered to duty on the Asiatic station, sailing from San Francisco on the steamer leaving that port on July 10, according to a dispatch from the Washington correspondent of the Herald. These orders are in anticipation of the expiration on June 30, of the leave granted the commander, and mean that he will have to leave his position as governor of the British Ensign Harbor, New Brighton, S. I.

Railway Master Mechanics.

Rarotonga, N. Y., June 22.—At today's session of the thirty-third annual convention of the American railway master mechanics' association there were discussions on the relative merits of iron and steel for motive power; statistics on the use of iron and steel on the various lines; and on the subject of the building and maintenance of locomotives. The reports of the various committees were submitted.

Cable in Lake Michigan.

St. Ignace, Mich., June 22.—A cable was successfully laid between this point and Mackinac Island today by the Michigan Telephone Company and speaking communication can now be had with the island for the first time. Various cities east and west were spoken with this afternoon. Several of the company's officials were here and celebrated the day's event with a banquet at the Grand hotel.

Cowan Will Go to Cuba.

Munroe, Ind., June 22.—Boss P. Cowan, president of the Neely Printing Co., today, in discussing the report that he will likely be taken to Cuba to explain about the shipment of printed matter from his office to Neely in Cuba, said he assumed the firm name of the company, instead of the name of the Neely Printing company, declined to give any reason for making the shipments in that manner. He stated that extradition papers will not be necessary to get him to Cuba.

## ANOTHER WORLD'S RECORD BREAKER

Chapman and Lawson, Tandem, Did It Last Night.

COMPETITION MILE IN 1:50.

Singular Mix Up in the Mile Open, Amateur—An Evening of Grand Sport—Notes.

The Salt Palace management presented an exceptionally fine card at the saucer track last night, and the large crowd present was delighted with the sport.

The event of the night was undoubtedly the one mile tandem handicap for professionals. In this, Iver Lawson and Chapman, starting from the scratch, at once commenced spurring. They soon commenced to over haul the hand-leap men, and although Turville and Vaughn made a desperate struggle, the scratch men went past them out in the fourth. The audience was wrought up to the highest pitch of excitement, and cheered lustily as Lawson and Chapman flashed around the track, riding high up until they were in the lead. They made the mile in 1:50, breaking the world's indoor record of 1:51, made by the Butler brothers at Charles River Park, Boston, in 1897.

A two foot board path has been laid inside the track to facilitate the starting of handicap men, who have heretofore found it very difficult to climb up on the boards from the dirt. It was quite a help, but in spite of it, Turville and Vaughn got a wretched start. Had not Big Bill taken his foot from the pedal and balanced the wheel along until they got up speed, they would have been out of it altogether. They made a fine race at that, coming in second and fourth.

John Lawson, "the Terrible Swede," rode with "the Kid," Gusie Lawson, but were not in it. Emery and Chaffee took third money, while Ensign and May were fourth.

The victors were given an ovation after the race, and for a few minutes Salt Lake realized that it is witnessing here each week the finest bicycle racing in the world.

HALF MILE AMATEUR.

Eighteen men started in the half mile amateur and it took three qualifying heats. A. W. Smith took the first heat handsily in 1:03, Lucas second, Hodgert third. King of Los Angeles was in this heat. In the second heat, Lucas, second and Samuelson third. In the third heat Williams won in 1:04, Becker second and Bainbridge third. The riders came near having a mix up in this heat. Sid Morris, who was riding in with the bunch, was run into and his wheel knocked out of shape. He saved a fall, however, and while the accident jarred the nerves of several of the boys, no one was hurt.

On the first seven men started Smith winning out in a close finish with Lucas and King just behind him Time, 1:05.

HALF MILE PROFESSIONAL.

With no limit on the number of riders, the management put a time limit of 1:40 on the qualifying heats for the half mile professional. In consequence of this the first trial had to be run over, Iver Lawson winning, with Gus Lawson second and Chaffee third. Chapman took the second heat with Turville second and Vaughn third.

In the final, Chapman won out—not easily by any means—with Iver Lawson second, Gus Lawson third and Turville fourth.

ONE MILE AMATEUR.

The one mile open amateur brought all the boys out and was run off in four heats, eighteen men competing. Meakin took this heat in 2:20, with Samuelson second and Smith third. Bainbridge came in first in the second heat, with Morris second and Beck third. O'Connor, who started in this heat, fell at the first turn and was out although not hurt.

King, the speedy Los Angeles boy, won the third heat in 2:25, pretty race, with Francis second and Hodgert third. When the men lined up for the final, there were eight men facing the tape, and one man had to be started behind the row. The men rode in a bunch all the way, and it was with the greatest difficulty that an accident was avoided. All things considered, Meakin rode a magnificent race. Twice he was bumped into by the crowd, and once, though he would be lifted out of the saddle. Under such conditions as these, a satisfactory race was out of the question. The men came in for the final in the following order: Meakin, Bainbridge, Meakin, Francis, Smith, O'Connor, Francis, Meakin.

Meakin threaded his way out of the mass of wheels and passed him with a fine sprint, but the effort was too much for him, and on the stretch he was caught by Francis, and once, though he had no business in the race, however, not having qualified, and his appearance was due to a mistake. Smith led himself out on the stretch and beat Meakin by half a wheel, winning hearty congratulations for his speed and head work in a very difficult and unsatisfactory race. King took third place, Hodgert being ignored. Time, 2:21.

WHEEL NOTES.

Gusie Lawson, the 17-year-old boy, has made a hit with the crowd. He is speedy enough to ride with the best of them, and uses his head as well as his feet. The way the glued onto Brother Iver's wheel last night was a caution.

John Lawson is as popular as ever with the crowd, but he was not in it last night.

Big Bill Vaughn proved last night that he is a dangerous competitor. He rode well up to the front in every event he entered for.

King, the Los Angeles boy, is riding better all the time.

The public would like to see a race between A. W. Smith and Fred Meakin. It would arouse about as much interest as any contest that could be arranged.

Meakin is doing as fair and plucky work as has ever been seen on this track. He wins a little too often to suit some of the fellows who get in by climbing over the fence and who have about as much idea of square sport as a Hottentot.

On the Diamond.

The game between the Bankers and the City and County team is off. An agreement was made to play only men employed at the bank and at the joint building and the line up was announced. Now, however, the city and county team wishes to put in some outside men, one of them being Lee Nicholson, who is in the L. D. S. college team, and a remarkably fine player. The bankers wouldn't stand this sort of work, so the contest is off for the present.

The Short Lines and Ogden will play at Walker's field this afternoon. Game will be called at 3:30.

There will be a practice game of cricket at the new grounds this afternoon.

## THE WHOLE SYSTEM May Become Invaded by Catarrh— General Lewis' Case.

Hon. James Lewis, Surveyor General of Louisiana.

Per-una Drug Mfg Co., Columbus, O.: "Gentlemen—I have used Per-una for a short time and can cheerfully recommend it as being all you represent and wish every man who is suffering with catarrh could know of its great value. Should I at any future time have occasion to recommend a treatment of your kind, rest assured that yours will be the one, James Lewis."

Wherever the catarrh is, there is sure to be a waste of mucus. The mucus is as precious as blood. It is blood, in fact. It is blood plasma—blood with the corpuscles removed. To stop this waste, you must stop this catarrh. A course of treatment with Per-una never fails to do this.

Send for free catarrh book. Address The Per-una Drug Manufacturing Co., Columbus, O.

IT WAS RANK.

Phillies, After Being Outplayed, Resort to Trickery.

Philadelphia, June 22.—Today's game between Philadelphia and Brooklyn developed into a farce and culminated in a forfeiture against the locals. During the progress of the game Philadelphia utilized four pitchers and Brooklyn played three men on the mound. In the ninth inning Kitson, who had been substituted for McGinnity in the eighth, was batted freely by Philadelphia, who tied the score, in the tenth inning neither side scored, but when Brooklyn went to bat in the eleventh they made three tallies before two men were out. Then the home team began to delay the game by sending men to bases on balls and refusing to put them out when the opportunity offered. Umpire Oday then gave the game to Brooklyn, 9 to 0. Attendance, 4,682.

SCORE.

	R.	H.	E.
Brooklyn	29	22	2
Philadelphia	13	19	4

McGinnity, Kitson, Howell and Farrell; Bernhard, Platt, Donahue, Connell and McFarland.

Chicago, 7; Cincinnati, 4.

Chicago, June 22.—Chicago batted out a victory today, hitting Newton hard throughout the game. Cincinnati's hitting was confined to two innings. Attendance, 600.

SCORE.

	R.	H.	E.
Chicago	7	12	2
Cincinnati	4	9	2

Callahan and Donahue; Newton and Peitz.

Boston, 6; New York, 2.

New York, June 22.—The New Yorks lost another game to the Boston because of weak batting. Willis being very effective with the exception of the fifth and seventh innings. Mercer was an easy mark for Boston throughout. Attendance, 2,000.

SCORE.

	R.	H.	E.
New York	2	9	3
Boston	6	14	2

Mercer and Warner; Willis and Sullivan.

At Detroit—Detroit 6, Indianapolis 5.

At Minneapolis—Minneapolis 3, Milwaukee 5.

At Cleveland—Cleveland 10, Buffalo 9.

Against Sunday Games.

A White Plains, N. Y., dispatch says: Deputy Sheriff Frank Jarvis, in charge of a posse of twenty deputy sheriffs, went this afternoon to Elmford, three miles west of this village, on complaint of the residents of that place and put a stop to Sunday baseball playing. The Elmford ball grounds are directly opposite the Greenburg Reformed church. Yesterday a number of citizens, headed by the Rev. George W. Goebel, pastor of the Reformed church, appealed to Sheriff William W. Molloy to break up ball playing at Elmford on Sundays. When Deputy Jarvis walked on the ball field today a club from New York and a local team were about to engage in play. There was a long discussion, but when the word was passed around that a large posse of deputies were in hiding in the woods near the grounds the young men picked up their bats and left.

Results at Denver.

Denver, June 22.—Results at Overland park:

First race, pacing—Winifred Stratton won in two straight heats. Time, 2:23, 2:24. Belva A. and Helen War also started.

Second race, trotting—Emma Foote won third, fourth and fifth heats and race. Time, 2:18, 2:21, 2:24. Granite won first and second heats, but was distanced in the fourth. Teller, Herbert C. and Evadne also started.

Third race, four and a half furlongs—Flying Bird won, Tiny P. second, La Fontera third. Time, 55, 56 seconds.

Fourth race, six furlongs—Panamint won, Plymouth second, Fly Lotta third. Time, 1:16.

Fifth race, six furlongs—Terrene won, Mount Queen second, Gloja third. Time, 1:16, 4.

THE AMERICAN DERBY.

Great Race to be Seen at Chicago Today.

The American derby will be run at Washington Park, Chicago, this afternoon on a heavy track, materially increasing the chances of the favorite, Lieut. Gibson, relatively to the other starters. Turf critics agree that the son of C. W. Johnson can go in the mud which is more than is known of his two principal rivals, Advance Guard and Sam Phillips. The threatened interruption of betting by the city authorities is now regarded as off for the bookmakers are making preparations to cut in on the regular way. Despite the fact that Lieut. Gibson was an 8 to 5 favorite last night, and is likely to be at a shorter price at the track, many turfmen still think that Sam Phillips has a chance to beat him despite the track conditions. It is significant, however, that the heavy betters and those generally called "wise" around a track are betting and betting heavily on the favorite.

Several owners will not announce their intentions of starting until the last moment, but the field is not likely to number over seven, possibly eight. The value of the race to the winners with seven starters, is over \$100,000. Lieutenant Gibson, 8 to 5 in sporting resorts this morning.

Sam Phillips, 4 to 1.

Burrack, 15 to 1.

Norford, 20 to 1.

Sidney Lucas, 20 to 1.

In addition to the above, it is probable that James at 8 to 1 and Advance Guard at 5 to 1, will start. All Gold, Yellow Tail and Silvergarter are doubtful. The value of the race to the winners with seven starters, is over \$100,000. The record for the American Derby is 2:26.

Moffatt and Neill Matched.

A San Francisco dispatch today says: Al Neill and Jack Moffatt have been matched for a return bout of twenty rounds on July 17th, under the auspices of the National Athletic club of this city. Neill conceded all the conditions named by Moffatt, who is to receive eighty per cent of the fighter's share of the receipts if he wins and fifty per cent if he loses.

Relay and Bicycle Races.

Philadelphia, June 22.—Much interest was evinced today in the relay and bicycle races, individual apparatus work and field sports of the American Turner Bund. Only two bicycle races were finished, owing to the lack of starters in the other events. The one mile and five mile races were won by A. R. Evans, of Chicago, finishing the first in 2:58.45 and the second in 15:03.45.

The 600 yards relay race was won by the North St. Louis team in 67.15 seconds. The fencing bouts were concluded today.

In the foil yesterday Carl Walcott, of Chicago, is conceded to have won first place, although the judges have not yet figured out the per centages. In the broad sword contests, I. W. Groiner, of Chicago, and Carl Walcott, the former secured 14 out of 18 points, and the latter was second with ten points.

Individual work on the horizontal and parallel bars, the side and long horizontals, was the subject of competition this afternoon.

LIVELY LIVERS.

Perfect Purification of the Only Life Prolonger.

Keep the Sewerage System Open If You Want to Enjoy Many Years of Health and Happiness. The Advice of Reason.

The liver is the biggest organ in the human body, and has lots of work to do. It passes judgment on the food we eat, separating the useful from the useless. All food must pass the liver. All food must go in this way, and if the liver is lazy and doesn't attend to its duties all the other organs suffer.

It is just like stopping the engine in a factory. All the rest of the machines are thrown out of work until it starts up again.

Another duty of the liver is to take the bile out of the blood and send it into the bowels where it acts as a sort of lubricant and helps the undigested matter out of the body.

If the liver does not act properly, the bile goes wrong, remains in the blood, makes yellow-green complexion, "liver spots," and causes all kinds of aches, pains and sickness.

The liver must be kept lively and attending to its duties, and the safest, surest, simplest way is to use Cascarets Candy Cathartic. Cascarets bears the name of the taste, stomachic in form, antiseptic, and a fine stomach tonic. They purify the blood, rid the grip and grip, and do their work mildly but positively.

Buy and try Cascarets today. You'll find that it's what they do, not what we say they'll do, that proves their merit. All druggists, 10c, 25c, 50c, or by mail for price. Send for booklet and free sample. Address Sterling Remedy Co., Chicago, Montreal, Can., or New York.

This is the CASCARET tablet. Every tablet of the only genuine Cascarets bears the name of the taste, stomachic in form, antiseptic, and a fine stomach tonic. They purify the blood, rid the grip and grip, and do their work mildly but positively.

"CCC" Look at the tablet before you buy, and beware of frauds, imitations and substitutes.
