

and found, after two hours' search, that Mary Jane Sullivan the white mistress of Jas. Jackson, a colored whitewasher residing at 573 Thompson St., known as Nigger Alley, dead on the bed with a broken axe handle near. Her body, cut and bruised in several places, had been washed. In the room with the corpse were Lottie Armstrong and Kate Jackson, white women, the latter a former mistress of Jackson. They were arrested, but pretend to know nothing of the murder or washing of the body. Jackson had evidently fled, as his bank book was missing, and there were a number of papers and a clock and some pictures taken away. There is no possibility of connecting the blood in Sullivan St., with the dead woman, as the places are over two blocks apart, and deceased bears no traces of being cut by a sharp instrument, and it is supposed that another murder has been committed and the body concealed.

NEW YORK.—The striking gasmen of Brooklyn are still upon the streets, and they are beginning to think that the company will not reinstate them on any terms. A. Baker, of Warren, was found dead this a.m., shot through the heart, at a house near Warren. About 2 a.m. an unmarried woman named Mink called at a neighboring house, declaring that Doctor Baker had shot her, but as there were no wounds, she was supposed to be delirious. Soon after daylight Dr. Baker's carriage was discovered at the woman's house, and the neighbors on entering found the Doctor's dead body.

YREKA, 18.—J. W. Dolen arrived to-day, from Hot Springs Valley, via Burgotville, having left the former place on Tuesday last. The Pit River Indians, to the number of about 300 warriors, had gathered together, and were in council, having been called there by the old head chief Dick, who is peaceably inclined and friendly toward the white settlers, and they have every confidence in him. He was anxious that the Pit Rivers should all move to the east side of Pit River, where he said they would not be blamed for depredations committed north or west of them. He told the whites he did not know what the result of the council would be, but some of the Indians, headed by Old Shavehead, wanted to fight, and talked of putting him down and making some one else chief. Should they do so, the settlers might know that trouble was intended. Old Shavehead came there some time ago, and went off. Some think he has been up to the lava beds, holding a conference with Captain Jack. Mr. Dolen says the settlers are not apprehensive of any serious trouble, but the collecting together of such a band at this time looks suspicious.

YREKA, 18, Camp south of Tule Lake, 15, 10 p.m.—The report was confirmed that the Indians have secured a strong position and intend to give battle, and that they had cattle in their army; but news was signalled to Bayles' camp this p.m., to the effect that they had again escaped, and taken three different trails. The commands of Mason and Hasbrouck are in pursuit.

May 16, 2 p.m.—The latest news is that the Modocs are now encamped in the Snow Mountains, twenty miles south of Sorass or Dry Lake. Hasbrouck has started in that direction. Mason remains in the Lava Beds. Perry's command is circling around the southern borders.

SACRAMENTO, 17.—Gov. Booth has ordered seventy-five stand of arms to be supplied to the settlers of Scott Valley, to protect themselves against Indian depredations.

SAN DIEGO, 17.—The county jail is empty for the first time since its construction.

The Arizona Citizen of May 10th, says that D troop, 1st cavalry, by command of Gen. Schofield, has been ordered to California to engage in the Modoc war.

CHICAGO, 19.—A Washington special says the arrival here of the survivors of the *Polaris* disaster looked for with much interest, because it is expected they will be able to settle the question whether there was insubordination and mutiny on board the ship prior to, as well as after, the death of Capt. Hall. The stories and explanations already published are far from satisfactory to the navy department, and it is the purpose of the secretary to put the survivors through a sharp examination. All naval officers are of opinion that there may have been something

like insubordination among the crew, though the letter of instructions addressed by Secretary Robeson to Captain Hall, stated that the rules and regulations of the navy should be enforced on the *Polaris*; the crew, however, was not regularly in the naval service, and of course could not be subjected to the punishment visited upon refractory sailors in the navy. It is the opinion of the Secretary of the Navy that the *Polaris* is safe, and that she will be heard from toward the close of the summer.

FOREIGN.

ROME.—The Pope is very feeble; yesterday he had a fainting fit which lasted an hour, and to-day his condition is rather worse, showing excessive exhaustion. This is his eighty-first birthday. His Holiness was unable to give audience to deputations, which called at the Vatican to tender their congratulations.

LONDON.—Rev. Thos. Robinson, the eminent English divine, canon of Rochester and the author of several theological works, is dead, eighty-two years of age.

LONDON, 14.—A dispatch from Calcutta, yesterday, says the Russian expeditionary force has occupied Oarghery, a village of the Rhine. The same dispatch reports that Abdool Rahman has been sumo to St. Petersburg.

The voting throughout Spain on Saturday and Sunday, for deputies to the constituent Cortes, resulted in the election of three hundred and ten ministerial federalists, thirty extreme radicals, eight internationalists, ten independent republicans, and thirty monarchists.

ST. PETERSBURG.—Despatches from Kasalinsk bring intelligence that detachments and reconnoitering parties from the Russian expedition report that the Khivans are throwing up entrenchments at Klyteh and Dun Kara; they are also sending out vanguards to meet the Russians at Minbalak. There has been an engagement at Iyda, between the Russians and a few Turcomans, in which the latter were defeated. Twenty-two of the Turcomans were killed and one thousand of their camels captured by the Russians.

THE WHEELER EXPEDITION.—The Denver Tribune has the following.

U. S. ENGINEER OFFICE,
(Explorations West of the 100th Meridian)
WASHINGTON, D. C., May 6, 1873.
To the Editor of the Tribune:

DEAR SIR:—Wheeler's Expedition will take the field about June 1st, fitting out at Denver. We shall need a number of cooks, packers, drivers, guides, carbagadores, &c., and you will do us a favor by giving publicity to our wants through your paper. An agent of the Expedition will be in Denver about May 20th to make engagements.
Yours Truly,
G. M. LOCKWOOD.

It is understood that the expedition is to number nearly 200 persons, and to be engaged in an extensive survey of portions of Arizona and Nevada.

How is It?—The N. Y. Graphic thus puts the Indian question—

Brigham Young offers a perplexing Indian problem to the United States authorities. Twenty-five years ago he settled down in peace, with a colony of one hundred and forty souls, amid as many thousands of savages. Now, it is problematical whether five thousand boys in blue can catch fifty bare-legged Modocs. Brigham wants to know how we, with forty million population and an advanced civilization, account for it. The conundrum belongs to the Indian Commissioners, and it would not be polite to anticipate their answer.

The conundrum has a far wider scope than to concern only the Indian Commissioners.

RECLAIMING THE DESERTS.—The U. S. Government, says an exchange, under authority of a special act of the late Congress, has directed the equipment of a scientific board, with a view to making a thorough investigation into the more desert portions of Southern California and Sonora, in the hope of arriving at some practicable plans to redeem and make abundantly fertile those arid districts.

The Utah settlers first showed how the deserts of the Great Basin could be redeemed. Agriculturally, for most of the soil, the chief thing required is a judicious application of water. Secure that, and millions of acres, now barren, will become prolifically productive.

HOME MISSIONARY APPOINTMENTS.—The following list of appointments is republished on account of several alterations having been made in it:

SOUTH COTTONWOOD (Rollin's Ward), May 25th, Isaac Groo and John Needham.

WEST JORDAN, May 25th, Elders G. Swan and J. Nicholson.

SUGAR HOUSE, May 25th, Elders Milo Andrus, David Candland and J. P. Freeze.

LEHI, by invitation of President A. O. Smoot, May 24th and 25th, Elders L. D. Young, R. Miller, W. G. Young, R. F. Neslen, G. Teasdale, and Isaac Groo.

MILL CREEK, Saturday May 31st and Sunday June 1st, all the members of the Salt Lake County Missionary Quorum are expected to attend.

BOUNTIFUL, June 8, Elders J. Nicholson and S. W. Sears.

It is not intended that these meetings shall interfere with the Sunday Schools.

The Elders above named are requested to be punctual in filling their appointments, and those unable to do so will please to give notice in time to admit of their places being filled.

Saints from adjoining wards and districts, are cordially invited to attend.

In consequence of the meetings appointed to be held at Lehi, those previously announced for Draperville, May 25th, are postponed.

DIED.

At Parowan, April 21st, Dr. CALVIN CRANE PENDLETON, of intermittent fever.

Deceased was born in the town of Hope, Waldo County, Maine, Aug. 25, 1811. Some twenty years after, emigrated to Ohio, where he studied medicine; June 10, 1838, he became a member of the Church of Jesus Christ of Latter-day Saints; after removed to Nauvoo; from there went on a mission through the New England States; returned, and after was set apart to nurse the sick in Nauvoo; in 1846 left with the Saints for the far west; came to S. L. City in 1852; by request of President G. A. Smith proceeded to Iron County and became one of the Parowan mission; soon after was chosen first counselor to the President of that Stake of Zion; also was chosen President of the High Priests' Quorum of Parowan Ward, which offices he held on the day of his death. He was a wise counselor, a sound Latter-day Saint, faithful to the gospel and to his friends. He leaves a large family and many friends. Wm. H. DAME.

At his residence, in the 10th Ward, Salt Lake City, May 15th, at 11:32 a.m., of capillary bronchitis, JAMES HEDGER, aged 67 years.

At Spring City, Sanpete County, April 15th, of spotted fever, JOHN LORENZO, son of Elezer and Mary Caroline King, aged 9 years.

At Spring City, Sanpete County, May 10th, of heart disease, ANN HOLDER, late of Crofton, near Wakefield, England, aged 72 years.

Mill. Star, please copy.

At Logan City, April 28th, of inflammation of the lungs and bowels, after eight days' illness, CLARISSA E., wife of J. E. Foster and daughter of N. W. and A. A. Birdno.

She was born November 27, 1848, in Mills County, Iowa, emigrated in 1859, was baptized on the plains in the same year. She lived and died true to the faith of the gospel. She leaves a husband and two small children and a wide circle of friends to mourn her loss.—COM.

NOT FOUND.—Physicians and thousands of distinguished persons, who have, in their homes, for the last seven years used Dr. Price's Cream Baking Powder and Special Flavorings, Ginger, Almon, Lemon, etc., have found no hurtful substances in their composition. Parties using them can depend upon obtaining just what they wish, and are surprised, on the first trial to find how vastly superior they are to other kinds previously used. Pay a few cents more to obtain such genuine articles as Dr. Price's have proved to be.

TO THE AFFLICTED.—Thomas Jefferis, Magnetic and Homoeopathic physician, Dimand City, Tintic, places his advertisement in our columns. He has formerly resided at Council Bluffs, where his practice was very extensive. Being engaged in mining interest in this Territory, he will be pleased to spend his spare time in administering to those who may need his services.

SUPERB ESTEY ORGANS!

What Prof. CHARLES J. THOMAS says:
S. L. CITY, U. T., April 5, '73.
Mr. C. W. Stayner:—Having an experience of 31 years as a musician, a great share of which time I have been leader of Orchestras and Choirs in Europe and America, and being solicited by you to pass my judgment on the "Estey Organs" for which you are agent, and having tried and examined them thoroughly, I confidently recommend them to the citizens of this Territory for their superior tone, —the Vox Jubilante being a fine imitation of the pipe organ,—their nice smooth action and delicate touch, excellence of workmanship in their construction and their general reliability, making them all that can be desired in organs either for church or parlor.

Yours respectfully,
C. J. THOMAS,
Conductor of Theatrical Orchestra.
