TONOPAH-UTAH STRIKE.

Message Conveying Information of New One Received Today.

A telegram received by a local official of the Tonopah-Utah Mining company, operating near Tonopah, conveyed the information of what appears to be information of what appears to be the most important strike in the history of that property, had just been made and that samples were now being as-sayed in Tonopah. W. H. Irvine, to whom the message was sent, said this was all the news he had concerning the new find, but he torough it actually must be of consid.

thought it certainly must be of consid-erable consequence. The message came from J. L. Justice, the superintendent of the property.

## Miners Became Frightened

On account of mysterious noises and explosions taking place below the 1,800that the Crown Fornt Consolidated Min-sxplositons taking place below the 1,800-foot level of the Frisco mine at Gem, Ida., yesterday 700 miners guit work and the property free and clear, covered by United States patents, together with the concentrat-ing mill and machinery and hoisting plant and machinery and to prosecute further development."

first class ore are being loaded Bingham and there is enough mined and ready for shipment to make up a consignment of seven or eight cars; these will be forwarded as rapidly as possible. The entire lot will aggregate Broker Ed Sheets departed last night for a hunting trip to the Jackson's Hole country in Wyoming. for the Majestic properties in Beaver county again last night. \$3,500. In addition to this there is no less than 800 tons of second class ore in the bins and broken which, after being milled, will net the company at The tunnel being driven on the Mc-Kinnon property near Silver City, Ida., is completed to the length of over 100 least \$5 per ton, Manager Jacobs has arranged to have

entry on the property for the purpose of foreclosure on account of the non-payment of interest.

the property was valuable and could be made profitable if further developed.

poses to form a new company under Maine or Massachusetts laws, to be named Crown Point Consolidated Min-

ing company, with a new management and a capitalization of 400,000 shares of

a par value of \$1 each. Of this amount 100,000 shares are to be taken by the bondholders at 50 cents per share in ex-change for the bonds of the Shawmut Mining company, 117,000 shares are to semala

remain in the treasury, and 183,000 shares, which represents the total num-ber of shares of the Shawmut Mining company outstanding, are to be offer-ed to the Shawmut stockholders at 50

The following nine months were

this second class ore treated at the Dewey mill and as soon as the first Owing to an accident to the United States tramway at Bingham, ores have been coming down over the Copper Belt class is out of the way teams will beclass is out of the way teams will be-gin making deliveries. It has long been conceded that the Butler-Liberal is a mine of more than ordinary merit and the showing new being made certainly is most gratifying to the management as well as to the stockholder. railway.

The Carisa Mining company made settlements yesterday for five lots of ore. A half dozen more car loads are en route to market, The directors of the O. K. Extension

Mining company operating in Benver county, are scheduled to hold a meet-ing this evening. SHAWMUT REORGANIZATION. Plan Outlined to Save Bingham Proper-

Dr. P. L. Keough has received advices from the east to the effect that a deal has been practically closed for the A circular letter signed by Edward F. Barnes, E. Warren Foote and Charles Sapho property near Ely, Nevada. A. Hardy, the reorganization committee of the Shawmut Mining company, was received in Salt Lake today by the numerous shareholders in the latter in which the shareholders in the latter in The ore and bullion settlements re-

ported late yesterday were as follows: Crude ores and concentrates, \$47,600; base bullion, \$32,300. Total \$79,900. which the plan outlined to redeem the Eingham property, which was sold un-der the hammer several months ago, President Treweek has given orders

President W. B. Mucklow departed

to resume sinking at the Wabash mine at Park City. The shaft is to be con-tinued to the 1,000 foot level. The pres-ent depth of the shaft is 600 feet.

A discovery of considerable import-ance is reported in the old Hague proped in the response to the request for funds to enable them to prosecure the work at the mine as outlined in their letter to the stockholders dated May 10, 1902, (some 40,000 shares refusing to erty in the Mt. Nebo district. claimed that a vein measuring 18 wide of lead-silver ores has been disome in at that time), were obliged a bandon the plan then propose 1, and n July, 1, 1902, the bondholders made closed. The Washoe smelter at Anaconda

The Washoe smeller at Anaconda, Montana, is in operation again. A few of the furnaces were blown in last Tuesday and within the next two weeks it is expected the entire plant will be commission

And following hine months were spent in Hugation in the United States district court, until finally, on April 26, 1903, the United States marshal, under decree of the district court, sold the property at proble auction, with a right of redemption by the stockholders, which will expire Oct. 26, 1903. Manager Morris R. Hunt of the Utah Queen of Dry Canyon is in the market with a shipment of ores. The assays show values of 25 per cent lead, 4 per cent copper, 50 ounces silver and \$4 gold to the ton. "While these proceedings were going on, the reorganization committee has been in constant communication and consultation with prominent mining men and others who are familiar with the property, all of whom, without ex-ception, have expressed the opinion that the property and others of the print of the

A letter received by Secy. Walter C. Orem, of the Trade Dollar Extension Mining Co., from Supt. F. H. Clark at Silver City, Ida., states that develop-ment work is progressing very satisfactory at that property. The directors of the New York Bon-

anza met yesterday afternoon and lev-ied an assessment of 3 cents a share, which, when collected, will bring into the treasury \$9,000. The assessment becomes delinquent Oct. 10, and the St. Louis, Sept. 10.-Wool-Unchanged; territory and western mediums, 17(218; fine medium, 15(217; fine, 15(216,
