One week ago today we advertised lots for sale on East Side of Ninth East Street between Ninth East and Tenth South Street. This is the prettiest five acres of ground in the southeastern part of our city. We have now only 12 lots remaining unsold. The lots disposed of bringing for most part actual cash. This is an evidence that we have treated the public fairly and besides the property offered could not be better located in the southeastern part of town. The lots remaining for sale are \$375 each—25 feet wide and 1564 feet deep to an alley—splendid lots. We will sell them in pairs to desirable customers. Lots already sold have gone to people who are going to build attractive modern homes. It will be an advantage to you to get next to good improvements, of course. Lots remaining unsold are surrounded with fine shade trees, they are as level as a floor. Handsome residences will be started immediately on property sold.
