Men, Two Harvard.

New York, Dec. 17.—Walter Camp, Yale's athletic adviser and football authority, has picked an all-American football team from among the star players of lest season. His team includes six Yale men, two Harvard players and one each from Brown, Michigan and Mincosta.

The team is as follows:
Regnier, Brown, enc; Fish, Harvard, tackle; Benbrook, Michigan, guard; Cooney, Yale, center; Andrus, Yale, guard; Hobbs, Yale, tackle; Kilpatrick, Yale, end; McGovern, Minnesota, quarterback; Philbin, Yale, haifback, Minot, Harvard, halfback; Coy, Yale, fullback Of quarterbacks, Mr. Camp says:

"McGovern of Minnesota, is the best man in the country. Being a westerner, he is not as well known to the east, but some idea of his quality may be gathered from the fact that he handled a machine of far greater variety or plays than any eastern quarterback, and made it work for him, too, while his midvidual work was equally remarkable."

able."
Mr. Camp, summarizing the season, says there was only a small advance in open play. The western teams, he says, showed a more varied attack than did the eastern elevens.

GOOD HITTERS ARE MOST IMPORTANT

There are three things that are ab-ticly necessary, and there might be ors," says John McGraw, manager of New York Nationals. No ball club can be a champion," he it on to explain, "unless it has a at pitching steff, a squad of fast in on the bases and a club of good ers.

and brilliant conversationalists who were regular blockheads on a ball club. It was not that they didn't have the brains. If given plenty of time they could probably outwit the others, but in baseball we must have the man who can think and act simultaneously—on the jump. Thoughts must come to him in a flash and not after mature deliberation. That's what I mean by quick thinkers, and they are the boys that must be on a team that whis a championship.

FOOTBALL SQUABBLE NOT SETTLED YET

Chicago, Dec. 17.—Certain members of the athietic board at the University of Chicago were reported yesterday as being opposed to scheduling a game with the University of Minnesota for the season of 1910 because of its action in playing Michigan while the latter was without the conference pale.

Minnesota has been regarded as a fixture for next season on the Chicago schedule although no contract has been signed. Minnesota's two years agreement with Michigan was made while a contract with Chicago was in existence with still a year to run. Before scheduling the Michigan games, however, Minnesota acquainted the conference colleges of the possibility of such action and insisted it was acting for what was to be thought the best interests of the conference.

COMISKEY IS FOR THE SPIKED SHOES

New York, Dec. 17.—Charles Comiskey, owner of the Chicago American baseball club, is against the proposed new rule doing away with the use of spiked shoes.

"The moment you slow up the present style of play." he said, "public interest will decrease. Take away the sensational stealing of bases and baseball would be tiresome. Base runners and fielders cannot get along without spikes. Outsider Barrett, for example, was permanently disabled because he wore dull spikes on his shoes. No, the use of spikes cannot be abolished, in my opinion."

JOHNSON WANTED TO SPLIT PURSE

Jeffries Insisted Upon 75 and 25

Jimmy Callahan, the former big league him an income of some \$10,000 a year since he parted company with Charley Comiskey, owner of the White Sox, is interested in the Jeffries-Gotch show. He will soon be in St. Louis to complete arrangements for the performance Christmas night at the Goliseum.

Callahan, who spent a fortnight in the east with the show, and who was in New York when Jeffries and Johnson signed articles and selected the bid, throws some interesting light on the secret conference between Jeffries and Johnson over the terms of the agreement. According to an eastern report, Jeffries was anxious to have a 50 per cent even split of the purse, but this, Callahan says, is untrue.

JOHNSON WANTED EVEN PLIT
He declared that Johnson made a proposition to Jeffries to split the purse even, win, lose or draw, but that the bollermaker refused to consider this and insisted on the original terms of 75 and 25 per cent, Johnson seemed very eager to make this agreement, but could not induce Jeffries to consider it.
According to the opinion of Callahan and other followers of Jeffries, the colored fighter is weakening and seems to think he hasn't an even chance of beating Jeffries.

"There is no chance for that," says
Callaham. "Jeffries does not hold Johnson

"Jeffries is training as carnestly and

about it. Of course, looks don't count

THINKING 17 YEARS For 17 years many people have been thinking of turning their claims to us for collection. They have been reading continuously of the Thousands of Dollars we have collected for their acquaintances and friends, but they have wondered and thought and pondered with the question in their minds as to whether we could collect some money for them. In the meantime the people who have been owing them have forgotten all about the obligation, and some have died, leaving their bills unpaid.

Many people continue to think, instead of getting busy and turning in their claims.

When a claim is once recorded with this Association it stays on our records forever. We purchased a new index the other day, which cost 196.00 and will properly index 500,000 claims. This is the hird large index we have purchased for the purpose of keeping the records pertaining to claims placed with us for collection.

It is time you turned in those claims.
