

The work of removing the debris is being pushed forward rapidly, and the track will be cleared in a few hours.

The unknown lady with a ring is Mrs. Boss, wife of Lewis Boss, No. 1108 Pine street, Pa., also since found dead.

The coroner commenced his inquest and adjourned until to-morrow.

Queenstown, Ont., 28.—The body of Captain Webb was found floating in the river a short distance below Lewiston, N. Y., this afternoon. At the inquest held, a verdict of "found drowned" was rendered. During the examination of the body a ragged cut was discovered on top of the head, about three inches in length, opened sufficiently to expose the skull. It had the appearance of being cut by a rock or some other hard rough substance, and is supposed to have been done at the entrance to the whirlpool, where they project above the surface of the water, and where the current is wildest. This wound was considered sufficient to cause death, and it is thought he sank immediately after receiving it.

Winnipeg, 28.—A disputed boundary question at Lake of the Woods is culminating into war between the provinces of Ontario and Manitoba, if it has not already begun. Chief of Police McMurphy and a Manitoba constable were arrested by Ontario specials and lodged in jail, but subsequently were released on bail. An attempt was made Tuesday night to liberate them.

New York, 28.—Henry George addressed the striking telegraph operators this afternoon.

The Brotherhood have decided to hold no more public meetings. All their future proceedings will be conducted in private. This is done, it was said, in order that they might transact their business more expeditiously.

Philadelphia, 28.—At a meeting of the Commercial Exchange to-day in reference to the telegraphic strike, resolutions were adopted declaring that the present difficulties between the operators and the telegraph company could and should have been avoided, and that the action of both parties in the controversy is equally reprehensible. A resolution was also adopted asking Congress to take such action as will prevent similar trouble in the future.

New Orleans, 28.—At a meeting of committees appointed by various commercial organizations to confer together in regard to the existing strike of the telegraph operators, the following was unanimously adopted:

Resolved, That in view of the imperfect telegraphic service at present existing, which has served to prostrate commercial business between this city and its electrical connections, we, the representatives of the commercial bodies of New Orleans, urge the indispensability of such immediate action on the part of the Western Union Telegraph Company as will tend to restore the commerce of our city to its normal condition and prevent the continuance of the heavy losses and serious inconveniences now being sustained by our whole commercial community.

HELENA, Mt., 29.—The stage that left here this morning for Deer Lodge was stopped by two road agents about 18 miles from the latter place. The road agents went through the passengers and treasure box. The mail agent here says there was very little of value in the treasure box. The amount taken from passengers and mails is not yet known. Officers have started in pursuit.

LINCOLN, Neb., 29.—A fire this morning burned ten business buildings. Loss a quarter of a million. Leighton & Bros, Druggists, are the heaviest losers. Insurance about half.

OGDEN, Utah, 29.—Gov. Crittenden and a party of Missourians, and Gov. E. H. Murray and wife, of Utah, leave for California in a special car to-morrow morning.

Gov. Crittenden and a party of Missourians arrived here to-night on the way to California. The Governor has made a careful study of the workings of the Utah Commission. He expressed the opinion that while the commission had accomplished all that the law allowed them to do, that further and more decided legislation was necessary. Disfranchisement of the polygamists he considered would not accomplish what was expected of it by the American people.

SAN FRANCISCO, 30.—The theatrical performance this evening at the Grand Opera House, for the benefit of the striking operatives, under the auspices of the Knights

of Labor netted three thousand dollars. The gross receipts were about thirty-five hundred.

CHICAGO, 30.—The Swiss society of this city will celebrate the anniversary of the founding of the Swiss republic August 5th, by a parade of military and civil societies.

Gen. Sheridan, Gen. Grant and a party of gentlemen left for Louisville, by special train this morning, where they are to meet President Arthur, at the opening of the Exposition in that city. They will return to Chicago on Wednesday and join in the reception to be tendered the President on Thursday.

An old butcher way out in Missouri, with neuralgia, he suffered like fury, St. Jacobs Oil banished the pain which all vanished—and prevented a coroner's jury.

THE OSBORNE NO. 11 TWINE BINDER

VICTORIOUS FARMERS OF THE ROCKY MOUNTAINS!

(Special to the DESERT EVENING NEWS of July 3rd, 1883.)
Trial of a Twine Binder.

Yesterday afternoon there was an exhibition of the Osborne Twine Binder, on the farm of Mr. John Briggs, in Sugar House Ward. The main points of excellence claimed by the company for this machine are, its simplicity, ease of draft and management, perfect binding, power to elevate and the width of cut, the smallest machine having a six foot blade, while the largest one's blades are ten feet long. The machine did excellent work, binding equally firm and even in long and short grain and not mauling a single bundle. Notwithstanding the fact that the grain was green and heavy, the elevator did perfect work, and the grain was bound so tight that it was next to impossible to shake the bundle out. Considering the inexperience of the driver and team the acre of grain was cut in a notably short time and to the satisfaction of all present. A number of local farmers who were present gave Mr. Mellor, the manager, a testimonial to that effect.

JULY, 2nd, 1883.

We, the undersigned, having witnessed the cutting and binding of about one acre of heavy green wheat, on the farm of John Briggs, near Salt Lake City, by an Osborne, No. 11, TWINE BINDER, certify that it did the work to our entire satisfaction, and did not miss a bundle.

Joseph Barton, Amos S. Gabbott, Isaac Barton, W. F. Handley, H. P. Trim, C. I. Hendly, J. Gibson, Jas. Siddoway, G. W. Brown, S. P. Trim, T. Reib, I. A. E. Lyon, Jas. Johnson, Jacob Johnson, D. Reib, Jno. Briggs and O. S. Hardy.

WEST JORDAN, July 5th, 1883.

Messrs. D. M. Osborne & Co., Salt Lake City:

GENTLEMEN:—The new No. 11 Twine Binder purchased of you this season, was started on my farm to-day in ripe rye, cutting and binding to my entire satisfaction. The draft is light, it misses no bundles, and is the simplest and most perfect self binder I ever saw. I would recommend all farmers in want of binders to purchase the Osborne No. 11.
