

## WHICH PARTY WORTHY OF TRUST?

At Gallipolis, O., Mr. Taft Places  
Campaign on That Sin-  
gle Issue.

### QUESTION BEFORE PEOPLE.

Is Whether Republican Remedies as  
Carried Out Under Roosevelt  
Shall be Continued.

Athens, Ohio, Aug. 29.—W. H. Taft broke away from his schedule today and delivered an impromptu political speech from the back platform of his train, with Mrs. Taft by his side, in which he pitched the campaign on the single issue:

"Which party by its works and not by its promises has earned the confidence not only of capitalists, but of the wage earners and farmers?"

The speech was cheered by a large crowd of residents of Gallipolis, Ohio, where the Taft train stopped for five minutes this morning.

Athens gave Mr. Taft a rousing welcome when he later reached that place and several hundred of the citizens made themselves a part of the reunion of veterans of the party, now being held and listened with interest to a speech by the candidate, in which he

expressed confidence in the Republican party and its policy of continuing the human interest of the life of the veterans.

The exercises at Athens were embraced in a three-hour stay and included a luncheon party at the home of Gen. Charles H. Grosvenor, for many years a member of Congress.

The exercises were held in the city park and after the candidate was given the opportunity to shake hands with his hearers.

Throughout the trip to Athens there were constant demands for the appearance of the candidate on the rear platform, and when he complied he was cheered and many cordial remarks were hurled at him.

MR. TAFT'S SPEECH.

In a speech at Gallipolis, Mr. Taft said:

"The campaign as it is developing on the part of our friends the enemy, the Democratic party, is to make it so many issues that it takes a week or month or so to cover them, but I am after all that the one issue which will present itself to the voters of this country is the question of confidence in the one or the other of the two parties as to which party by its works, and not by its promises, has earned the confidence not only of the capitalists, but of the wage earners and of the farmers."

For 12 years we have been enjoying a prosperity never before equalled in the world, and whether it is the Republican party brought about that prosperity, certainly it made it possible for us to enjoy it, so that the farmers were never more comfortable. The wage earners never had higher wages nor a higher standard of living, and the business man never enjoyed greater prosperity than at present. In the course of that tremendous prosperity, however, there have been a few bad years, and with a knowledge of those years the Republican party undertook, as it always has undertaken when evidence became apparent, a remedy for those evils. Under that matchless Republican, Theodore Roosevelt, the Republican party has gone about to take steps to remedy those evils, and is in the course of doing so. Now at this point we have had a let-up in the prosperity of the country. There has been such an extension of capital as great investment that the capital for the time was exhausted and there came a lack of confidence on the part of the investing public, but we hope there has not been a halt in that progress in prosperity which has been so wonderful for the last 12 years.

QUESTION BEFORE PEOPLE.

"The question now for the people to settle is whether the remedies which the Republican party has adopted and carried out under Theodore Roosevelt shall be continued; whether the confidence which the public has in the Republican party and which the business men have in the Republican party, shall be availed of by the people of this country in order to bring back the prosperity that we have had, or whether we shall turn the government over to a party that has been advocating everything by turns and nothing long; that in 1896 proposed not a revision of the tariff, nor any other

remedy, but to scale down our debts by adopting a silver dollar that was worth 50 cents in order to bring about a prosperity which they thought would be possible. He said, if you remember, that unless we took free silver, wheat would go down, and he did not have to live two years before he saw that prophecy realized by the facts.

"And then in the face of their declaration of the necessity for such a remedy to the greatest prosperity ever seen. And so again in 1906 we were told that we must have something against imperialism. We must avoid that destruction to which the country was hurrying because we were holding a new remedy, which was away to get on their feet in order that they might gain the standard of civilization; and then again in 1904 we were treated to another chance to restrain Theodore Roosevelt, which claims that he would become a tyrant in this country and would usurp all legislative and judicial functions."

THE REMEDIES.

"These are the remedies that we have had proposed in the past, and now we are again threatened by this party under the leadership of 1896 and the election of 1906, which claims that by new remedies by new nostrums they will carry the country to prosperity."

"I ask you business men, I ask you farmers, I ask you wage earners, I ask you the whole people, if you do not feel in your hearts that it is a threat against prosperity, with such a suggestion that the election of 1906, which capital in the pockets of the investors and make worse the halt in our prosperity that we now have."

"Capital comes out with great caution. We now gradually feeling the return of prosperity. It is coming slowly. Confidence is a plant of slow growth, and in order to overcome that you must continue to keep in power the party that has confidence in the one hand and the progressive spirit on the other, so that we shall avoid the evils by regulation and not by destruction, so that we shall encourage capital to come out, so that the wage earners may have full time and full wages; in order that the farmers may have markets; in order that the business man may have business."

"My friends, ladies and gentlemen, I cannot go into details of the issues but upon this platform of principles I ask your support of the Republican party, the election of 1906, which claims that by new remedies by new nostrums they will carry the country to prosperity."

FOURTEEN SPEECHES YESTERDAY.

Middle Bass Island, O., Aug. 29.—William H. Taft and party arrived at the Middle Bass Island club at a five-hour stop on the morning of the 29th and later attended services in the little chapel. He rested throughout the remainder of the day.

The 14 speeches which Mr. Taft delivered yesterday in the unexpected campaigning he did on the trip through his native state from Virginia Hot Springs left their impression on his voice today, but aside from the hoarseness and his declaration that he was a little tired, he said he was not worse for wear.

Throughout the four-hour ride on the lake, which began shortly before midnight last night, Mr. Taft sat on the deck of Commodore Richardson's power yacht chatting with Gen. H. C. Corbin, Prest. Lewis of the Middle Bass club and Commodore Richardson. He expressed himself as greatly refreshed by the lake breeze and entirely satisfied with the day's work.

While the week on the fishing grounds is primarily for recreation, it is understood several political conferences will be held. The small island of J. Warren Keefe of Ohio is at the club. On Wednesday Mr. Taft will go to Toledo to address the national campment of the G. A. R. The speech will not be held until the small island, on which Mr. Taft will finish his presidential campaign vacation is quiet and picturesque, one of a group lying about 20 miles off shore, midway between Toledo and Cleveland. One end of the island is owned by the fishing club, where ample accommodations for its several hundred members are provided by a club house and a number of summer cottages. The Taft family is quartered in one of these cottages. The candidate will divide his time between his out-

AT 106 RABBI WOLINSKY  
WEDS FOR THIRD TIME

New York, Aug. 31.—Although Rabbi Wolinsky of Brooklyn took unto himself a third wife three months ago it has only become known to his friends and neighbors and it even came as news to his children, grandchildren, great-grandchildren, great-great-grandchildren and great-great-great-grandchildren.

Rabbi Wolinsky is a whitebearded patriarch, who has passed his summers and hopes to pass several more in conubial bliss.

The rabbi's latest wife was a Mrs. Shinsky R. Shinsky, widow of a former friend of the old gentleman. About a year ago Mr. Shinsky died, and as the second Mrs. Wolinsky had been dead only a short time, the widower and the widow sympathized with one another.

Finally Mrs. Shinsky went to her rabbi's home to keep house for him. She was only a trifle over 70, a mere girl in the rabbi's eyes, and he grew to love her. So he wedded and won her.

As soon as she accepted him the rabbi hurried to the marriage bureau and got a license. Some gossipers asserted that the rabbi confessed to only 59 when obtaining the license, but there was no proof forthcoming. He has never been ashamed of his age. He is proud of it, indeed, and is also proud of the fact that he has something like 175 living descendants in Russia and this country.

KILLED HIS WIFE, WOUNDED HIS SON, COMMITTED SUICIDE

Chicago, Aug. 31.—A dispatch to the Tribune from Clay City, Ill., says:

James as the result of having slain his wife and wounded his son in error, Julius Turner, a farmer, committed suicide in the county jail last night. He hanged himself with the sheets from his cot.

The shooting of Mrs. Turner and her son occurred on June 29. The murder was the result of insane jealousy on the part of the husband. The son was mistaken for a rival and he and his mother were shot while they were standing in the dark just outside the village church.

Turner, who was 50 years old, had been separated from his wife for some time before the shooting. He was reputed to be wealthy. Mrs. Turner was 49 years old.

Turner, overcome by remorse and sorrow, had been out of his mind ever since the shooting. He had been more concerned in the condition of his son than he had in his own fate and had apparently said he cared not what the authorities did to him as long as his boy would recover.

In this last wish he seemed to have been gratified, as the boy, although seriously wounded, has recovered rapidly and is well on the way to health again.

## SALOONS CLOSED, NO TROOPS HERE

Such Was Bulletin Posted at Police Headquarters Yesterday  
In Atlantic City.

### GOV. FORT HELD THE FORT

Famous Watering Place Was "Dry"  
For the Fourth Time in a  
Period of Fifty Years.

Atlantic City, N. J., Aug. 30.—But four times in 50 years has Atlantic City been as tightly closed and the liquor laws so closely observed as today. Even the best known and most favored patrons of hostilities and cafes, noted for their wide open methods, could not secure their coveted liquor.

A bulletin posted at police headquarters this afternoon stated:

"Saloons all closed. No troops in town."

Another bulletin, officially signed by the chief of police, consisted of a card on which was printed:

"In 1861 it was held the fort. Today it is Fort holds you."

Gov. Fort in his proclamation of last week, containing his threat to send troops to the seashore in the event of a further violation of the Sunday closing law, had its effect. Saloonkeepers and hotel men reluctantly accepted the advice of the mayor and of the more conservative members of the saloon-keepers' organization, and closed their places of business as tightly as they knew how. Screens came tumbling down Saturday midnight and remained down all day. Board walk cafes, that on Sunday have been thronged to their utmost capacity, serving liquors and food, today were all deserted.

A spokesman for the affected local interests and one of the local political leaders, who was today called upon for the day's closing would amount approximately \$150,000. He said that the saloons would close every Sunday here until some warrant of law will permit of their remaining open.

"We will appeal to the legislature when it meets in January, and have hope of securing some sort of relief."

He said that he was working for the passage of a local option law which will put the question squarely before the people of the city and county. We have been keeping open in the past as the result of a public sentiment which we believe to be in our favor. If we are wrong, we are willing to abide by the decision of our own people. The permanent closing of the saloons and hotel bars unquestionably would hurt the resort, but none of us want to see that."

The authorities of the city were much pleased with the thorough manner in which the law was today complied with. Chief of Police Woodruff stated that he had expected there would be a number of arrests for tonight, but up to a late hour no arrests had been made. Whatever may be the attitude in the future, the liquor men capitulated unanimously today. Many attempts in devious ways were made by old patrons to secure concessions of some sort today, but there were no special favors to be had anywhere.

Up to the very hour of midnight last night the Board walk cafes were crowded to their utmost. The streets were likened to a New Year's eve crush of the gay streets of the big cities.
