

TO THE BISHOPS AND PRESIDENTS IN ALL THE SETTLEMENTS OF THE LATTER-DAY SAINTS.

DEAR BRETHREN: It is our desire to commence again to assist the scattered poor of God's people in gathering to Zion. To aid in the accomplishment of this purpose we request the Bishops and Presiding Elders in the various settlements to give especial attention to the collection of the debt due to the Perpetual Emigration Fund from those who have been assisted in past years. In view of the near approach of the season of the year when our emigration leaves the shores of Europe, we desire that our brethren give this matter their immediate attention, that we may be enabled to do as much good as possible this present year.

It is the duty of all the Saints who have the means to assist in the gathering of those of their brethren and sisters who are still scattered in Babylon, and we should be pleased to have the local authorities solicit donations from those who are not in debt to the P. E. Fund, and who are able and willing to do their part for the gathering of scattered Israel.

Your Brethren,
BRIAN YOUNG,
DANIEL H. WELLS.

Show Windows.—The Workingmen's Co-operative establishment are about to enlarge their show windows.

Scenic and Musical.—There will be a musical and scenic entertainment at the 20th Ward schoolhouse to-night.

Horse Thieves Around.—Last Friday night the stable of Judge Elias Smith was entered by horse thieves, who stole therefrom a span of brown mares.

Wants to See Him.—Bishop Hunter wishes to see Herbert Feyerher, late from Harleston, Norfolk, England, at the Tithing Store, as soon as possible.

An Appeal.—The attorneys in the Wiggins murder case, in which a motion for a new trial was denied, have given notice of an appeal to the Supreme Court.

Nearly Finished.—Work on the Z. C. M. I. new building is drawing to a close, being so near completed that it is expected that the labor of removing goods into it will be commenced to-morrow.

Where Does He Live?—Will the subscriber living in Heber or Weber City, we do not know which, as we only have the post mark on the envelope to judge by, which is very imperfectly stamped, who sent us a small sum on account of his subscription to the Semi-Weekly News, please furnish his name and proper address, that we may forward the paper to him?

Sentence of Death.—This afternoon, in the District Court, Judge Emerson pronounced sentence of death upon John G. Wiggins, convicted of the murder of John Kresmer. The law giving the prisoner the choice of three methods of execution, Wiggins chose that he should be shot. The judgment is to be carried into effect on the 23rd day of next June, between the hours of 10 a. m. and 3 p. m.

In pronouncing the sentence the Court was visibly affected, as was also the prisoner, especially as he was leaving the court room, when shaking hands with several friends, his eyes filling with tears.

Home Again.—Elder D. H. Peery returned Saturday evening from his mission to the Southern States. He has been gone from home about five months, and has put in the time to good advantage. His travels have extended through most of the Southern States, Texas and Virginia receiving his principal attention. Having a very extensive circle of friends and acquaintances he has been able to introduce the subject of Utah and "Mormonism" to a very large number of people of standing and influence. He has met with marked and unexceptionable kindness in every place he has visited; has enjoyed excellent health, and has returned, feeling firstrate, and in the best of spirits. We join with his numerous friends in Weber County in extending to him a cordial welcome home.—*Ogden Junction, March 20.*

Substantial Improvements.—That enterprising business man, Mr. Henry Dinwoodey, is about to erect a three-story brick addition on the east side of his handsome premises on First South Street. Mr. Neve was yesterday busily engaged in moving the upholstery appurtenances to temporary quarters, two doors west of the furniture store, that the work of demolishing the old adobe building, to give place for the new brick one, might be commenced to-day. The new addition, which, we understand, will be used as an upholstery and paperhanging department, will have a frontage of 21 feet 6 inches, and will extend the full length of the present warehouse, 80 feet.

We are also informed that the old adobe buildings between Mr. Dinwoodey's and the Hazard property are about to be torn down, and the proprietors of the ground, Mr. William Jennings and Mr. Henry Lawrence, are each about to erect brick structures, probably of a similar character to that intended to be built by Mr. Dinwoodey. Mr. Jennings' ground immediately adjoins Mr. Dinwoodey's, and that of Mr. Lawrence is next east to that. These are substantial improvements, and will contribute to create some labor for mechanics, which is much needed just now.

Concert in Presbyterian Church.—On the evening of Thursday night, Mr. S. A. Kennicott, the very talented organist of this city, will give his first grand concert, in the Presbyterian Church, corner of Second East and Second South Streets. A most choice programme will be presented, and will be rendered by the very best talent in Utah, as Mr. Kennicott will be assisted by the famous local vocalists, Messrs. Hamilton and Hayden, and Messrs. Leaman and Black; and by the following excellent instrumentalists:—Professor G. Carleton, first violin; Mr. Weihe, second violin; Mr. E. Beesley, viola; Mr. Monson, violoncello, and Professor Orson Pratt, piano.

With such an assembly of artists, a concert of unusual excellence is

sure, and we hope that Mr. Kennicott's efforts will meet with hearty patronage from the music-loving public of the city.

Stormy.—Rather rainy this morning, and more or less all day.

Equinoctial.—This is the first day of Spring, when the day and night are of equal length or duration, the day of the vernal equinox, when the sun crosses the equinoctial line.

Lectures.—Mr. H. W. Naisbitt will deliver his lecture entitled "Common Things," at the 16th District School Rooms, under the auspices of the Y. M. M. I. Association, to-morrow (Wednesday) evening, at 7 o'clock. Admission free.

THE CAPTURE OF THE CONVICTS.

Yesterday we announced the capture, at the South end of Rush Lake, Rush Valley, of C. L. Williamson and Joseph Smith, and their arrival in the city in the afternoon. Information having been placed, on Friday evening, in the hands of deputy Sheriff Florida, by a note to Capt. A. Burt, that men answering the description of the two fugitives had been seen at the Point of the Mountain West, that officer took the Saturday morning train for the terminus of the Utah Western, where he found Deputy Marshals Crowe and Durham, who were already on the lookout in that direction. Saturday was spent by those three officers in searching the country around, between Grantville, Tooele and Pine Canyon, for intelligence or tracks of the convicts, gleaned information of their having been seen at various points. Crowe and Durham spent Saturday night at Stockton, and Florida at Tooele. Next day (Sunday) the hunt was renewed by deputy Florida, accompanied by Mr. John Gillespie, of Tooele, and also by deputy Marshals Crowe and Durham, the two latter striking tracks of the convicts into Stockton, and there losing them.

In the meantime a boy, bearing a Mr. Richardson talk about the escaped convicts, at a house about a couple of miles from Slagtown, said he had seen a couple of men sitting by a fire in a ravine close by. Richardson at once armed himself, and accompanied by a Mr. Brackett, went out to find the men, discovered the fire alluded to and tracks leading from it over a hill, which they ascended and saw the two men in a hollow. Brackett, being unarmed, went back to get assistance, and Richardson went forward towards the convicts, telling them to hold up their hands, that they might as well give themselves up, as they were surrounded. Both men then advanced toward Richardson, with their hands up. In the mean time Brackett had met the officers before named and informed them of what had occurred. Mr. Florida arrived in sight first, when within about two hundred yards distant from the desperadoes, commenced firing his pistol at them. He commanded them to get down on their faces and hold their hands behind them, which they did, when he handcuffed them. Deputies Crowe and Durham and Mr. Gillespie were on the ground almost simultaneously with Mr. Florida.

Williamson had Mr. Bergher's pistol in his pocket and Smith had a hatchet on his person. The men, who as before stated, were brought to town yesterday, are much dejected and worn, Williamson being especially changed. When they saw the large crowd and the excitement at the depot yesterday, they expressed fears of being killed by a mob, but the officers assured them they would be protected. They were ironed and placed in a close cell, in the county jail for the night, and, at an early hour, five o'clock, this a.m. they were taken to the penitentiary. The unusual hour of their removal to the latter place caused them to have some misgivings as to how they were about to be disposed of, Smith inquiring, with considerable trepidation, whether they were being taken out to be killed.

They were not aware of the death of Captain Bergher until Saturday, when Williamson got hold of a paper containing a statement of that fact.

We give the foregoing statement as being the facts so far as we know, as gleaned from various sources.

THE MORNING COURIER.

Recent political events strongly indicate a speedy return of the Democratic party to supreme power in the nation. The House of Representatives is now Democratic by a large majority; the government is administered by Democrats; the party in power upon the Presidential contest with the brightest hopes, and under the most substantial assurances.

The wonderful revelations of a reality and corruption on the part of Republican leaders, which have burst upon the press and horrified the people during the past few years, make it clearly the duty of every man to take an active part in the great contest of the present year. More than at any previous time in the history of the Republic, it is a necessity that every man should be made intelligently acquainted with his political duties. The MORNING COURIER is a constant Democratic newspaper. It will be devoted to the work of doing in winning the nation for the party that has debauched its service, squandered its treasure and enslaved its liberties. It will advocate a speedy return to specie payments, but believes that this result should be brought about by economical management of the Government, and not by arbitrary enactment. It believes in greenbacks at par, and the same currency for the rich and the poor, and will advocate House Rule, Free Trade and Public Economy, the old cardinal principles of the Democratic party.

The Courier has established a wide reputation as a first class newspaper. The aim of its management is to make it all that is desirable in a newspaper. It is now necessary to every citizen, in order that he may intelligently discharge his political duties. The MORNING COURIER is a constant Democratic newspaper. It will be devoted to the work of doing in winning the nation for the party that has debauched its service, squandered its treasure and enslaved its liberties. It will advocate a speedy return to specie payments, but believes that this result should be brought about by economical management of the Government, and not by arbitrary enactment. The agricultural department is especially one of its prominent features. The features are also regularly reported in its columns, and so are the markets of every kind.
