LINCOLN SCHOOL BUILDING ACCEPTED.

The committee on sites and buildings also reported as follows:

Your committee on sites and buildings further report that in company with Mr. Pinney, superintendent of buildings, whose certificate is endorsed herein, they visited the Lincoln school building on the 23rd inst., carefully examined the premises and finally accepted the building from the contractor, placing Mr. James Morrow in charge thereof, and ask that their action be approved.

The report was amended by adding the words "providing that this acceptance shall not be construed to waive any claim against the contractor."

It was ordered that the City Council be asked to place electric lights at the following points: One at the intersection of Eighth East and Eighth South streets, when the Hamilton school building has been erected; one at Second South and Seventh West streets, when the Franklin school building is about completed; one at the intersection of First West and Peach streets, in the Nineteenth ward; one on Fifth South, between Third and Fourth West streets, at the Lincoln school. The Jackson school building was added.

INSPECTION FEES.

The clerk was notified to petition the Council requesting that it be relieved from all fees charged by the building inspector for building permits.

FIRE ESCAPES RECOMMENDED.

A communication from the inspector of buildings was received calling attention to the law requiring fire escapes on all buildings, except residences, three stories in height, and recommending that they be placed on all new school houses. Committee on sites and buildings.

On this question was a communication from Chief Stanton of the fire department, stating that he had made a tour of inspection of the school buildings, and thought that the following buildings should be provided with fire escapes: Fourteenth ward district school, Eleventh ward district school, Lincoln, Franklin, Lowell, Nineteenth district school and First ward district school. The entire matter was referred to the committee on sites and buildings.

BIDS FOR HEATING.

The committee on sites and build-

ings reported that no provisions for heating the Wasatch school building had been made, and asked that the committee on sites and buildings be authorized to advertise for bids for heating the same. The report was amended by giving the committee on sites and buildings authority to advertise for bids for heating said building by steam direct or indirect, hot air, or such other mode as may be determined upon. Adopted.

THE BARNES GEOGRAPHY.

The American Book company replied to a communication with reference to the Barnes geographies, with the special Utah edition, stating that the manuscript furnished by the board had been slightly modified, and that if the book was still unsatisfactory it could be remedied by marking a copy, setting forth the errors and forwarding to their New York house for correction. Committee on school work.

PRIESTHOOD MEETING.

The regular monthly meeting of the Priesthood of the Salt Lake Stake of Zion convened in the Assembly Hall at 11 a. m. today, Saturday, December 3rd, 1892, President Angus M. Cannon presiding. Present also upon the stand, Counselors Joseph E. Taylor and Charles W. Penrose; Patriarchs Alonzo H. Raleigh, William J. Smith and Joseph Horne; Elders George B. Wallace and William C. Dunbar, of the presidency of the High Priests' quorum, and other High Priests and Elders. All the wards of the Stake were properly represented, excepting the Twelfth, Fifteenth and Sixteenth city wards, and Farmers and Pleasant Green wards.

Thirteen Presidents of Seventies and eleven home missionaries responded to the roll call. Twelve quorums of Elders were represented by their presiding officers, viz: the First, Second, Seventh, Thirteenth, Fourteenth, Fifteenth, Seventeenth, Eighteenth, Nineteenth, Twentieth, Twenty-first and Twenty-second quorums. The Sabbath schools, of the Stake were represented by Superintendent Thomas C. Griggs.

The usual business being dispatched, remarks were made in the following order by the speakers named.

COUNSELOR CHARLES W. PENROSE

spoke of the tendency in some of the wards to crowd too much labor upon one man. He did not think this wise and advised the Bishops to utilize all the material they might have, and distribute the labors both for the good of the individual and that of the people. He also referred to an instance where a man, a member of the Church, was refused membership in a certain ward upon a Bishop's recommendation, because the certificate failed to state the Priesthood that the man held. He thought this was altogether too technical. A man entitled to a certificate ought to be received as a ward member irrespective of his Priesthood; though all men should have certificates of their ordination in the Priesthood to carry with them. The rule of taking recommends from one ward to another is one that should be encouraged. It was very often neglected, but ought not to be. Even a Deacon was entitled to and should have certificate of his ordination.

BISHOP GEORGE R. JONES

touched upon the same topic, that of members of the Church floating about from place to place without recommendation—and asked what should be done with them in order that they might have a standing in the ward where they resided.

PRESIDENT ANGUS M. CANNON answered that Bishops should ascertain
