ONLY UNION MEN

It is stated that 95 per cent of the men employed in the erection of buildings of this city are union men; the other 5 per cent are free lances. There is now a movement on foot to make it unanimous so that it will be impossible for a man who does not belong to a union to obtain work upon a building in Salt Lake.

With this idea in view the building trades has sent out a notice to all contractors here to the effect that on and after April 1 no union workmen will work on any building where there are non-union men on the payroll, and that any contractor who does employ such men after the date specified must suffer the consequences, or in other words pay a fine of \$50 before the union men will work on the building again. This edict is causing considerable talk issued among the contractors affected and it is understood that a meeting will be called at an early date to consider the proposition. They see trouble ahead and consequently do not feel excessive-ly jubliant as to the outlook.

The contractors argue that this move is only the forerunner of a demand on the part of the union men for an advance in their wages with the attendant complications and stagnation of busi-ness if the demands are not at once The exclusive employment of union men, they argue, would have the effect of creating a great deal of con-fusion, as the small sub-contractors have a habit of employing non-union men sometimes and the contractors have no way of dictating to the smaller men just who they should employ. Under the proposed order of things these men with two or three non-union men in their employ would have the effect of causing a hundred men to throw down their tools and walk out. The general opinion among the con-tractors is that the order of the Building Trades union is impracticable. All express themselves, however, that some agreement will be reached without any serious trouble developing.

The Building Trades' council is made up of eleven trades-unions, each of which does some portion of the work on the erection of buildings. It is stated by those who are prominent in labor circles that the present scale of wages paid to union men in Sait Lake is some 15 per cent lower than the aver-age paid in the western States, especially is this said to be the case as ap-plied to the painters and tinners. In In this connection it is said that the carpenters are after an hour's reduction in their weekly working time.

Arthur Brown and David Evans Out After Free Transportation Judges. At the Meeting of the Judiciary Com-

> Hon. Arthur Brown and David Evans are out with horse, foot and dragons against the system of furnishing judges, district or supreme, with railroad passes. Mr. Evans is more extreme than the ex-senator, favoring the exclusion of all State officers and legislators. Both were present at the meeting of the judiciary committee of the lower house this morning, when the bill for the increase of the mileage for dis. trict judges came up for consideration.

Mr. Brown expressed himself that judges above all officials, should keep buried yesterday from the residence of their skirts clean from the taint of bri. Gill S. Peyton, at 3:30 p. m. Rev. Dr. bery. He made the statement that in certain important suits recently passed Paden presided over the services, Music was furnished by the First Presbyteron by the Supreme court that body had ian church choir, with Mrs. A. G. Andecided in favor of the Rio Grande Western railway company. One of the judges, whom Mr. Brown did not name, drews singing a solo, all of which was very appropriate and highly appreciathe said, accepted passes from that rail. way company for himself and family, not only to various distant points in the curred at Mt. Olivet, Frank Pierce, Dr. United States, such as Washington and Lyon, Harry Cole, George W. Putnam, San Francisco, but even to Europe. Judges were but men of course and he W. W. Hall and George Davis acted as pall-bearers. Numerous and beautiful believed that the possibility of corruption should be safely guarded against. The Italian miner who was injured in To this end he presented to the com-mittee the following bill, which will be introduced in the Legislature at an an accident in the Commercial mine at Bingham on the 17th inst., and died Saturday, was yesterday buried from early date:

An act prohibiting the offering or issuing of free transportation to judges, justices of the peace or judicial officers, and prohibiting the acceptance of such transportation by such judges, justices tire membership of this organization was out in full dress and made an in-teresting spectacle. Rev.Father Keenan conducted the services and preached judicial officers for themselves or their families, and providing penalties therefor.

The Elks' ritual was recited, and H. O. Shepard deliv-ered an address. "The Vacant Chair." was beautifully sung by H. S. God-dard. The members of the Elk society then formed in line and marched to the Cathelic church in the rain that was

Mr. Brown is in favor of allowing a liberal amount of mileage to judges, but believes that the acceptance passes creates a reason for inuendo against the recipient which, whether just or unjust, ought to be removed by placing such favors beyond the possibillty of acceptance.

Mr. Evans stated that New York had in its statutes a similar law, making the acceptance of passes penal. He said the principle of allowing a judge on the bench to accept railroad passes was no more defensible than his acwas no more defensible than his ac-ceptance of money from counsel. He said that in the constitutional convention such a measure as he was advo-cating had been defeated by a very small majority. He asked why the life of these passes to State officials was only as long as their term of office if the issuers did not expect to derive some benefit from the recipients during their tenure.

# A GOOD DEAL OF NONSENSE About "Blood Purifiers" and "Tonics."

Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is, from wholesome food properly digested. There is no other way and the idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the fol-de-rol that dyspepsia or indigestion is a germ disease or that other fallacy, that a weak stomach which refuses to digest food can be made to do so, by irritating and inflaming the bow-

els by pills and catharties. Stuarts Dyspepsia Tablets cure indiestion, sour stomach, gas and bloating after meals, because they furnish the digestive principles which weak stom-achs lack, and unless the deficiency of pepsin and diastase is supplied it is useless to attempt to cure stomach trouble by the use of "tonics" "pills" and "catharties" which have absolutely no digestive power, and their only ef-fect is to give a temporary stimulation. One grain of the active principle in Stuart's Dyspepsia Tablets will digest 0,000 grains of meat, eggs and similar foods and experiments have shown that they will do this in a glass bottle at proper temperature, but of course are nuch more effective in the stomach. There is probably no remedy so universally used as Stuart's Tablets because it is not only the sick and ailing, but well people who use them at every meal to insure perfect digestion and as.

similation of the food. People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well, prevention is always than cure and Stuart's Dyspepsia Tablets do both; they prevent indigestion and they remove it where it exists.. The regular use of one or two of them after meals will demonstrate their merit and fficiency better than any other argu-

such who read this announcement attend if possible. A good time is as

### Ogden Official Concocted the Story About Mrs. Nation Invading Utah.

[SPECIAL TO THE "NEWS."]

Ogden, Feb. 25 .- On Saturday afternoon the "News" correspondent telephoned from here a story to the effect that Mrs. Nation, the notorious Kansas joint smasher, was coming to Utah, and that she would celebrate her advent by the delivery of one or more temperance

lectures in the Junction city. In view of the fact that Mrs. Nation's conduct has attracted widespread atthe tention throughout the country, item, on its face, appeared to good one, particularly as it had been given out and authenticated by a pubofficial-Detective Pender. The

"News" man made it a point to question the officer closely and asked him two or three times as to whether or not the information was "straight," and whether it could be absolutely depended upon. His reply was deliberate and emphatic to the effect that it could. He upon, stated further that the news of Mrs.

I want to compliment the "News" on the picture it had, not only for the excellence of production, but from the fact that the cut was not buried so deep as to make it impossible for one to find it. It printed it in prominent and elegant style-more attractive than ever before.

DEATH FROM SMALLPOX. Alexander Wilkins, Aged 65 Years, is the Victim.

Another death from smallpox occurred on Saturday. The victim was Alexander Wilkins, aged 65, of 780 South Sixth West street. Dr. Milliron reported the case a week ago and the house was promptly quarantined by Dr. Scott who watched by the patient's bedside almost the entire night before he succumbed. The case was pronounced one of confluent smallpox.

## AMUSEMENTS. human

Every indication points to an auspicious and successful run of "Way Down East," which opens at the Salt Lake Theater this evening, for an entire week. This production is one of the most substantial triumphascored in theatricals in a long time. It crowded the Manhattan theater of New York for seven months, and the Academy of Music four hundred and twenty-seven consecutive performances. It is staged in admirable manner, and certainly no play ever brought to Utah has been so persistently and widely advertised. The man who has this end of the business in hand is George A. Murray, and is a marvel at his work. He is without doubt one of the best advertising agents, if not the best in America today, As is well known, "Way Down East" is the New England type, not unlike "Shore Acres" and the "Old Homestead." It will come as a palatable morsel after the unsavory stew dished up by the Leslie Carter company in "Zaza.

The Ralph E. Cuummings Stock company enters this evening upon the last week, or rather half-week, of its apa Salt Lake at the New pearance Grand, "Idaho," a remantic melodrama, will be rendered. Tomorrow night the "Little Minister" will be seen for the last time. "Nell Gwynn" and "Idaho" will close the company's engagement.

That breezy musical comedy, "The Telephone Girl," seems to be playing to big business in Denver and other Colorado cities. It opens at the Grand on Thursday night, and will hold the boards the rest of the week.

A special to the "News" from Chicahas this to say of the performance "Nathan Hale," as produced by oward Kyle, well and favorably Howard Kyle, well and favorably known in Salt Lake City: "Clyde Fitch's beautiful and thrilling revolutionary romance, 'Nathan Hale,' closed Saturday night to one of the notably successful financial and artistic engagements of the year at McVitie's theater. It is seldom that any dramatic presentation in this city has received such unanimous endorsement by the critical Chicago press as has this splendid or-ganization headed by Howard Kyle, a young and very excellent and serious actor formerly seen as leading support to Madam Modjeska and other prominent stars. A feature of the performwas the fine manner in which the play was mounted. 'Nathan Hale' will make a brief western tour, touching the principal cities only."

Bayard Veiller, the active and hustling little press agent of the Cum-mings Stock company, leaves Salt Lake mings Stock company, leaves sail Lake for Bolee and Seattle tomorrow to ar-range bookings for the orgunization, Mr. Vellier has been the company's "good man Friday" for a long time, and does his work well.

The Leslie Carter souvenir theater n Utah-was completely exhausted on the departure of the "Zaza" company, Notwithstanding the fact that a large number had been stricken from the press. Mrs. Carter stated that the program was the prettiest ever issued in | thanks.

Pneumonia Carries Off Three in One Family Within Fourteen Days.

Yesterday, at Herriman ward, Jordan Stake, in Salt Lake county, the funeral services of Henry Crane were held in the Herriman meeting house. The presidency of the Stake, the members of the High Council, several Bishops and their counselors, besides a large assemblage of relatives and friends were in attendance, the home being filled to overflowing.

The speakers were Elder George Miller, Joseph Bodell, William Freeman, also Presidents O. P. Miller and Hyrum Goff, of the Jordan Stake, and Joseph E. Taylor, of the Salt Lake Stake, who each testified to the upright life faithfulness of the deceased. Despite the stormy weather a very large pro cession followed the remains to the Herriman cemetery, where interment was made in the family burial lot. The dedicatory prayer was offered by Elder Taylor What makes this death more than or-

dinarily distressing is the fact that it is the third member of the family who has succumbed to a severe attack of pneumonia in fourteen days. The first one was William Crahe, whose home was in Draper, he holding the office of counelor to Bishop W. B. Ennis; he died at the home of his mother, in this city, on the 8th inst., after an illness of five days, and was burled at Draper on the The mother, Sarah S. died 11th inst. on the 10th inst., and was buried along-side her husband. EFFORTS OF THE LADIES.

Reception at Ladies' Literary Club Interesting but Poorly Attended.

If the clerks of the city had appreciated to any degree the effort of the Ladies' Literary club in preparing the reception for them yesterday afternoon they would have presented themselves in greater numbers. As it was there were only about fifty who availed them. selves of the last opportunity of seeing the finest collection of original drawings and costs ever exhibited in Salt Lake. The committee had gone to considerable pains in preparing a pleasant afternoon for the clerks. The program was one of unusual merit consisting of a violin solo by Prof. Skelton, a solo, "Who is Sylvia?" by Afton Young, and an encore. "Bendemere's Stream." There were some highly entertaining readings by Mrs. Reed, her selections being "Lovers' Lane," "Hello," and "Little Brown Baby." Mrs. Joel Priest "Little Brown haby." Mrs. Joer Priest amused her heaters with the reciting of "One, Two, Three." and "When Papa's Sick." Prof. and Mrs. Cook gave selec-tions from "The Puritan." and the overture to "Midsummer Night's

Dream," which were highly appreciited. Mrs. A. C. Ewing's lecture on "Some Madonnas," was very interesting. She had many illustrations of the most cele-brated madonnas ancient and modern, but dwelt most on the Madonnas of Raphael and Andrea del Sarto.

The process of the reproduction of original drawings in magazines and newspapers was explained by Mrs. lariton. On motion of Judge Barbee those who

had assisted in making the reception a success were given a rising vote of

James Simpson of Hooperville Furnished Some Racy Evidence in the Divorce Case This Morning.

The trial of the Vall divorce case was resumed before Judge Hall this morning. Judge Elias A. Smith was put upon the witness stand to give expert testimony concerning some letters introduced by defendant's counsel which purported to have been written by Mrs. Vail to various parties. Some were signed by the plaintiff and others were not. The witness gave it as his opinion that they were all of the same hand writing. Mr. Smith, however, was in doubt as to the date on one letter as having been written by the same per-

Stephen H. Lynch, formerly in the mploy of McCornick's bank as paying teller, and more recently treasurer of Salt Lake county, also gave expert testimony with reference to the letters above named. He corroborated Judge Smith in his conclusions as to the author of the writings. The letters in question were then offered in evidence in behalf of defendant.

James Simpson, of Hooperville, testified that in August, 1898, he, in connec-tion with two other male friends, went over to Antelope Island in a sail boat, and Mrs. Vall, her sister, and little Gladys accompanied them. Witness said Mrs. Vail took a two quart jug of liquor on board the boat, which was drank go-ing over, with the result that plaintiff's sister became pretty well under the in-fluence of the beverage. The partles lived over on the island for about one week, during which time the witness heard plaintiff use profane language to and in the presence of little Gladys. Mrs. Vall and her sister lived in a house belonging to defendant, and they very careless in their dress; that Mrs. Vail made improper proposals and spoke disparagingly of her husband.

VARIOUS COURT CASES.

A suit was commenced in the district court Saturday afternoon by John E. Playter vs Elizabeth S. Playter, administrator of the estate of George J. Reunion of Old-Time Indian Fighters to be Held March 1.

The Utah Indian war veterans will hold a grand rally in the Thirteenth ward assembly rooms on the evening of March 1st, at 8 o'clock. The purpose of the gathering is to have all people or organizations who ever participated in Indian fighting campaigns in the West and thus get the names of such people enrolled as members of the association. It is difficult to reach Indian fighters by these having the matter in charge, their names and addresses not having been known, so it is desired that all

# The claim of other cough medicines to

e as good is Chamberlain's are effectually set at rest in the following testi-monial of Mr. C. D. Glass, an employe of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of withpermanent help, until one day I was out in the drug store of Mr. Houlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines

### Catarrh.

Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of American countries. That medicine is Hood's Sarsaparilla.

It cures radically and permanently, in that it removes the cause, cleansing the blood of scrofulous and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.
