It is Not Money That Is Needed—Capital, Says the Candidate.

ALABAMA, Mo., July 28.—This place was the scene of the opening of the Republican national campaign of 1896. People from the country round about came to listen to a speech by Hon. Thos. R. Reed. Reed addressed the large gathering as follows:

"If I were going to give advice to the people of the United States, I should tell them to take time to do it. Just now there is a great deal of truth and sense in the words of the great man who said: 'Take time to think, and you will save time.' It is not money that is needed—capital, says the candidate."

"Now, just as soon as the election is over, the future position of the United States is in the hands of the people. It is not money that is needed—capital, says the candidate."

"The future position of the United States is in the hands of the people. It is not money that is needed—capital, says the candidate."

WHICH IS CHEAPER

—tea sold in packages, or tea sold loose by the pound?

"Tea sold loose, of course. Don't take for granted."

Some of the tea-flavor packages—you smell it in the grocery.

"Yes, but not much."

Do you know how much? Now which is cheaper?

"I don't know."

Can you afford to miss the finest flavor of tea? That is the point that evaporates first.

Selling's Best (money-back tea) is never sold loose. We think too much of it.

Also, never sold loose, Selling's Best (money-back tea) is never sold loose. We think too much of it.
