TERMS—IN ADVANCE.

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY, APRIL 4.

Accidentally Shot.—We learn with much regret, that Mr. Wm. Newell, messenger on the Utah and Northern R. R., Accidentally shot himself last night. We are not informed of the exact nature of his wound, but understand that he is likely to recover. He came down to the city to-day.

Proposed Artesian Wells.—The Sanpete Valley Railroad Company purpose sinking artesian wells adjacent to their line in Sanpete Valley. Should this project be carried out and prove successful, it will bring many thousands of acres of land now useless under cultivation, and be a great benefit to that part of the Territory. The company is composed of English capitalists.

Has Been to Beaver.—Mr. Clayton, the Territorial Auditor of Public Accounts, has just returned from a trip to Beaver. The object of his visit was to examine the District Court records. He found everything in good shape, with the exception that the mileage specified under the old law had been allowed in place of that defined by the new. He rectified the mistake.

The Edmunds Bill.—A dispatch states that the President has drawn the attention of the Senate to the necessity of a provision for the payment of the commissioners created by the anti-polygamy bill. He also suggests that instead of \$3,000, the salary of each should be placed at not less than \$5,000, with a view to securing a high class of ability for the position.

Manti Temple.—Brother W. H. Folsom, superintendent and architect of the Manti Temple, is up for Conference. We learn from him that the walls of that noble structure are up 50 feet, and an average height of 30 feet added to this will carry them up to the square. Rocklaying for the season will probably begin about the end of this week. Enough rough rock is on hand to carry the walls to the square, besides 4,000 pieces of cut face rock. A large quantity of lumber—about 500,000 feet—is also on the ground.

Brother Folsom's health is much better than it was a few months ago. In fact he is much heartier now than he has been for several years.

Arrival of Dr. Ferguson.—Mrs. Dr. E. B. Ferguson arrived in the city last night, after an absence in the East of over seven months, having left home on the 21st of last August. Our readers were kept informed of her movements during the first part of her sojourn in the States, by well written correspondence that appeared in the News.

Subsequently, in the beginning of November, Dr. Ferguson commenced her medical and surgical work—the leading object of her visit—at the Bellevue Hospital, New York City, where she remained three months. She devoted close attention, in the out-door department, to diseases of the throat, lungs and heart, and, in that line, under Prof. Bosworth, the eminent specialist, treated from 40 to 60 patients every week.

She also pursued a course of practical studies in relation to the diseases of women in the Woman's Hospital, the largest institution of the kind in the United States. There her opportunities for clinical instruction under the able teaching of Professors Thomas, Emmet, Lee and Bozeman, were very extensive. In the out-door department of this institution Dr. Ferguson saw and treated from 30

to 50 patients weekly. She received a number of very promising offers to stay and practice in New York, all of which she declined, her affections being fixed upon her home in the mountains, among the Latter-day Saints. The professors and students in the hospitals were aware of the nature of her religious profession, made many inquiries concerning it, and eagerly sought for books and other sources of information pertaining to this community, which she took pleasure in satisfying as far as possible.

During the winter Sister Ferguson attended the meetings of the Saints composing the small branch of the Church at Williamsburg, where quite an interest in the work was created that will probably result in a number of additions. One young man, son of Mr. Eckart, is now on the way, will reach here to-night, and anticipates being baptized shortly after his arrival. The rest of the family are expected to follow his example.

Sister Ferguson had the privilege of bearing testimony of the gospel to all classes of people from those in affluence to the very poorest, and comes home improved in health, and more than ever confirmed in the faith of the work of God. Last evening she was met at the depot by a number of lady friends, by whom she was conveyed to the Lion House, where a reception had been prepared, at which Sister E. R. S. Smith presided, Sister Zina Young having also come up from Provo to be present on the occasion. The time was spent till near midnight in speech-making and singing. The reading of an appropriate poem from the pen of Sister A. J. Crocherson, was one of the pleasing features of the affair.

FROM WEDNESDAY'S DAILY, APRIL 5.

From the East.—Apostles Moses Thatcher and John Henry Smith arrived home from the East last night.

Change of Address.—It will be well for all parties having business with Bro. J. H. Hart, the emigration agent at New York, to note that the number of the P. O. box in that city has been changed from 3957 to 18.

Returned Home.—Last night, Hon. W. H. Hooper and his two daughters, Misses Hattie and Libbie, returned home, after an absence in the East of three months. They visited a number of the leading cities in the States, and greatly enjoyed their trip, getting back in good health.

Struck by Lightning.—A special from Ogden says:

The Ogden Herald learns from Logan, that the house of Eli Lee, First Ward, was struck by terrific lightning, on Monday. Thirteen persons were present, and Mr. Lee and son were struck in the legs, but neither was seriously hurt. The cat was killed.

Proposed Depot Buildings.—We are reliably informed that the Denver & Rio Grande R. R. Company are preparing to erect depot buildings on their grounds in the 6th Ward of this city. It is proposed to erect a substantial round-house with a capacity of ten engines, so constructed as to be readily enlarged as circumstances may demand. The erection of suitable workshops, of solid material, is also under consideration.

FROM THURSDAY'S DAILY, APRIL 6.

Farm Work Commencing.—We learn from President Abram Hatch that the people of Wasatch Stake are just beginning their farm work for the season, plowing being in order.

Lost Horses.—Last night, Bro. A. W. Smith, of Draper, being up for Conference, tied his horses up by an outhouse in the 20th Ward. They broke loose and scampered for other points. They are both gray and branded S. on the left ribs.

Smash.—Last evening about six o'clock Mr. Hook of the 12th Ward, was arranging the bit of his horse's bridle, when the animal ran off at a tremendous speed westward smash-

ing the buggy and breaking the harness. The outfit was brought to a stand opposite Reading's store.

Acquitted.—An examination of the burglar Tremaine and a woman named sometimes Rivers and at others Johnson, for complicity in the robbery of Cook & Gifford's safe, was concluded to-day before U. S. Commissioner Pearson. The accused were acquitted, there being no direct evidence to connect them with the crime alleged against them.

Sad Result of an Accident.—Mr. Craig, of Kaysville, who, as stated in the News the same day, was severely injured in one of his legs by being thrown out of his wagon at Centerville, has had to undergo amputation of the limb. The operation was performed yesterday afternoon, by Dr. Benedict. The leg was taken off a short distance above the knee.

A Good Place.—A correspondent writes from the new settlement of Moab, Emery County:

"The health of the people is generally good; the winter has been mild and dry; no snow in the valley. We have day and Sabbath Schools, well attended, as well as good meetings in our new meeting-house. Our climate here is Dixie No. 2; can grow cotton, peanuts, sweet potatoes and melons for the million. There is room for more settlers."

Proposed Road Making.—We understand that Messrs. Hatch and Hoyt have obtained the contract for carrying the freight for Fort Thornburg from Park City. The work of making the proposed new road between these two points will be begun as soon as practicable. It is intended to bridge Lake Fork and the Duchesne River, and make the road in every way convenient for travel.

The Legislature appropriated \$1,500 to be expended on the improvement, another similar sum being made up equally between Park City and Heber City. The mail is carried over that route.

A Useful Invention.—Mr. O. S. Walsh, tinsmith and hardware dealer, of the Kimball Block, has developed a plot against kicking cows. He has commenced to make a milk bucket and stool combined. The milker sits on the top of the body of the bucket and milks into a strainer which is attached by a stout rubber tube. The milk from the cow enters the strainer and descends into the bucket. The two important advantages of this contrivance are that the lactical fluid is ready strained, and no cow can, however expert with her heels, kick over the bucket. It only remains for some genius to invent some means of preventing bovines from kicking the milkers. The invention is both ingenious and useful, and the article cheap.

A Satisfactory Result.—The public will remember something about the legal proceedings instituted several years ago in the name of the United States by O. S. Patton, a former Receiver of the land office, in this city, against Hon. D. H. Wells, involving the possession of a large amount of lumber belonging to the defendant. The suit was carried through the District and Supreme Courts of Utah, in each of which the decision was in favor of the plaintiff. It was appealed to the Supreme Court of the United States, whose decision has just been given reversing those of the lower courts. We congratulate the defendant on this gratifying result, the proceedings instituted against him having been of a vexatious character.

A PICTURE WORTH BEHOLDING.

Hanging between two small windows, and catching the light from a larger one opposite, in one of the offices of Adams Express Company, at 59 Broadway, New York—the office occupied by Mr. W. H. Hall, head of the delivery department—is a plainly finished but nearly framed chromo about 2½ by 3 feet in size, which is looked upon by hundreds of people daily, on many of whom it has a wonderful and salutary effect. It represents a flight of half a dozen rough stone steps leading from the swarded bank of a placid lake to a little rustic temple set in

the rugged side of the mountain which rises in stupendous proportions in the background all covered with a rank luxuriant growth of foliage in brush and trees. In the open door of this little temple stands a half concealed figure, with an arm and hand extended, holding forth a small, dimly defined package, while seated on the sward at the foot of the steps an aged pilgrim, barefooted lame and decrepid, bears a staff in one hand, and in the other holds before his dim eyes a small bottle, whose label he eagerly scans. This label bears the words "St. Jacobs Oil the Great German Remedy." Simple as this little chromo appears in its unostentatious position, it has an influence which it would be difficult to estimate. "It is to that picture and the persuasions of Mr. Hall," said Mr. Edward J. Douglass, a gentleman connected with Mr. Hall's department, "that I own my present ability to perform my work. Some weeks ago I was violently attacked with sciatic rheumatism, and hour by hour I grew worse, and nothing my family or the doctor could do gave me any relief. I began to think in a few days that my case was hopeless and that I was doomed to be an invalid and helpless cripple for life. But at last I thought of that picture which I had so often looked at with but little interest, and then Mr. Hall came to my bedside, and telling me how St. Jacobs Oil had cured him of a worse and longer standing case than mine, urged me to use the same remedy. I did so that very night, directing my wife not to spare it, but to apply it thoroughly according to the directions; this she did with a large piece of flannel cloth saturated with the Oil and then bound the cloth to the affected parts. The next morning I was free from pain, and although a little sore in the hip, was able to dress myself, and the next day resumed my duties in the office as sound as a dollar. Here I am now in full health and strength, having had no touch of rheumatism or other pain since. Whenever I see one of our drivers or any other person who shows any symptoms of lameness or stiffness, I point him to the picture in Mr. Hall's office, and then direct him to go for St. Jacobs Oil at once."—N. Y. Evening Telegram.

ARE YOU BILIOUS?

Brown's Liver Pills will cure you. For sale by all Druggists in Utah. d&w

BROWN'S VEGETABLE LIVER PILLS, cure Biliousness, Sick Headache, and Constipation. Try them. For sale by all Druggists. d&w

THE REV. GEO. H. THAYER of Bourbon, Ind., says: "Both my self and wife own our lives to SHILOH'S CONSUMPTION CURE." Sold by Moore, Allen & Co.

ARE YOU MADE miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. Sold by Moore, Allen & Co. 4

BROWN'S PEPSONIC TONIC cures Dyspepsia. Don't suffer longer. Try it. Sold by all Druggists in Utah. d&w

All Western Farmers and Mechanics Bear witness to the healing power of BROWN'S ARNICA SALVE. Sold by all druggists. d&w

The Universal Verdict.

Is that BROWN'S PEPSONIC TONIC, cures Dyspepsia. For sale by Z. C. M. Institution, Godbe Pitts & Co., and Moore Allen & Co. d&w

SHILOH'S CURE WILL immediately relieve Croup, Whooping Cough and Bronchitis. Sold by Moore, Allen & Co.

FOR DYSPEPSIA and Liver Complaint, you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure. Sold by Moore, Allen & Co.

A NASAL INJECTOR free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. Sold by Moore, Allen & Co. 6

WHY WILL YOU cough when Shiloh's Cure will give immediate relief? Price 10 cts. 50 cts. and \$1. Sold by Moore, Allen & Co.

SHILOH'S CATARRH REMEDY—a positive cure for Catarrh, Diphtheria and Canker Mouth. Sold by Moore, Allen & Co.

"HACKMATAK," a lasting and fragrant perfume. Price 25 and 50 cents. Sold by Moore, Allen & Co.

DON'T WAIT.

The citizens of New York and vicinity have, no doubt, noticed our frequent advice, not to wait until a cough or cold had become thoroughly seated on their lungs, and they were in almost the last stages of Consumption, but take care of themselves in time. "An ounce of prevention is as good as a pound of cure." All Coughs, Colds, Hoarseness, Difficult Breathing and all Affections of the Throat, Bronchial Tubes and Lungs leading to Consumption, can certainly be cured by using HALE'S HONEY OF HOREHOUND and TAR, an article which is now prepared according to the original recipe of the late Dr. HALE, a celebrated physician of Europe. Sold at all druggists at 50 cents a bottle, or six bottles for \$2.50, and at CRITENTON'S CENTRAL MEDICINE WAREHOUSE, New York. The large or dollar size sell six bottles for \$5, which is the most economical.

PIKE'S TOOTHACHE DROPS cure in one minute. d&w.

DON'T DIE IN THE HOUSE Ask Druggists for "Rough on Rats." It clears out rats, mice, bedbugs, roaches, vermin, flies, ants, insects. 15c. per box. 8

HARNESS.
I will guarantee to furnish a better grade of heavy farm and light Harness for less money than any house in Utah. Farmers will appreciate some new improvements and the large stock always on hand to select from. L. B. MATTISON.

BENEFACTORS.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.
