**RUSSIA'S BLACK SEA FLEET.**  
London, Jan. 15.—The report published in the United States by a news agency to the effect that the British government had notified Japan that any attempt of the Russian Black sea fleet to pass through the Dardanelles would be checked by decisive action is untrue. The facts remain as stated in the Associated Press Jan. 11. Foreign Secretary Lansdowne today expressed his disbelief that Russia had any intention of trying to send a fleet through the Dardanelles, adding that it would be an obvious breach of treaty in which Great Britain could not possibly acquiesce.

**A BORDER TOWN BATTLE.**  
One Takes Place at New Town of Kellihier, Minnesota.

Black Duck, Minn., Jan. 15.—Excitement prevailed at Kellihier, a new border town, 29 miles north of here, all last night, and today it continues, over a shooting affair that started in a gambling house.  
The house was surrounded all night by a score of armed men who were trying to get a man of the name of Plummer and a woman companion who had eluded the proprietor from the place at the point of their revolvers and then began to "shoot the place up" in true border fashion. When the inmates were driven out, the town council assembled and called for volunteers, all assembled and armed with a rifle and a quart bottle of whisky, the latter as a stimulant against the cold. The house was riddled with bullets. The couple in the house wrecked the house with axes and fired at every one who came within range. The battle continued until midnight when a truce was arranged until morning. The town marshal was wounded slightly. The besieged then took turns at watching and sleeping and occasionally a shot was fired. In the meantime the sheriff from Beveridge was summoned and he is expected to arrive tonight.

**J. M. GLOVER REARRESTED.**  
Military at Cripple Creek Again Put Him in Jail.

Cripple Creek, Colo., Jan. 15.—John M. Glover, former congressman from Missouri, was again arrested by a military squad today and was placed in the county jail. Mr. Glover, who fought the military three weeks ago and was shot in the arm, today offered no resistance, but protested against being jailed. No charge was preferred against him. Commander Verdeckberg ordered Mr. Glover's arrest after receiving the following letter from him which is declared to be in violation of the terms of his release:

"Cripple Creek, Jan. 14.  
"Col. Verdeckberg, Camp Goldfield.  
"Sir—My wounds having healed sufficiently, I desire to be rid of the parole signed by me on Dec. 23. I know of no other way to effect this except to return to Cripple Creek as I have done, and notify you, as I now do, that I will no longer be bound by it. I can be found at my office at any time between now and 3:30 tomorrow. It is perhaps only fair to add that I intend to push you and your accessories above and below, before and behind the scenes to the full limit of the civil and criminal laws, state and federal.  
"Respectfully,  
"JOHN M. GLOVER."

**A FATAL MISTAKE.**  
Bingham Man Drank Deadly Poison And Soon Passed Away.

(Special to the "News.")  
Bingham, Utah, Jan. 15.—L. P. Long, a carpenter at the Yampa mine, died here this morning as a result of drinking a quantity of cyanide potassium, contained in a cup from which he took a drink of water. About 10 o'clock Mr. Long went down to the mill to quench his thirst and evidently picked up a cup that had been used in the assay office and which contained the deadly poison referred to. The draught immediately rendered him unconscious and before Dr. Smedley, who was summoned, could do anything for him he had passed away. Very little is known of the deceased or his family connections, save for the fact that he was a single man and about 35 years of age.

**WAS HURT WHILE IN BATHING.**

Says That While Holding to the Cable Her Hand Was Caught in One Of the Pulleys.

Elizabeth Miles has filed suit in the district court against the Salt Lake & Los Angeles Railway company to recover damages in the sum of \$5,000 for injuries received by her at Saltair beach on Aug. 27, 1903. It is alleged that plaintiff was in bathing at the beach and while holding to the wire cable by which the rafts were operated to and from the deep water, her right hand was severely crushed by being caught in one of the pulleys through which the cable passed. The bones of her fingers and hand were broken and the injuries to the same are such that she believes her hand has been permanently injured. It is claimed that the defendant was negligent in placing the pulleys in such a position that they could not be noticed by bathers and thus prevent accidents of such a nature.

Postmaster Left Today For Washington To Seek an Interview.

Postmaster A. L. Thomas left today for Washington, where it is reported he will have such an interview with the president as will clear up the local situation as far as the postoffice administration is concerned. Colonel Page was recommended, but the recommendation was not acted upon. Then there are improvements in the line of administration which need to be brought up in Washington. Postmaster Thomas is likely to be away several weeks.

**RUSH AT UNIVERSITY.**  
Freshmen and Juniors Clash and Create An Incipient Riot at Noon.

The freshmen and the juniors came together at noon at the University of Utah today and when the smoke of battle cleared some 20 minutes later, it was found that the big glass door leading into the drawing room of the Physical building, was smashed, a dozen desks were overturned and damaged and there were several moss-agate eyes and gory noses among the combatants. The incipient riot was called a "rush" and was precipitated by the juniors posting a notice on the door of the room excluding the freshmen. As soon as the word was passed round, the freshmen went to the room in a body and hung around unmolested for some time. They eventually retired with the exception of one named Barnes. Barnes was promptly seized and about to be ejected by Wade, when the battle cry was raised, and the next minute there were weird doins. About thirty students on each side participated in the fray.
