

NEW SYSTEM IS TO BE INSTALLED

Resolution by Councilman Ferry Considered by Finance Committee.

WHO WILL GET THE JOB?

There Are After the Position and Winner Will Be Paid Sum of \$5,000.

The resolution by Councilman Ferry authorizing the expenditure of \$5,000 for employing an expert accountant to install a new and modern system of keeping the accounts of the various departments of the city, was considered by the finance committee of the council last night and it was decided that such a step would be necessary. Mr. Ferry was authorized to confer with several accountants in regard to the matter and recommend the appointment of some one for that position. There are three applicants for the job at the present time, namely, J. William Edmunds, who ran for auditor on the "American" ticket this fall, W. Mont Fisher, present county auditor whose term expires on Jan. 1, and John Cruikshank, of the auditor's office of the Oregon Short Line. It is the intention to start the new system from Jan. 1, 1907, the date the "American" party took hold of the city government.

MERCHANTS' LICENSE.
The municipal laws and license committee decided against the petition of a number of merchants of the city asking that the merchants' license be abolished as it is double taxation. The petition will be filed and the merchants will still be compelled to pay their license.

ANTI-SMOKE ORDINANCE.
The fire committee decided to recommend for passage the new anti-smoke ordinance drafted by Asst. City Atty. Del. and introduced at the council meeting last Monday night. It is believed that the ordinance will cover the needs of the city in that respect and will abolish the smoke nuisance.

QUARRY FOR MORAN.
F. J. Moran's petition to lease the Potosi limestone quarry from the city was acted upon favorably by the streets committee last night and it was recommended that the lease be executed. Moran agreed to pay the city \$1,525 for the improvements on the property and to furnish the city with stone needed to repair and macadamize the streets at 65 cents per cubic yard.

PILES CURED IN 6 TO 14 DAYS.
PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded, 6c.

Y. M. C. A. Turkish Bath open to public. Customary rates, clean, no drunks. M. R. Yokel, Manager.

TO COMPLETE BRIDGE.

County Surveyor Instructed to Proceed With the Work.

Contractor F. G. Palmer, who has been building the new bridge over the Jordan river on Fourteenth South street, has notified the county commissioners that he is unable to complete the job and the commissioners have instructed County Surveyor Swenson to complete the bridge. Two suits have been filed against Palmer in which the total sum of \$1,314.40 is sought to be collected for labor performed and material furnished for the bridge. The county has been made a party defendant in each suit and it will hold Palmer's bond of \$2,500 to secure it. Palmer took the contract at \$4,900, and paid only \$450 from the county as payment on the work performed. The second suit against the county and Palmer was filed in the district court yesterday afternoon by George P. Hagan, et al., who ask judgment for \$1,314.40 balance due for material furnished for the bridge.

Quick changes from hot to cold and back again try strong constitutions and cause, among other evils, nasal catarrh, a troublesome and offensive disease. Sneezing and snuffling, coughing and difficult breathing, and the drip, drip of the foul discharge into the throat, all are ended by Ely's Cream Balm. This honest and positive remedy contains no cocaine, mercury, nor other harmful ingredient. The worst cases are cured in a short time. All druggists, 25c, or mailed by Ely Bros., 56 Warren Street, New York.

TERRIBLE EXPERIENCE ROUNDING CAPE HORN.

Seattle, Wash., Oct. 6.—A harrowing tale of suffering on the part of the sailors of the British ship Marion Joseph, Capt. W. L. Grant, while that vessel was rounding Cape Horn, reached this city this afternoon, when the Marion Joseph arrived in port. Capt. Gray, her master, said that half of his men were frozen and unable to work, while two were confined to their berths during the trip up the west coast. The vessel was bound from Newcastle to Seattle, arriving off Cape Horn, bitter cold weather was encountered. To add to the cold, immense icebergs some of which were five miles in length and which towered above the vessel surrounded the craft. All of the ropes and shrouds of the vessel were covered with ice from eight to ten inches in diameter. Blocks were frozen so that it was impossible to work the ship and her sails were as stiff as if molded of iron.

COLDS CURED IN ONE DAY.

Wingo's Cold Cure Relieves the head, chest and lungs almost immediately. Cures Coughs, croup, whooping cough, colds, influenza, and all other colds. It cures Grip and prevents pneumonia. Sold by all druggists, 25c.

AFTER SICKNESS

Our Local Druggists, Druehl & Frank, Advise Salt Lake People To Take Vinol.

The one thing to aid recovery is to give the patient a blood-building and strength restoring tonic, one that will impart new life and strength to every organ in the body.

For this purpose Mr. Druehl of Druehl & Frank, our local druggists, says: "Nothing equals Vinol."

Vinol is not a patent medicine, but a real cod liver preparation which contains besides potentiated iron every element of the body-building, medicinal elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of the nauseating, greasy oil to upset the stomach and retard its work.

Vinol is delicious to take, and acts directly on the stomach, tones up the digestive organs, creates a healthy appetite, makes pure, rich red blood and muscle tissue, and creates strength for every organ in the body.

If Vinol fails to build up the run down and convalescent, give strength to the aged, cure stomach troubles, harden and strengthen the young, cheerfully refund every dollar paid us for it, Druehl & Frank, Druggists, also Smith Drug Co.

NOTE.—While we are sole agents for Vinol in Salt Lake City, it is now for sale at the leading drug stores in nearly every town and city in the country. Look for the Vinol agency in your town.

HARRIMAN TO BUILD OWN CARS

Articles of Twelve Million Dollar Company Are Filed in Salt Lake City.

FOR A REFRIGERATOR LINE
W. H. Bancroft at Head of Concern Which Will Operate Express Fruit Service Over Big System.

A twelve-million dollar company was organized and articles of incorporation were filed with the county clerk yesterday. The proposition covers a refrigerator service to contemplate the entire Harriman system of railroads.

METRIC SYSTEM.
Am. Society of Mechanical Engineers Against Its Adoption.

New York, Dec. 6.—That the system of the weights and measures now in use in the United States and Great Britain should not be supplanted by the metric system, is the opinion of a majority of the delegates who are now in this city in attendance at the convention of the American Society of Mechanical Engineers.

A paper on the subject, prepared by S. E. Daleton, not only opposed any change in the system of weights and measures, but declared that the idea of further discussion of it in Congress would be valueless; that it would be impossible to get a commission of the caliber proposed; that it would be a political commission, "dominated by a president who has tried to change the language of the country by an executive order," and that he would be better satisfied to leave it to a commission composed of 90,000,000 American people.

BONTS CASE CONTINUED.

Paris, Dec. 6.—The hearing of the suit of the creditors of Count Boni de Castellane and the former countess was continued today before the tribunal of first instance of the Seine. The arguments were not completed and the case was adjourned for a week.

MONTANA ELECTION RETURNS.

Helena, Mont., Dec. 6.—The state board of canvassers today completed the canvass of the votes cast at the November election. The canvass shows the following results on congressmen: Pray, Republican, 23,268; Walsh, Dem., 22,854; Hudson, Socialist, 4,638; Calderhead, Populist, 281.

JAPANESE CONSUL ON PRESIDENT'S MESSAGE.

San Francisco, Dec. 7.—In an interview published in the Call today, bearing on the recommendations made in his message by President Roosevelt on Japanese naturalization and on the segregation of their children in schools, Gen. K. Ueyeno, the consul for Japan, here, says:

"Sentiment is practically universal among the 10,000 Japanese in San Francisco that the recommendations made by the president constitute the most rational solution of the problem. The Japanese are not only pleased over the message, but they regard it as one of the most noteworthy documents on international questions that have been issued from the White House."

BRYAN'S COMMENT ON THE MESSAGE

Much of it Democratic for Which General Public May Thank President.

TONE A LITTLE TOO WARLIKE.

Shame on an Executive Who Places Brute Force Above Nation's Sense of Justice.

Lincoln, Neb., Dec. 6.—Commenting on President Roosevelt's message, William Jennings Bryan says there is much that is good and much that is bad in it, but it may be regarded as the president's most important state paper. Mr. Bryan says:

"The message contains much that is Democratic and for which the general public may well thank him. It contains some things that ought to arouse severe criticism. The president holds the Democrats have been advocating, but on the other hand he advances doctrines which are so absurd as to excite amusement if the suggestions came from a less prominent source. In some cases he takes advanced ground; in some cases he retreats from ground already taken."

Mr. Bryan complains that what the president says on the subject of government by injunction will not be satisfactory to the laboring man or to those who respect the rights of trial by jury. The president's stand on child labor is commended, as is also the position he takes on the eight-hour law and the right of the people to criticize a judge.

Referring to Mr. Roosevelt's reference to the Japanese question, Mr. Bryan says:

"He pays a deserved tribute to the progress of the Japanese nation and asks for legislation which will enable Congress to present treaty rights of foreigners. That there should be such legislation cannot generally be disputed, but a great deal depends upon the character of the legislation. If any bills are presented in regard to that suggestion, they must be carefully scrutinized to be sure that they do not deny to the various states the right to protect themselves and their people in matters purely local."

Finally Mr. Bryan deplores what he calls the president's warlike attitude. He says, in conclusion:

"There will be general disappointment at the warlike tone of his message where he discusses the army and navy. He speaks of the navy as the surest guarantor of peace which this country possesses. Shame upon the chief executive that he should place an instrument of brute force above the nation's sense of justice as a guarantor of peace. The best guarantor of peace is our nation's purpose to deal justly with other nations. War ought to be a last resort, not a first consideration. It is bad enough to have a few professional soldiers. It is not necessary that the whole nation shall be keyed up all the time to the fighting point."

CONTRACT IS LET.

Trains to and From Saltair to be Electric Lighted Throughout.

The management of the Saltair railroad announced this morning that all the tracks between this city and the beach would be lighted with electricity, and the contract had been given to the Allis-Chalmers company to equip the cars. The dynamo will be placed in the baggage cars. Manager J. Langford believes that in consequence of this improvement there will be less questionable behavior on inbound trains at night, by parties not disposed to be orderly.

RIO GRANDE IMPROVEMENTS.

Additional Tracks Are Going Down on The Main Line.
E. A. Nock of the engineering department of the Rio Grande is in the city from Denver. He reports the recent completion of the first of additional tracks on the mountain between Springville and Helper, and the building of a double track up Eagle river from Glenwood Springs. The latter improvement is on the opposite side of the stream from the present line, so that trains will run up one side and down the other. Then sidings along the line of the single track are being lengthened out so that before long these will be run into an extra line of track.

RAILROAD DAY, DEC. 15.

Board of Trade at Rhyolite is Girding Up Its Loins.
The board of trade of Rhyolite, Nev., will co-operate in the heartiest possible manner with the Las Vegas & Tonopah Railroad on the occasion of the entrance of that railroad into Rhyolite, Saturday, Dec. 15. A comprehensive exhibit of ores from all the mines of the district will be on view in the board of trade headquarters and automobiles and carriages will be placed at the disposal of visitors to enable them to personally inspect the mining properties of this district. Ample facilities in the way of sleeping accommodations will be provided for those who do not wish to occupy their berths in the Pullman cars.

E. M. HEIGHO HERE.

E. M. Heigho, vice president and general manager of the Pacific and Idaho Northern, is down from Vernal, Idaho, on a business trip. He reports that tracklaying will be completed this week to the present northern terminus of the line at Evergreen, 18 miles north of Council Bluffs. The line is good and the country adjacent to the "Pin" road is being developed rapidly.

privileges, I do think that the number would be comparatively large. I think this would be especially so in the case of the Japanese in San Francisco. "Many Japanese have family and property interests here, and they would naturally regard San Francisco as their permanent home once they believed that they had the same privileges as other aliens."

"Concerning the school segregation question a lot is being written and talked about it that is due to misconception of the facts in the case. I think that the entire matter will be solved satisfactorily and that there is no occasion for believing otherwise. The Japanese are not striving for anything unreasonable and are quite willing to let the facts in the dispute guide whatever decision is to be ultimately rendered."

WYNHAM STILL ON STAGE.

London, Dec. 6.—Sir Charles Wyndham, denying today the reports that he intended to retire from the stage, said he could not fix the date when he would leave the boards. "It may be two years from now," he said, "or it may be further off. In any event, there will not be any farewell performance or any definite good bye."

RAISE FOR EMPLOYEES.

Houston, Texas, Dec. 6.—Officials of the Wells-Fargo Express company have decided to raise the salaries of employees, but the advance will not be on a stated

percentage basis. The increases will be discriminatory, length of service being observed, as well as the importance of the position. The new schedule will go into effect within 30 days, and will be a substantial increase.

Christmas Sale of Decorated China.
At the studio of Miss Dunster, 1049 Third St., from Dec. 5th to Dec. 15th. Orders taken. Firing done. Teaches mornings from 9 to 12 o'clock.

Y. M. C. A. Turkish Bath open to public. Customary rates, clean, no drunks. M. R. Yokel, Manager.

INDICED FOR PEONAGE.

Jacksonville, Fla., Dec. 6.—The federal grand jury today returned a true bill under section 5325 revised statutes against F. J. O'Hara for carrying Franz Noble, a white man, away from Jacksonville with intent to hold him as a slave. The grand jury returned four indictments against O'Hara charging peonage and one for conspiring with other persons to hold a man in slavery.

WOMEN WINNING FIGHT AGAINST THE BUTCHERS.

New York, Dec. 7.—The women of the East Side are winning their fight against the butchers who recently raised the price of meat. The packers, it is stated, have capitulated to the retailers upon the threat of the latter to close 5,000 shops that cater to the tenements of the congested districts.

The price of meat was formerly 11 cents a pound. A week or two ago it was raised to 16 cents because, as the shopkeepers said, the wholesalers had increased the price to them. It is the extra two cents that has caused the so-called "strike" of the women of the tenements.

The news that the wholesale meat dealers had lowered the price one cent a pound to the retailers came late yesterday and caused rejoicing among the women.

When the butchers heard that they would get their meat a cent cheaper, many who have felt the effects of the boycott decided to accede to the demands of the women. They hung out signs that 14 cents would be the price hereafter. Trade with them at once commenced to pick up. As the tidings spread, crowds congregated around the shops until the police had to disperse them.

An Electrically Heated Hot Water Bottle.

With all the virtues of the old style embodied into a simpler and better device. One of the warmest articles we have ever offered. Easily heated at practically no expense. Come in and ask about it.
