THEATRICAL.—It is almost needless to repeat to-day that the play for this evening is a very interesting one; and with Mr. and Miss Coudock, Messrs. McKenzie, Lindsay, Graham, Hardie, Maiben, Miss Adams and others in the cast, will be well worth seeing. The farce bears the reputation of being a very laughable one. Altogether, it is a fine entertainment; and as traveling is somewhat pleasant, being hard underfoot and dry overhead, we expect a good house.

GOVERNMENT REWARD.—General Chetlain, Assessor of Internal Revenue for this district, has received from Commissioner Rollins a hand-bill offering a reward of \$300 to be paid to any person who will give such information as will lead to the forfeiture of any distillery and the conviction of any person engaged in operating such distillery, whose proprietor has not given the notice required by law to the Assessor of his district. We are satisfied that Government has been defrauded in other ways in the past, by persons in this city, who were very loud in praise of their own loyalty, and very bitter enemies to the "Mormons;" and if there is any illicit distillation carried on in the district, it is to be hoped that it will be brought to light.

BENEFIT.—Miss Coudock takes a Benefit on Tuesday night. She is a most unobtrusive young lady, and, as an actress, is natural, forcible and pathetic. The bill provided is an excellent one,—two new pieces. There will no doubt be a good house.

THE WEATHER.—The following, received by Deseret State Telegraph, is the state of the weather at the points named:—

Brigham City; very pleasant.
American Fork; quite warm, sun shining—very pleasant; mud drying up very fast.
Provo; a beautiful day and the sun shining brightly. A little chilly. The river is gone down so that it is now fordable.
Payson; very clear, fine and pleasant; no clouds to be seen. It froze hard last night.
Neph; clear, with the sun shining brightly; but cold.
Fountain Green; fine, but cold.
Mount Pleasant; fine and clear.
Gunnison; clear, a slight frost.
Round Valley; clear, but a rather cold breeze. The roads are bad.

Special Notices.

Mrs. White's success in teaching "Robbins American Method" for the Piano, is already well established here, though she has been but a short time in the city. Not only should those desiring an acquaintance with music seek her instruction, for the quickness with which a knowledge of the art is imparted, but musicians who desire to perfect themselves in Thorough Base, or Harmony, should immediately call at the Townsend House and arrange for instruction.
