A LOVELY WOMAN

overheard one say of her, "By heaven she's painted!" "Yes," retorted she indignantly, "and by heaven only!" Ruddy health mantled her cheek, yet this beautiful lady, once thin and pale, and suffering from a dry, hacking cough, night-sweats, and spitting of blood, seemed destined to fill a consumptive's grave. After spending hundreds of dollars on physicians, without benefit, she tried Dr. Pierce's Golden Medical Discovery; her improvement was soon marked, and in a few months she was plump and rosy again,—a perfect picture of health and strength. This wonderful "Golden Medical Discovery," now world-famed as a remedy for consumption, which is really lung-scrofula, is not only an acknowledged remedy for that terribly fatal malady, when taken in time and given a fair trial, but also for all forms of Scrofulous Skin and Scalp Diseases, as White Swellings, Fever-sores, Hip-joint Disease, Salt-rheum, Tetter, Eczema, Boils, Carbuncles, Erysipelas and kindred ailments. All scaly, crusty, itching, troublesome eruptions yield readily to its curative powers. It invigorates the liver, enriches the blood and promotes all the bodily functions. If in the early stages, blood and lung remedy, sold by druggists, under a positive guarantee that it will do all that it is recommended to, or money paid for it will be refunded.

SUMMONS.

In the District Court in and for the Third Judicial District of Utah Territory, County of Salt Lake.

Henrietta Brewer, Plaintiff, vs. John J. Brewer, Defendant.

The People of the Territory of Utah send Greeting:

To John J. Brewer, Defendant.

YOU ARE HEREBY REQUIRED TO appear in an action brought against you by the above named plaintiff in the District Court of the Third Judicial District of the Territory of Utah, and to answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons—if served within this county; or, if served out of this county, but in this district, within twenty days; otherwise within forty days—or judgment by default will be taken against you, according to the prayer of said complaint.

The said action is brought to have a decree of this Court, adjudging that the bonds of matrimony heretofore and now existing between plaintiff and defendant—awarding to plaintiff the care, custody and control of their four minor children, to-wit: Lillie, Clara, Clarence and Chester—adjudging that defendant pay the expenses of this action, counsel fees herein and such sum for alimony as this Court may seem just for her support; and for general relief.

Upon the ground that for more than one year next prior to the commencement of this action, and from the fourteenth day of August, 1888, said defendant, disregarding the solemnity of his marriage vow, wilfully and without cause deserted and abandoned said plaintiff, and still continues so to wilfully and without cause desert and abandon plaintiff, and to live separate and apart from her, without any sufficient reason, and against her will and without her consent; and that defendant for more than one year last past has wholly failed and neglected to provide for plaintiff the common necessaries of life, because of idleness, profligacy and dissipation.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiff will apply to the Court for the relief demanded therein.

Witness, the Hon. Charles S. Zane, Judge, and the Seal of the District Court of the Third Judicial District, in and for the Territory of Utah, this 4th day of October, in the year of our Lord one thousand eight hundred and eighty-nine.

## MONTANA'S POLITICS.

The Senate Committee's Decision Regarding The Montana Senatorship Case.

SHOCKING CABLE LINE ACCIDENT AT DENVER.

New Developments in the Beawell Tragedy.—Important Railroad Items.

By Telegraph to the NEWS.

WASHINGTON NEWS.

The Montana Senatorship Decision.—Unemployed in San Francisco.

WASHINGTON, March 8.—Acting under the opinion of the Attorney General that he has discretionary power in the matter, Secretary Windom has begun the sale of Pacific Railroad sinking fund bonds and the investment of proceeds in first mortgage bonds of the subsidized roads. Sales for the present will be confined to government four per cents, of which there are available four and a half million dollars. The amount of these already sold is $700,000 and the proceeds were invested in mortgage bonds of the Central Pacific roads.

THE MONTANA CASE.

As stated in Saturday's NEWS, the Senate committee on privileges and elections reached a decision in the case of the contested Montana Senatorship, and, by a party vote, decided to recommend to the Senate that Powers and Sanders, republican Senators, be seated.

The ground upon which the majority of the committee takes its stand as a basis for its recommendation is that the republican House of Montana was the legal House, as its members held certificates of election from the election officers and it was recognized as the legal House by the State Senate.

The report of the committee will not be made for several days, as it will be a long document, discussing both the law and the facts in the case.

Gray, it is expected, will prepare the report of the minority. The presentation of the report will be a signal for an extended debate, and it may be several weeks before the Senate reaches a vote on the subject.

Turpie is of the opinion that no election has been accomplished, and the case should be remanded to the State of Montana for action. He may make an independent report to that effect.

THE SENATE COMMITTEE

on privileges and elections today considered the resolution offered by Chandler regarding the interpolation by Call of certain remarks in his speech on the murder of Deputy Marshal Saunders in Florida. The committee decided to recommend that the record shall contain a report of Call's speech according to the notes of the official reporter. The question of the limit of debate with in parliamentary bounds the committee will recommend be referred to the committee on rules for definition.

The committee will also ask that the Committee on Rules be requested to report an amendment to the rules by which the columns of the record will be protected from any interpolations.

SEVERAL APPEALS

have been made to the Secretary of War by one Waters, of San Francisco, who signs himself "President of the Executive Committee of the Unemployed," for the issue of government rations to a large number in San Francisco represented as out of work and suffering from lack of the necessaries of life. Secretary Proctor referred him to the civil authorities, as there is no fund at his disposal which can be used for this purpose.

The Czar Again Warned.

LONDON, March 8.—A letter is said to have been shown to the Czar by the chief of police at Moscow, warning him that on March 13th the Czar, Czarina and Czarowitz will meet certain death and no power on earth can avert their doom. It is asserted among the nihilists of London, Berlin and Paris that this date, the anniversary of the murder of Emperor Alexander II., will be celebrated by an attempt to assassinate Alexander III.

A Limb Ground Off.

DENVER, Col., March 8.—A peculiar accident occurred here this evening, which may cost a man his life. S. Eiffoffel, a laborer, while doing some repairs on one of the city cable lines, had his legs close to the moving cable, which caught one of them below the knee and literally ground it off before the cable could be stopped. The power house was six blocks away, and during the twenty minutes required to notify them to stop the engines the poor fellow's body was kept from being drawn in and ground up by a dozen bystanders taking hold of his arms and clothing, and with united strength they kept him from being torn to pieces.

Public Buildings.

WASHINGTON, March 8.—The House, in committee of the whole, resumed consideration of public building measures. The first bill called up was that increasing from $350,000 to $950,000 the limit of the cost of the public building at Newark, N. J., and making appropriation for the $500,000 increase.

Blunt raised the point of order that it was not within the power of the committee on public grounds and buildings to recommend an appropriation. After a long discussion the appropriation clause was stricken out and the bill, as amended, was laid aside with a favorable recommendation. After several other bills were considered the committee arose and reported the bills to the House, which immediately found itself in a small deadlock. There was no quorum to pass the bills, and the friends of the measures would not consent to an adjournment. Finally the previous question was ordered on all the bills, and it was agreed that they should be considered Tuesday morning.

New Developments.

WOODSTOCK, Ont., March 8.—New and sensational developments are cropping up in connection with the Beawell tragedy and the question now is whether there have not been at least two victims.

Two or three years ago a young Englishman, Neville H. Pickthall, came here and purchased a farm six miles south, and about four months ago married the daughter of a minister. On February 10th Pickthall raised $1,000 on a mortgage on his farm and left here, saying to his wife: "I am going to double this money before I come back." He was seen at Niagara Falls that night and said that he was going to New York to meet his sister. The testimony in the Burchell examination showed that he reached New York and there met Burchell. Since then no trace of him has been found and no word received from him.

The theory now is that he was enticed to New York by Burchell with the expectancy of making a large sum of money, and was put out of the way for the money he carried with him.

The Beawell Inquest.

PRESCOTT, Ont., March 8.—The coroner's jury has rendered a verdict, finding that Beawell came to his death at the hands of Reginald Burchell, and they implicate his wife as having a guilty knowledge of the crime after its commission.

Pelly believed that Mrs. Burchell knew of the plot conceived by her that she was partner in the fraud. There was little difference of opinion among the jurors as to the question of guilt, the only question being as to whether or not the verdict should be given in the absence of one of the prisoners. That portion of the verdict finding Mrs. Burchell an accessory after the fact is criticised. Under the law of Canada a wife cannot be punished for shielding her husband, and it is asserted, therefore, Mrs. Burchell cannot be made an accessory after the fact in the general sense of the term.

For the Rio Grande Railroad.

NEW YORK, March 8.—Judge Wallace, in the Circuit Court today, gave a decision for the Denver & Rio Grande Railroad company in its suit against the United States Trust company. The action was brought to compel the trust company to countersign and deliver certain mortgage bonds to the railroad company for the purpose of building certain branches of the road. The defendant confended that it was not authorized under the terms of its trust to do so, unless the branches were more than ten miles in length, and then only for the part including the ten mile sections.

Dillon Interviewed.

NEW YORK, March 8.—An *Evening Post* reporter called on Sidney Dillon and asked him for particulars regarding Secretary Windom's proposition to substitute for the United States 4-per-cent bonds, amounting to $4,000,000, which now form part of the sinking fund of the Union Pacific Railroad, an equal amount of first mortgage bonds of that railway bearing 6 per cent interest. Dillon acknowledged that such an arrangement would be regarded favorably by the railroad, the sale of its bonds being an advantage, while the interest, although coming out of the road's earnings, would be applied towards the extinction of the road's liability to the government.

"What the government ought to do, however," said Dillon, in conclusion, "is to take the bonds of our branch roads in exchange for its bonds. These branches have been declared to be of benefit to the main line, and a substitution of their securities by the government would be of greater advantage to the road than even the proposed arrangement."

Omaha Linemen on Strike.

OMAHA, March 8.—The linemen of this city, about one hundred and twenty-five, decided last night to quit work until their demand for an increase of wages is conceded by their employers. This action was taken by the Union Order of Linemen, which includes the linemen employed by the electric company, the Western Union, Union Pacific and telephone companies. The companies interested refused to grant the increase, which is from $2.25 to $2.50 and $2.65

The Decision.

SAN FRANCISCO, March 8.—In the action begun by the State of California against the Central and Southern Pacific companies and branches of the Southern Pacific company, to recover taxes amounting to about $500,000, delinquent since 1885, the Supreme Court today decided in favor of the railroads, holding that the complaint of the State was defective, and that the sections of the code which designated the mode of collection of road taxes and under which the suits were brought, are unconstitutional.

The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health-giving, blood-purifying and appetite-restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong. 1

OPINION OF AN EXPERT!

Mrs. Mary B. Welch, Teacher of Domestic Economy at State University of Iowa, says:

"My deliberate judgment is that the ovens of the Range, be compared with others, is not only more equally heated in every part—front as well as rear—but as a result of its superior ventilation the food places shrewn is better cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. I have found, also, that the consumption of fuel in the Range for a given amount of work, is much less than any other."
