

The European Mission.—As reported in the *Millennial Star*, a camp meeting was held at Shildon, near Bishop Auckland, England, on Sunday, August 6. Services were held at 10.30 a.m., and at 2 and 6 p.m.

The following Elders were on the stand: A. Galloway, President of the Durham and Newcastle conference; local Elders—B. S. Newton, Thos. Cox, Wm. Littlefair, Robert Chalder, Wm. McMillan and Geo. Lowther.

The congregation was large, respectable, and attentive, and was addressed by Elders Galloway, Littlefair, Newton and Lowther.

A tribute of praise is due to the combined efforts of the Newcastle choir and the singers of the South Church Branch, for the excellent and effective service they rendered.

"Dean Rumworth, near Bolton, August 26.—Fourteen out of fifty members have gone to Utah this season. Quite a spirit of inquiry has been created in consequence, as it is incomprehensible to the world that persons in good circumstances—comparatively speaking—should leave this country for the sake of their religion.

"On the 13th of last month, a daughter of James McLatchie, aged five years, drank some carbolic acid, (brother McL. is disinfectant officer for the borough of Bolton) and the child was thereby poisoned. She was conveyed to the infirmary, where Doctors Garstang, of Bridge street, and Mallett, of Manchester road, proceeded to use the stomach pump, and did every thing in their power to allay the sufferings of the poor child, but after the consultation they concluded that the poison had reached the brain, and that recovery was impossible, as the child was dying. Brother McLatchie procured some oil and administered to the child, who shortly afterwards rallied, and discharged much of the contents of her stomach, and at length recognized and spoke to her father, and she was conveyed home under strong protest of the infirmary doctor. On the 15th, Elders Thomas Callister and James Mellor, missionaries from Utah, being in that neighborhood, called upon and also administered to the child, and I am happy to say the poison was rebuked, and the inflammation of the mouth, throat, and belly, began to abate, and the child is now well and running about out of doors as usual, for which mercy we all feel very thankful to our heavenly Father.

"WILLIAM F. BARTON." Berne, Switzerland, Aug. 10.—Several persons have been baptized since the emigration and our returning missionaries left us, and others are now investigating.

"Brothers Lenzi and Wirthlin were attacked by a crowd of roughs last week in Simmenthal. They were treated rather roughly, but escaped without any serious damage, and two days later they baptized two persons. The people in the neighborhood felt very indignant at the way our brethren were treated, and we have been informed that the next day after maltreating our brethren, the roughs got to quarrelling among themselves, and clubs, knives, etc., were used by them.

"Bro. R. S. Wells is in the eastern part of Switzerland, and is doing a good work. Brother R. Maeser is still in Saxony, and expects to be here in two or three weeks. Brother T. Brandley has been laboring in Germany since June 20th, where he has met with no serious difficulty, the civil officers having treated him kindly.

"The Saints in the German or Ludwigsbaven branch feel well, and some additions have been made through baptism, and others are investigating.

"JOS. S. HORNE."

A district meeting was held at Ladbroke Hall, Ladbroke Grove Road, Notting Hill, London, Sunday, Sept. 3rd, when the following Elders from Utah were present—Albert Carrington, President of the European Mission; Thomas Callister, Travelling Elder in the Liverpool conference; John Parry, President of the Norwich conference; Wm. L. Binder, President of, and Wm. Paxman, S. Hawkins, D. K. Udall, E. G. Defrieze, John Miles, and A. O. Smoot, jun., Travelling Elders in the London conference. Meetings were held at 11 a.m.

and 2.30 and 6.30 p. m. The audiences were addressed by Elders Thos. Simmons, Henry Garner, Wm. White, Samuel Bantoch, E. G. Defrieze, John Miles, John Parry, Thos. Callister, John Hawkins, Wm. L. Binder, and President Carrington.

The day was exceedingly fine, and each meeting was well attended by Saints and strangers.

AMERICAN.

NEW YORK, 2.—At half-past one o'clock this morning a dispatch was received at the Central office from the 20th precinct station-house, giving information of a terrible tragedy which occurred at a late hour last night. It appears that Julius Blanc, a blind man, born in France, thirty-eight years of age, and a professor of music, residing on the top floor of No. 20 West Thirty-third St., while insane, shot his wife, Mary, aged twenty-eight years, in the head, inflicting a mortal wound. He then shot his child, aged three and a half years, on the left side of the head, causing death in a few minutes. He then placed the pistol to his right temple, and sent a bullet through his brain, killing himself instantly.

Supt. Walling received a telegraphic dispatch from Canada, yesterday, stating that a boy had been found there who closely resembled the missing Charley Ross.

The American Mining Board, which perfected its organization some week ago by the election of officers, will commence business this morning at its rooms, corner of Wall and Nassau Streets. There are now 270 members and applications for membership on the books of the board, and its success is confidently anticipated. All the transactions are on a currency basis. The following sales were made this morning:

CINCINNATI, O., 2.—By the bursting of an engine, used in driving a grain separator on the farm of Wm. Johnson, near Argos, Ind., on Saturday, two men, young Jones and Wesley Johnson, were instantly killed and nine others injured, some of them seriously.

HALIFAX, 2.—Obed Smith, bow oarsman of the champion four-oared crew, who distinguished themselves at Philadelphia, and Mark, his brother, were drowned this morning in Halifax harbor. They were going home in their schooner, a boat of about sixteen tons burden, with some coal and winter stores on board, when they were run down by the mail steamer *Nova Scotia*, bound in from Baltimore. A woman, named Luke, a passenger with them, was rescued. The Smiths were not seen after the collision. It is supposed they sank with the boat.

FOREIGN.

LONDON, 29.—The *Standard's* correspondent at Deligrad telegraphs that the battle of Thursday was a glorious victory for the Turks. The Turkish army was all day under fire from the whole line of the Servian redoubts and batteries, which stretch in a semicircle of twenty miles and have a hundred guns mounted. In the afternoon the Turks assumed the offensive.

MADRID, 30.—The decorations and illuminations prepared to greet ex-Queen Isabella have been removed for fear of disturbance.

PAMPLONA, 30.—An appeal to arms in defence of the Fueros, signed by the Basque and Navarre committee, is circulating in Navarre and the Basque provinces.

LONDON, 30.—Robert Lowe publishes a letter this morning on the eastern question. He insists upon the necessity of calling Parliament together to determine whether the present policy of the ministry is to be pursued.

There is said to be no truth in the report that Rabi Pasha, the Egyptian commander-in-chief, and his staff have been taken prisoners by the Abyssinians.

CORK, 2.—A ferryboat was swamped on Saturday evening in Yougha harbor, and fourteen persons drowned, nearly all farmers and their wives.
