Attention is Called to Bulletins Issued by the State floard of Horticulture.

The matter of spraying, cleaning and taking care of trees is engaging the attention of fruit growers throughout the State. County Fruit Tree Inspector Sorensen, fully alive to the question, has issued the following timely advice, which he requests the "News" to pub-

"The State board of horticulture, which has general charge of these mutters, will insist that spraying and cleaning up be the general rule this year, and will hold all county and deputy inspectors to a strict enforcement of the new horticultural law, and the rules made thereunder. Louisville, Ky., May 3.-Eddie Santry, of Chicago, was knocked out by Oscar Gardner before the Nonpariel Athletic club tonight, in the presence of a crowd that packed Music hall. Sporting men from all parts of the country who are here in attendance at the races, saw the bout. George Siler, of Chicago, referred the fight. The fight was a fast one, and while

the honors were not materially in San-try's favor, he had somewhat the better of the argument up to the time Gardner landed the knockout. His superior reach and height enabled him to use both right and left with effect on the Omaha "Kid's" face and body, and he would have kept out of harm's way but for Gardner's rushes, which he be-

gan early in the game.

Santry landed frequently with both right and left, and Gardner's face gave evidence of the Chicago man's jabs. In the fifth round Gardner took on additional steam, and from the tap of the gong he kept at Santry, using both hands on the latter's body.
