

REP. H. D. CLAYTON VERY ENTHUSIASTIC

Chairman of Committee to Notify
Bryan is Confident of
Latter's Election.

SUCH IS PUBLIC SENTIMENT

Attended Taft's Speech of Acceptance
As Week and Inane, Declaring Re-
publicans Have Best Retreat.

Fairview Lincoln, Neb., Aug. 9.—En-
thusiastic over the prospects of Demo-
cratic success in November, Representative
Henry D. Clayton of Alabama,
chairman of the committee on notification
of William J. Bryan of his nomination
for the presidency, arrived in Lin-
coln today. He was accompanied on the
journey from St. Louis by Dr. J. W.
McClure of Sedalia, Mo., a member of
the committee.

"You can say that I have every con-
fidence in the election of Bryan and
Taft," said Mr. Clayton. "The whole
sentiment of the country is in that di-
rection."

On the way to Lincoln from his Ala-
bama home, Mr. Clayton took occasion
to engage as many men in conversation
as he could as to their political views.
"I found a majority of those with
whom I talked for Bryan," said he. "I
met many traveling men, and only one
seemed himself out and out for the
Republican candidates."

Mr. Clayton said that the "rock-rib-
bed" Democrats were not much inter-
ested in the election because they in-
tended to vote the Democratic ticket
anyway.

"But he declared," the men who
had not heretofore voted for Bryan,
but who propose to do so this year,
are the ones who are enthusiastic.
"I found a majority of those with
whom I talked for Bryan," said he. "I
met many traveling men, and only one
seemed himself out and out for the
Republican candidates."

Feeling fatigued after his journey,
Mr. Clayton determined to postpone his
speech to Mr. Bryan until tomorrow.
The whole of today was spent by Mr.
Bryan testing. It so happened that the
arrivals of both the churches at Fair-
view, where Mr. Bryan and his family
awaited services, and the Second
Methodist church in Lincoln, were
present from their charges today, and
consequently remained at home. The
family, however, indulged in their Bible
studies.

FISHING SCHOONER SINKS. NINE PERSONS DROWNED

Gloucester, N. S., Aug. 9.—The Gloucester
Mass., fishing schooner Maggie
May, Captain Erick McCathran,
was run down and sunk by the German
steamer Freya, Capt. Hans, 90 miles
west of Halifax, at 11:30 p. m. to-
day, and Capt. McCathran and
eight of the crew were drowned. Four
others were rescued.

DROWNED.

Capt. Erick McCathran, Gloucester,
Mass., was killed. Also:
Walter Funder, Codory, N. F.
Patrick English, Conception Bay, N.
Reuben Porter.
De Leon Porter.
Alfred Musie.

It is believed that many of the fish-
ermen were instantly killed in their
struggle with the sea. The life boats
were quickly launched and life buoys were
thrown to the men in the water.
The schooner remained in the vicin-
ity of the accident until early this
morning, when she then headed for Hal-
ifax, where she arrived this evening.
United States Consul General Wilbur
was informed of the disaster.
The four survivors will be known in
the morning.

REPUBLICAN PROBLEM IN WEST VIRGINIA

White Sulphur Springs, W. Va., Aug.
9.—The acute Republican problem in
West Virginia is to be made the sub-
ject of conference at Hot Springs,
Ark. William H. Taft reports there-
fore. Both the Swisher and Scherer
factions will be represented.

Swisher is regular Republican
candidate for governor, and Scherer is
running for the same office at the head
of an independent Republican faction.
The issue has made application for
support of the Republican nation-
al committee, and the pilgrimage to the
headquarters is for the purpose of
making a decision.

Efforts have been made by each fac-
tion while Mr. Taft has been here to
induce him to identify himself with one
or the other, but he has posi-
tively refused to become involved.

The matter of campaign arrange-
ments for West Virginia is one which
has directly under the jurisdiction of
Mr. H. H. Hoke, who is expected
from Hot Springs the first of the
week. The delegation representing the
faction who will go there tomorrow in-
cludes Senators Elkins and Scott, Rep-
resentatives Hughes and Johns and
Messrs. Swisher and Scherer. The Taft
party will leave here at 8:30 in the
morning by train and will reach Hot
Springs before noon.

Mr. Taft had an opportunity to rest
today and he made the most of it.
With Mrs. Taft he attended services at
the Episcopal chapel in the grounds
of the hotel and listened to a sermon
by Bishop Peterkin.

In the visit to White Sulphur Springs
Mr. Taft today said he had been able
to get a complete diversion from his
political work and correspondence and
that he had enjoyed the outing.

DEMOCRATIC COMMITTEE DISCUSSES FINANCE

Chicago, Aug. 9.—Ways and means
of financing the Democratic national
campaign were discussed at length to-
day at a meeting of Chairman Mack
of the national committee; Gov.
Charles N. Haskell of Oklahoma, treas-
urer of the committee; Col. Moses C.
Wentmore of St. Louis, chairman of the
finance committee; and William F. Dun-
lap of Illinois, former treasurer of the
national committee.

No definite decision was reached and
the question of raising a fund of suf-
ficient proportions to maintain an ef-
fective three months' campaign will be
brought up for solution at a meeting
of the various heads of the sub-com-
mittees tomorrow.

Neither Gov. Haskell nor Col. Wen-
tmore has formed any definite plan for
raising a campaign fund, although
both are confident that the committee
will not lack funds to meet all legiti-
mate expenses of a lively presidential
fight. While the suggestion has been
made that a fund of half a million
dollars would be sought, both Gov.
Haskell and Col. Wentmore declared
that no definite sum had been settled
upon. After one informal meeting on
the financial proposition today, Gov.
Haskell said:

MURDERED BY STRIKING MINERS

Fire Into Train Carrying Non-
Union Men, Killing Three
And Wounding Seven.

IT WAS A PLUNGING FIRE
Fired from Rocks Above—Nearly Ev-
ery Window Was Broken—En-
gine and Cab Peppered.

Birmingham, Ala., Aug. 9.—Three
men were instantly killed and seven
injured, two of whom will probably
die, when striking miners fired into a
passenger on the Birmingham Mineral
railroad at Blockton this morning about
2 o'clock.

THE DEAD.
Conductor Joe T. Collins,
O. E. Dent, deputy sheriff,
William Howell, non-union miner.

Among the injured are Mal F. H.
Dodge, superintendent of safety, Ten-
nessee Coal company, wounded in hand
and leg.
E. E. Cox, superintendent of mines,
Tennessee Coal company, wounded
slightly in knee.

The train was a special bearing non-
union men to the Blockton mines under
guard of soldiers and deputies. On the
outskirts of the town the engineer sud-
denly saw a log across the track and
at once a fusillade was fired into the
train. The engine stopped and the
passenger car was hit in the side and
the pilot thrown the log from the
track and put on full speed. The place
where the attack was made was in a
cut.

The assailants, from the rocks above,
poured down a fire directly into the
windows. Practically every window in
the train was broken and shots struck
all parts of the engine and cab. Eight
miners were arrested this afternoon.

Gov. Comer held a hurried confer-
ence with Lieut.-Col. Hubbard, com-
manding the militia, this morning and
another company was hurried to Block-
ton. It is quiet there tonight.

SHAH OF PERSIA.

Practically a Prisoner Held for Ran-
som Which He Hasn't Price Of.

St. Petersburg, Aug. 9.—Special dis-
patches received here from Teheran
give a tragicomic description of the
position of the shah of Persia, who is
virtually a prisoner in the hands of
wild tribesmen summoned to Teheran
to protect the throne against the revo-
lutionists, but who have become a
greater menace to the monarch than his
other foes. The tribesmen are ex-
travagant in their demands for money,
which the shah is unable to grant and
they threaten to destroy the palace and
pillage Teheran. The \$250,000 secured
from the Russian bank recently as a
loan on the crown jewels of Persia is
already exhausted. Gen. Lakhoff's
Cossacks are unable to make any head-
way against the tribesmen, who have
refused to permit the shah to leave the
camp at Far Shuk for Saltabad, where
the harem is now staying. Famine
is reported to be imminent in south-
ern Persia and this promises to bring
about a crisis in political affairs in the
autumn.

VERY SAD CASE OF GEN. WARDWELL AND WIFE

Tombstone, Ariz., Aug. 9.—The path-
etic case of Gen. D. K. Wardwell, a
veteran of the Mexican and Civil wars,
and his wife, who is a leper, is in a
fair way of being disposed of by the terri-
torial officials, and it is possible that
the devotion of the husband will pre-
vail and he be permitted to remain by
his afflicted wife.

It is proposed to isolate the couple
near this place and keep them under
the care and treatment of the terri-
torial officials. The fact that the form
of leprosy from which the woman is suf-
fering is not communicated by ordinary
contact makes this solution of the
problem possible.

The federal government was appealed
to by the local officials, but it has
replied to the board of supervisors that
there is no law under which the de-
portation of Mrs. Wardwell to the leper
colony of Molokai can be effected, thus
leaving the territorial government to
its own resources.

Gov. Kibbey has wired the county
officials that the territorial superin-
tendent of health has been ordered to
Tombstone to investigate the case.

Gen. Wardwell's anxiety to save his
wife from deportation may influence
the authorities in deciding to provide
for the isolation of the couple.

Mrs. Wardwell has a brother serving
a 10-year sentence in the Yuma peni-
tentiary for murder, and Gov. Kibbey
has been petitioned to grant him a
pardon under condition that he take
care of his sister.

In addition to being a leper, Mrs.
Wardwell's mind is affected, and she is
kept chained to her bed to prevent a
recurrence of her escape of some days
ago.

Mr. Wardwell, who is 38 years of
age, is suffering from a cancer. This
adds to the pathos of the case.

A few weeks ago Mrs. Wardwell was
a patient at the county hospital in
Los Angeles, while her husband was
an inmate of the soldiers' home near
that city.

In order to thwart an attempt to
separate them and that he might care
for his wife, the old veteran had her
stealthily removed to this place, her
former home.

The county authorities at once took
charge of the couple and have been
puzzled since to find a way to care for
them.

The title of general was won by Mr.
Wardwell while serving in the Mexican
war against Maximilian.

BEATEN TO DEATH.

Beaten Bodies of Two Methuen,
Mass., Policemen Found.

Methuen, Mass., Aug. 9.—Covered
with bruises, indicating that they had
been beaten to death in the perform-
ance of their duties, the bodies of
Charles H. Emerson and Frank Mc-
Dermott, members of the Methuen
police department, were found on the
outskirts of this town today. The two
officers were sent out last night in an
effort to catch petty marauders who
for some time past have been robbing
chicken yards.

Don't Follow Fads in Food

Wheat is the food of the ages. Nothing
can take its place. In hot weather it is
doubly important. It gives the maximum
nourishment with the minimum heat. Mapl-
Flake is, beyond all comparison, the food
for summer mornings.

Mapl-Flake

The Food with the Maple Flavor

One can eat meat for breakfast
in winter, because one needs the
heat.

But the summer breakfast
should be wheat and fruit. We
must eat sparingly of heat-produc-
ing elements now.

No other cereal, in these days,
can take the place of wheat. And
no other wheat is so delicious—
so well-prepared—as the wheat in
Mapl-Flake.

We cook this wheat for six
hours—cook it in pure maple syrup.
Then we cure it for days, so that
it partly digests.

Then we flake each berry as thin
as paper, and toast it in ovens
heated to 400 degrees.

The flake is so thin, and the
heat is so fierce, that the food
particles are separated so the di-
gestive juices can get to them.

The result is a food that's all
food, because it all digests.

A flaked food can be made in
one-fourth of this time, and that
saving of time saves money.

But a short-process food is only
partly digestible. The other part
is wasted. Worse than that, it fer-
ments and irritates the stomach
lining.

So we spend 96 hours in prepar-
ing this food—to give you a food
that's all nourishment.

We are the largest buyers of Vermont Maple
Syrup, and it all goes into Mapl-Flake.

That's how we get that delicious flavor that chil-
dren like so well.

If you have fruit for breakfast, mix it with the
Mapl-Flake. Fruit adds another deliciousness.

This is the way to urge children to eat what is
best for them. To eat little meat and much whole
wheat. Give them the wheat with the maple flavor
and they'll ask to be served again.

Please begin today. Don't lose these ideal break-
fasts.

LIBERIA.

Germany and United States Will Ex-
change Views About It.

Berlin, Aug. 9.—The foreign office
has exchanged or is about to exchange
views with the state department at
Washington, regarding Liberia, based
upon the representations made to both
the German and American govern-
ments by the special legation from
Liberia, consisting of Messrs. Gibson,
Dowden and Dunbar, which recently
visited Washington and Berlin.

The Liberian envoys tonight came
here to consult with the officials
respecting an international agree-
ment that might prevent the French
coast colonists from infringing upon
Liberian territory and Great
Britain which also is Liberia's neigh-
bor, in Sierra Leone, from threaten-
ing the little republic. The conduct of
British agents in administering the
customs receipts in the interest of the
bondholders, appear to have caused
much dissatisfaction and Liberia asked
Germany for aid. Owing to there be-
ing a considerable German trade with
Liberia, the foreign office listened fa-
vorably to the representations of the
envoys and has formulated the propo-
sals for the communication to Wash-
ington.

DELMAS GOT \$50,000 IN HARRY THAW CASE

Poughkeepsie, N. Y., Aug. 9.—From
his cell in the county jail here Harry
Kendall Thaw tonight gave out the
following statement concerning the
claims filed against him by various
lawyers which he asserted, forced him
into bankruptcy:

"In this morning's paper I read that
Mr. O'Reilly makes a claim for more
money. That it is a matter for form-
er Gov. Stone, my counsel in Pittsburg,
to take charge of. There seems no
reason for me to discuss the different
claims and therefore I have nothing
more to say except regarding one fact.
The sum of \$50,000, I am sure, is the
names of the lawyers and others to
whom I paid the money were clearly
stated in the newspapers. There is only
this much to add:

"Beside the heavy total of about
\$417,000 that I paid out myself, my
mother paid our family physician,
"My mother also made a present of
\$25,000 to Mr. Delmas. This made, with
his actual fee paid by me, \$50,000 in
all that he received for his table ser-
vices. Mr. Delmas' bill for expenses
was less than \$1,000 and is included in
the \$20,150 item for detectives and
sundries."
