

THE BONES OF COLUMBUS

The Spaniards Think They Have Them In Havana, but the Records Appear to Indicate That They Are Still In Santo Domingo.

Like the Flying Dutchman, the Great Discoverer Roams the World Even In Death.

Correspondent, 1905.

The report that the remains of Christopher Columbus, the great discoverer, have been found in Havana, Cuba, is a subject of much interest to the people of this country. The remains of Columbus, who died in 1506, have been found in Havana, Cuba, and the report is that they are still in Santo Domingo.
