

## CUBAN SITUATION SOME IMPROVED

Moderates Will Appoint Committee to Negotiate With the Liberals.

SECY. TAFT IS OPTIMISTIC.

Sept. 26.—The Moderates have agreed to appoint a committee to negotiate with the Liberals, committee of the rebels and Liberals, having all points, upon which no agreement is reached to the arbitration of the American commissioners.

The Moderates have abandoned the idea of the rebels must first lay down their arms before negotiations can commence.

Out of the flood of rumors in circulation today's central fact remains that neither the government officials nor the other side are ready to negotiate unless there is evidence that they are ready to relinquish their arms and that the situation is improved.

General Steinhart and Capt. J. M. McCoy, Secy. Taft's aide, called on the rebels but in leaving they asserted that their visit was simply an informal call and devoid of significance.

Secy. Taft this afternoon informed the Associated Press that the peace negotiations were still proceeding. He said that the American commissioners consider that the Cuban government is still in existence and they are waiting the developments at the next session of congress called for Friday next.

Asked what his own impressions were today, Mr. Taft replied: "You might call me optimistic."

Mrs. Taft and Bacon today had interviews with Acting Secretary of the Interior, Mr. Clegg, and others, but would not divulge the nature of the subjects discussed, nor would Secy. Taft admit or deny having seen President Palma.

Mr. Taft said there was nothing new in the subject of the proposed landing of American marines.

No call for a session of congress today has been made, but President Palma today sent a formal letter to the speaking officers of congress regarding the call and its objects.

It was agreed that at the extraordinary session of congress called for next Friday the resignation of President Palma would be tabled pending these negotiations, with the hope of obviating the necessity of his leaving office.

It was the ultimatum issued by News and Bacon that brought the Moderates to agree to these negotiations.

The situation Secy. Taft said.

The Moderates yesterday determined to force American intervention by the negotiation of government officers, thus leaving affairs in our hands. President Palma today rejected their suggestion.

Today they are acquainted. Mr. Taft, the Liberal leader, with his associates to consent to the proposition of the Moderates, namely, that the rebels lay down their arms and submit the entire controversy to the American commissioners, but the rebel commander and the army in the field suspected insincerity on the part of the government and declined.

The sign-investments especially insisted on retaining their arms and place was assured. Zayas' report is indicative of future trouble with the lawless element and rebels. I feel certain that a settlement of trouble is possible only along the lines suggested by us.

After an exhaustive investigation we learned both the Moderates and Liberals that unless they were willing to submit a settlement, the United States must establish a military government in the island, but that this would continue as long as necessary to restore order and secure the holding of new and general elections.

It made it plain that this military government would surrender the management of affairs to the persons fairly elected, as soon as they fairly established themselves.

However, the outcome of the negotiations may be. It is felt here that he need for all the American money within reach, as there is little chance in the ability of the rebel leaders to control their men when ordered to give up their arms and return to their homes.

Asked why it had been decided to send federal forces to Cuba, Secy. Taft said that was in a disposition of probability. Continuing, he said that the necessary language would be made but only at Havana and Cienfuegos, and at other points in order to police the entire island.

Mr. Taft said that he was officially informed today that Maximino Dubouché, a

## SCALY ECZEMA ALL OVER BODY

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Scales and Crusts Formed—Lowa Lady Has Great Faith in Cuticura Remedies for Skin Diseases.

ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower, but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have taken about three bottles of the Cuticura Remedies, and do not know how much of the Soap or Ointment, as I always keep them with me; probably one half dozen of each."

"I decided to give the Cuticura Remedies a trial after I had seen the results of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured, for I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I have more faith in Cuticura Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Lincoln, Iowa, Oct. 1, 1905."

Neutran in the rural guards, had been appointed commander in the Isle of Pines and that he would exercise the power of mayor and instructional judge. He was ordered that the arms taken from Americans there be returned. The delegation of Americans from the Isle of Pines started on their way back tonight. They expressed satisfaction with their interview with Secretary Taft and Bacon.

It is tacitly understood by the committees of the two parties that unless an agreement is reached this week, armed American intervention will ensue. The Moderates declare that the appointment of a committee to negotiate with the rebels does not mean the conceding of new elections. The general disposition to get together is strong.

Consul General Steinhart visited President Palma this evening and expressed the hope of the Americans concerned in the peace negotiations that the agreement arrived at through the efforts initiated by the Moderates might result in a settlement of the trouble. Replying to Mr. Steinhart, President Palma said he entertained a similar hope that an understanding soon would be reached.

CHAS. E. HUGHES ACCEPTS GUBERNATORIAL NOMINATION

New York, Sept. 26.—Charles E. Hughes received the nomination of his nomination for governor at his home in West End avenue with his wife and two daughters. The news came to him in the form of a telephone message from the Associated Press, and a little later the confirmation was found in an official telegram from the convention itself. Immediately he forwarded a formal message of acceptance through Senator Alfred R. Page.

Mr. Hughes was content to allow this message to be his only public utterance at this time on the subject of his nomination, a message in which he pointed out that he accepted without pledge other than to do his duty according to his conscience, and in which he declared that if elected it would be his ambition to give "a sane, efficient and honorable administration, free from taint of bossism, or of servitude."

He declined to discuss his candidacy or his probable attitude on the issues of the campaign, but said that his public statements during the canvass would be confined absolutely to the platform, which it was expected would take up much of his time, and to which he was prepared to apply himself.

PRESIDENT REJOICES.

Oyster Bay, Sept. 26.—The following telegram sent by the president after he had been notified of the nomination by the Republican state convention of Charles E. Hughes for governor, was made public here tonight: "Charles E. Hughes: I rejoice for the sake of the cause of good citizenship in your nomination."

"THEODORE ROOSEVELT."

FEDERATION OF LABOR'S POLITICAL TEXT BOOK.

Washington, Sept. 26.—The American Federation of Labor today issued its political text book for the pending congressional campaign. The publication is a modest pamphlet of 28 pages and consists of a republication of "Labor's Bill of Grievances," issued last March; an explanation of the origin and purpose of the federation, together

with a history of its efforts to secure legislation. A history of the use of the power of injunction in the United States courts, an explanation of the eight-hour law; a dissertation on convict labor, and an announcement of the campaign program.

Under the last mentioned heading is found the following recommendation: "We recommend that local bodies and local unions proceed without delay by the election of delegates to meet in conference, or convention, to formulate plans to further the interests of this movement, and at the proper time and place to present the same to the candidates who will unquestionably stand for the enactment into law of labor and progressive measures. The first concern of all should be the positive defeat of those who have been hostile or indifferent to the just demands of labor. A stinging rebuke to them will benefit not only the toilers, but the people of the entire country."

"Wherever both parties ignore labor's executive demands a straight labor candidate should be nominated, so that honest men may have the opportunity in exercising their franchise to vote according to their conscience, instead of being compelled to refrain from voting or to vote for the candidate and the party they must in their innermost souls despise."

LT. CAULFIELD DISCHARGED.

Washington, Sept. 26.—Orders have been published by the war department announcing the discharge from the service of the United States of First Lieut. E. Caulfield of the Philippine Scouts. At the time of the earthquake in San Francisco last April Lieut. Caulfield was on leave of absence in that city and, as he has not been heard from since, it is feared he may have been one of the victims of that disaster.

UTE INDIANS.

Government Wants Them to Return From Wyoming to Utah.

Washington, Sept. 26.—The officials of the interior department are anxiously awaiting the report from Indian Inspector McLaughlin, who has been dispatched to Wyoming to make an effort to induce the 300 Ute Indians of Utah, now encamped near Douglas in the former state, to return to their homes. Gov. Brooks has reported the situation as quite acute.

Acting Secy. Ryan has recommended to the president that troops be dispatched to the vicinity of the encampment, and that the Indians be rounded up and escorted to their homes in case Inspector McLaughlin fails to induce the Indians to return without coercion. McLaughlin has had many dealings with the Utes. He left Washington for Wyoming last Friday and was due at the camp yesterday. The Tenth cavalry is now at Douglas attending the state fair and Gov. Brooks made an urgent appeal for an order to the troops to remove the Indians. He says they are killing stock and committing other depredations, and that the authorities of Converse county where the Indians are encamped are entirely incapable of dealing with the situation. The commissioner of Indian affairs has taken the position, that as the Indians are citizens, the national government is incompetent to act in the matter. Notwithstanding his opinion, Acting Secy. Ryan expresses the opinion that the troops may be used, but as an alternative he suggests that an opinion be secured from the attorney general. The president has not indicated what course he may direct.

NO INTERVENTION IN RUSSIA BY GERMANY.

Hannover, Sept. 26.—Herr Rebel, the Socialist leader, in a speech at today's session of the Socialist convention, on a suggestion that German intervention in Russian affairs ought to be followed by a general strike of Socialists in Germany, said that such a step on the part of the German government was an impossibility, adding:

"Certainly Emperor William, Chancellor von Bülow, all the reactionists and the middle classes are in the hands of the Russian government and with that the Russian revolution may be beaten down. But it is a mighty step from such a wish to the deed. The experiences of 1891 are not encouraging. Today Prussia stands not with a world coalition for her, but directly against her. Germany by intervening in Russia would unchain a world war, from the unforeseeable consequences of which those holding the decision shake with horror."

Herr Rebel alluded to the idea of the Dutch anarchist, Herr Nieuwenhuis, that a general strike might be used at the outbreak of war as a weapon to compel peace, as being childish. He said that the masses in the excitement of the outbreak of war would not think of a general strike, but only of the war. Herr Rebel would not believe that a general strike would win in Russia under any circumstances at present, but this did not exclude the idea as a possible weapon in the future.

Herr Legion, president of the general committee of the trades unions, said he regarded even the discussion of a general strike as revealing the weakness of the workmen's position.

AGRICULTURAL DISORDERS.

St. Petersburg, Sept. 26.—Grave agrarian disorders have broken out in the provinces of Viatka, the center of disturbances being the important district of Malmoish, with a population of over 100,000, where, according to the reports received, the inhabitants of more or less villages have joined in the uprising, have disarmed and expelled the police and are pillaging and destroying the residences of the land owners and devastating the country. It is rumored at Viatka that the administrative police chiefs in the Malmoish district and eight of their subordinates have been killed.

The excesses began Sept. 20, with a riot over the enrollment of army reserve men for their automobile service. At the village of Multnami a body of peasants attacked the enrollment station, killed a sergeant and six rural police officers, and wounded the assistant police chief of the district and destroyed the list of reserve men. The Viborg manifesto is thought to be more directly responsible for the disorders than anything else. It had a wide circulation in the Viatka province, and its exhortation to the peasants to refuse to do military service was spread by the members of the outlawed parliament from Viatka.

St. Louis, Sept. 27.—Joseph Wright, a street car robber, who was convicted in the circuit court yesterday on a charge of complicity in the murder of John Keith, attempted to blind Deputy Sheriff Richard Feitz last night. With hands made Wright succeeded in getting a package of cayenne pepper from his pocket. Without warning he dashed it into the eyes of the officer. Half blinded Feitz drew a revolver and one of several shots brought him to the ground. Wright was sentenced to a term of 14 years.

CATTLEMEN PLEAD GUILTY.

To Maintaining Illegal Fences on Government Land.

Wichita, Kan., Sept. 26.—In the United States district court here today the Boyce Cattle company entered a plea of guilty to four counts of an indictment for maintaining fences on government land. Judge Pollock sentenced the company to pay fines aggregating \$120.

The cases against James W. McLaughlin and M. C. Cunniff continued until next term. There were originally 13 defendants, but the other cases were dismissed, when the defendants waived their fences, according to an agreement with the court. The Boyce company had removed a part of its fences, but not enough to satisfy the district attorney and the court.

of the Elks of the United States, and Mrs. Melvin.

The collision was a terrific one. Mrs. Melvin was thrown on a picket fence and probably fatally injured. Judge Melvin was thrown on the cement pavement and painfully injured. Senator Lukens was also thrown out and badly injured. Wall and the chauffeur escaped with a few scratches.

Wall was driving the automobile at a fast clip down Ninth avenue, when he plunged head-on into the front part of a fast speeding electric car going up Sixteenth street. The collision threw the automobile 20 feet into the air, but it did not tip over. No one in the proper street car was injured. The wounded were taken into a nearby house and physicians were quickly called to render assistance. Late this evening Mrs. Melvin was in a very precarious condition.
