AMERICAN.

WIRED FROM WASHINGTON.

WASHINGTON, 6.—The President has accepted the resignation of Jas. Gilfillian, Treasurer of the United States. It is not likely his successor will be appointed for some time. Assistant Treasurer Weiman is mentioned as likely to receive the appointment.

Chas. Reed does not get $2,000 for defending Guiteau. The Senate inserted a provision to that effect in the sundry civil bill, but it was stricken out in conference committee.

Mr. McPherson, Clerk of the House of Representatives, says there are many typographical and clerical errors in the tariff bill as it appeared in the *Congressional Record*. The tax on tobacco is printed at 80 instead of 8 cents, and in the iron schedule there is a clause not printed in the *Record* at all. He is of the opinion that when the bill shall have been accurately printed in full, it will be found more satisfactory than it now seems to the representatives of the iron interest.

The clerk of the court of commissioners of the Alabama Claims has made a partial estimate of the amount involved in the claims now pending before that court; 2,200 cases out of 5,700 filed aggregate nearly $14,000,000, without interest. If judgments are awarded for the amount claimed in these cases, the interest would probably aggregate up to more than $20,000,000. It is understood that the remainder of the Geneva award is about $9,500,000.

Taxes on deposits of all banks and bankers, except such taxes as are now due and payable, and on capital and deposits thereof, ceased March 2nd. Comptroller Knox says the passage of this act relieves National and State banks and private bankers from tax on the average of $1,000,000 a month. The amount thus collected from National banks upon capital and deposits the last fiscal year was $5,947,402, of which $437,775 only was on capital. The tax upon State banks and private bankers was $5,249,172, of which little more than one-fifth was upon capital. Total tax collected upon deposits and capital upon all classes of banks during last fiscal year, $11,126,875. Amount annually collected from 2-cent check stamps, about $2,500,000, and the act repealing the use of these stamps takes effect the 1st of July next.

A delegation of negroes from Indian Territory, which has been here seeking legislation to secure the removal of their brethren from among the Indians and their settlement upon a reservation, leave for the West this evening. Milton Turner will accompany the delegation to the Indian Territory, for the purpose of satisfying the colored people with their present situation until the desired legislation is obtained at the next session of Congress. Nothing but the lateness of the arrival of the delegation prevented action at this session, as President Arthur, Secretary Teller, the Indian Commissioner and many members of Congress warmly favored the object of the delegation. These negroes were, before the war, slaves of the Indians. They report that there are 30,000 negroes in the Territory, who are not allowed to vote, are denied access to the schools and the courts, and are disqualified to act as witnesses or jurors.

Wiggins' Wind.

OTTAWA, 6.—Prof. Wiggins left for Halifax to get the full benefit of the big blow he predicts on the 9th, 10th and 11th inst.

A heavy snow storm is blocking the roads.

Quebec, 6.—Terribly cold weather. The storm, presumably Wiggins', is setting in.

Montreal, 6.—Heavy snow storm all day.

Bangor, Me., 6.—Thermometer at Fairfield this morning, 40 degrees below.

Halifax, N. S., 6.—Storm signals are hoisted all along the Nova Scotia coast. A severe snow storm tonight; wind blowing a gale. Some fear the verification of Wiggins' prediction. The meteorological department of this city consider the storm only a March blow.

Captured Crees.

ST. PAUL, Minn., 6.—Advices are received at department headquarters from Capt. O. B. Reed, 11th Infantry, in command at camp at Poplar River, Montana, to the effect that on the 1st inst., Scout Culbertson reported from Timber Creek the capture of nine lodges of Cree Indians belonging to Big Bear's camp, and which he said he would hold until troops were sent to his assistance.

Culbertson also reports finding the bodies of two white men frozen to death in their lodges, about twenty-five miles from Timber Creek. A mounted detachment has been sent from Poplar River to Culbertson's camp to bring in the captured Creek, and in reply to Capt. Reed's request for instructions orders have been issued by Gen. Terry to send the Indians across the boundary line into the British Possessions.

The Catalogue of Crime.

NEW ORLEANS, 6.—In an assault made by Tom Washington (colored) on a festival party at Ironton plantation, Henry Milton and Anthony Jones (colored) were killed. The murderer is jailed.

Toronto, 6.—The Court of Appeals decided to hold Phipps, Philadelphia embezzler, for extradition.

Jackson, Miss., 6.—Gadsten Feltris, a prominent citizen of Wilkinson, has been murdered. Circumstantial evidence caused the coroner's jury to order the arrest of E. Feltris, his brother. The family is one of the most widely connected in the State.

Harrisburg, 6.—The death-warrant of Ward McConkey, Pittsburg, is signed, May 10th is the day of the execution.

Cincinnati, 6.—Peter Goff, Henry Thompson and Jas. Spivey, at Somerset, Ky., last night quarreled over Goff's wife. Thompson made a remark which incensed Goff, who shot Thompson dead, and was threatening Spivey when the latter shot Goff, killing him instantly.

Sing Sing, N. Y., 6.—The ring leaders of the recent revolt in the State's Prisons are sent to Auburn, where the discipline is most severe.

Philadelphia, 6.—The burial services over the remains of the murdered Chinaman, Ah Yau, were held in the Church of the Epiphany. The interment will be at Brooklyn. His assailants are fully committed.

Somerville, Ohio, 6.—An old farmer, A. Irwin, was frightened to death. Boys knowing he was in mortal fear of a negro who threatened to shoot him, for a practical joke had one of their number concealed near where he was passing and fired a shot. Wing ran a short distance and dropped dead. The inquest revealed fatty degeneration of the heart.

New York, 6.—The most desperate prize fight this city ever witnessed took place to-night in the basement of Matt Grace's Bowery Sporting House. The principals were George Fulljames, light weight champion, and Patrick Gallagher, a noted pugilist of Philadelphia. The men wore light gloves that were mere apologies for gloves, to evade the law. The battle was for $500 and the light weight championship. Fourteen rounds were fought in 24 minutes. The championship and the money was awarded Fulljames, as at the end of the 14th round Gallagher failed to come to time. Both men were terribly punished. In the middle of the fight the cry of "Police!" was raised, but it proved a false alarm, and the men returned to the ring and finished the mill. Steve Taylor seconded Fulljames, and Fiddler Neary handled Gallagher. Over 500 persons were present. Philadelphia sent a strong delegation; this city was largely represented. The fight was within a stone's throw of police headquarters; no arrests.

Trenton, N. J., 6.—The committee of investigation on the bribery charge of Assemblyman Armitage against ex-Speaker Egan, reported that the committee believe Egan committed a wrong in approaching a number of this honorable body in an unlawful manner, and recommend that Egan be denied the privilege of the House, and receive its censure.

Harrisburg, 6.—The judiciary committee of the House, to which was referred Governor Pattison's message in reference to the charge of bribery by the Standard Oil Company, made a report embodying a resolution that a committee of the House and Senate be appointed to investigate the charge of bribery, and all the circumstances connected therewith.

Death and Disaster.

HELENA, Ark., 6.—Rise here during the past 12 hours, two inches. The river now lacks five inches of last year. The levees gave way last night a mile below Friar's Point on the Mississippi side, and at two or three places on the Arkansas side, which no doubt checked the rise of the water. It is now rising more rapidly. Rain is falling, and there are fears of a wind storm to-night, which if violent will break the levee at the Iron Mountain Railroad depot. The authorities have telegraphed here that all hands are wanted; to buy all the sacks needed, they will foot the bill. The roadmaster said they would work all night.

The river rose five inches the past 24 hours, and is now three inches below the 1882 flood. Raining all day; new levees completely saturated. Should a strong east wind arise nothing can save us. Williamson's levee, which broke last spring, shows signs of weakening. The city authorities decided to close the culvert which carries off the rain water falling in town and adjacent, to prevent the exit of rain water as a means of overflow from within. To leave the gap open means overflow from without, in case the Williamson levee gives way. St. Francis River has risen but two inches to-day at Madison. From Ashley Point to Plena, 50 miles, the country is completely inundated. The levee at Friar's Point, Miss., is reported given way to-day.

Helena, Ark., 6.—There were breaks in the levee last night at Apperson's, nine miles below here; at Old Town, eighteen miles below, and at Friar's Point. The water at the latter place is five to eight feet deep in town. A large number of stock will be drowned in Old Town county.

Wilmont, Ohio, 6.—Lucinda Balcom, 55 years old, was roasted to death. She had a habit of smoking after breakfast; while enjoying her pipe, sparks fell on her clothes, setting them ablaze.

Raleigh, N. C., 6.—Five of the buildings of the St. Augustin Normal School for colored students, under the auspices of the Episcopal Church, are burned. Loss about $20,000; insured $8,000. One hundred and twenty-five students were in attendance; 80 boarders. Arrangements will be made to carry on the school.

Lawrence, Ohio., 6.—The son and daughter of Azariah Williams, aged 4 and 2 respectfully, went into the hay mow with matches. The boy set the mow on fire; the girl burned, the boy escaped but died of his injuries.

Manistee, Mich., 6.—Seymour Bros. double store and two or three small adjoining buildings are burned; nothing saved. Reynolds Bros. loss $15,000; insured $25,000. Other losses $6,000.
