

ANOTHER DELAY IN THE SMOOT CASE.

Hearing Probably Will be Delayed Until Wednesday or Thursday.

MAY CONTINUE ALL SUMMER.

Senator Clark of Wyoming Thinks the Prospect for the Utah Senator to Retain His Seat Bright.

(Special to the "News.") Washington, D. C., Feb. 27.—The prospect now is that the Smoot hearing may be delayed until Wednesday or Thursday and according to the opinion of senators who have followed the case thus far it is likely to continue through the summer. Senator Clark of Wyoming, who takes great interest in the case, said to the Deseret News correspondent this afternoon: "It would appear that the officials of the 'Mormon' Church have responded to subpoenas not only with great willingness, but apparently with great willingness. Now if these gentlemen expected that the evidence would prejudice the case of Mr. Smoot they would scarcely be eager to testify. I do not think that Senator Smoot will find it necessary to call any witnesses. Those summoned by the prosecution will, in all probability, prove as good witnesses for him as they can for the prosecution. I think that the prospect that Senator Smoot will retain his seat is very bright."

Secy. Taft was seen by the "News" correspondent today and asked what are the prospects for a larger allotment to Fort Douglas. The secretary replied that he has not yet had an opportunity to consult the general staff in reference to this matter, but will do so at an early day.

The pension office has finally allowed the claim for a pension of Mrs. Isabella Workman, Salt Lake, widow of a Mexican war veteran.

DEATH OF A VETERAN.

An Old Friend of the Prophet Joseph Dies in California.

A dispatch was received at the President's office, in this city, last evening, announcing the death at Colton, San Bernardino county, Cal., of Col. Joseph A. Kitting. The deceased was born at Philadelphia, Pa., Oct. 13, 1811, so that he was in his ninety-third year. Old members of the "Mormon" Church will be interested in this news, because he became acquainted with the Prophet Joseph Smith at Kirtland, Ohio, and afterwards at Nauvoo, Illinois. He was at one time sheriff of Hancock county, and was a fast friend of the Prophet, though we believe he did not become a member of the Church. His funeral will take place on Sunday, Feb. 28, at Colton, California, where he had resided for many years, and will be conducted by Elder Joseph Robinson, president of the California mission.

WM. T. REEVES DEAD.

(Special to the "News.") Pocatello, Ida., Feb. 27.—William T. Reeves of 455 South Cleveland avenue, a prominent citizen of Pocatello, died this morning about 9 o'clock, from the effects of Bright's disease. He was an attorney of considerable ability and native of Kentucky and a Democrat.

mayor of this city in the early nineties. Some time ago his son, a kid of 15 summers, had the misfortune of being affected by an unusual mind due to a secret drug habit and this occurrence had a very depressing effect upon Mr. Reeves, who since often expressed a desire to die.

SERIOUSLY ILL.

Striker from Sunnyside in a Very Dangerous Condition.

August Vallet is at St. Mark's hospital in a very serious condition as a result, it is said, of neglect while imprisoned in the jail at Sunnyside. Vallet, it appears, is a striker and was arrested at the instigation of the Utah Fuel company. After being imprisoned for three days, during which time he had very little food, he returned to his home at Mitchelltown nearby, where he was taken ill. He continued to get worse until yesterday when he was brought to this city and placed in the hospital. While the man shows some improvement since his arrival, his condition is still such as to make the outcome of the case quite uncertain.

WAR VETERAN DEAD.

Wm. Simmons, a Prominent Citizen of Lehi, Called Home.

He was born at Marshfield, Sussex, England, March 28, 1844, and crossed the plains by handcart in 1857, settling in Lehi on his arrival. He served in the Black Hawk war under Squire Wells and in 1867 went back to the Missouri river to get immigrants. He leaves a wife, Esther Simmons, and many friends to mourn his demise. The funeral will be held at 1 p. m. Monday, from the Third ward meetinghouse.

SCHUCKER'S CHECKS.

Wife of the Ex-Convict Purchases Papers at Their Face Value.

Mrs. J. C. Schuckers stated today, that the checks her husband was accused of forging, were in reality not forgeries. He simply passed off three checks on the butcher, baker and a saloon keeper amounting to \$75, and these three checks, she says, she has taken up. They were sent to the bank and returned as no good. Of course the parties thus swindled came back on Mrs. Schuckers, and she has promptly squared things up.

Just where Schuckers is, she does not know, as she thinks he has gone east. But she has seen nothing of him since Monday. Mrs. Schuckers is making the best of the situation. She has done nothing wrong, and her friends are standing by her in the hour of her trouble.

A member of the board of corrections said today, that it was remarked by members of the board at the session which pardoned Schuckers, that he looked like a chronic forger, and would be at his old tricks again before long. He is also said to be a morphine fiend.

ARTISTS MAY DISPLAY.

Rare Opportunity Offered at the Information Bureau Hall.

A suggestion has been made to some of the leading artists of the city that is regarded by them as affording advantages for the sale of pictures never before experienced. Other artists are expected to favor the proposition when it is explained to them. It is that they place the best products of their brush on exhibition in the main hall of the Information Bureau building just inside the Temple gates where they may be seen by a great many strangers some of whom might be induced to buy paintings of western scenery that would strike their fancy. It is estimated that not less than 100,000 tourists will visit the hall annually, and that among them there are not a few who could be induced to purchase if they but had the chance. Of course there will be rules and regulations under which pictures would be admitted to the display, and it is understood that meritorious work only will find a place in the gallery.

LEAP-YEAR BALL.

Those who desire to spend a pleasant evening on the odd day of the present month, and at the same time contribute toward a most worthy object, should embrace the opportunity offered in this leap-year ball.

(Special to the "News.") Ogden, Feb. 27.—The body of an unknown man was found in the mill race at Riverdale this morning. From appearances, it had been in the river two weeks or more. It was dressed only in a shirt. A coroner's jury was summoned, and brought in a verdict of found drowned.

SAID HE WAS HELD UP.

Declaration of One Holt Whom the Police Don't Believe.

A man answering to the name of J. Holt, called at police headquarters and complained that he was held up last night about 9 o'clock and robbed of \$1.15. He says he was on First street between B and C when suddenly a masked highwayman confronted him with a drawn revolver and commanded him to throw up his hands. Holt lost no time in obeying the order, and was quickly relieved of his money.

The officers take little stock in the man's story, as they say he has been on a spree and was badly intoxicated when he made the complaint. He was unable to give a description of the holdup.

MAKES SENSIBLE TALK.

What Greek Labor Agent Has to Say About Settlement of Damages.

"My advice to my fellow countrymen is to select a man they can trust and come to some understanding with the Southern Pacific over a settlement for claims growing out of the recent awful explosion on the Lucia cut-off," said L. G. Skliris, the Greek labor agent for the Rio Grande this morning.

From the story told by Mr. Skliris the relatives of the dead Greeks have been talked over by a couple of Greek saloon keepers in Ogden to turning down every proposition made by the railroad company and to carry the cases into the courts for excessive damages. "Those Greek interpreters are just out for what they can get," declared Skliris, "and the way they are getting these people to sign papers is a shame. While it is none of my business, I know from former experience that it is better for a foreigner who is not versed in such matters to take a direct settlement, he gets decidedly more money in the long run, for he does not have to shell out to the lawyers, and some of the grafters among his fellow countrymen."

WISCONSIN STATE CAPITAL BURNED.

Was Damaged to the Extent of Eight Hundred Thousand Dollars.

IT WILL HAVE TO BE REBUILT.

May be a Renewal of the Agitation in Favor of Removing it to Milwaukee.

Madison, Wis., Feb. 27.—The Wisconsin state capital building was damaged \$800,000 by fire today. The fire involves the building of a new capital, a special session of the legislature and the probable removal of the capital from Madison to Milwaukee. The fire was caused by defective electric wiring.

The fire started before daylight and at 8 o'clock had completely ruined the east and west wings, containing the senate and assembly chambers and the departments of the tax commission, the adjutant general, railroad commissioner, state school superintendent, superintendent of property, board of agriculture, state normal school, commissioner of fisheries, fish and game warden, state board of pharmacy, state land office, dairy and food commission, state treasurer, commission of labor, governor, secretary of state, state board of control and insurance commissioner, the supreme court law library and the state library commission. Practically all the valuable state records are believed to be safe. Most of them remain in masonry and steel vaults in the ruins. Fire apparatus was sent from Milwaukee.

Governor Schofield maintained insurance on the building throughout his term totaling \$200,000, but the last legislature instituted an insurance fund and directed the state officers to allow the insurance policies to lapse. In June last there lapsed \$150,000, and in December the suit of \$80,000. There is in the insurance fund at the present time about \$5,000 to meet the loss, which conservative estimates place at \$800,000.

The fire practically devastated every portion of the capitol building with the exception of the north end. This was saved, but is in such a dilapidated condition that this portion together with the standing walls will have to be torn down.

Gov. LaFollette was early on the scene and by his coolness and self-possession did much to enforce order among the workers. All the contents of the immense law library were carried out together with a large quantity of other books and papers. The priceless records stored in the Grand Army room also were saved.

Chief Charles Bernard was overcome by smoke and fell from a ladder, receiving serious injuries. He is unconscious.

From an original cost of \$60,000 in 1857 appropriations from time to time for new additions made the cost of the state capitol to date about \$900,000.

POSTAL CASES.

Machen, Lorenz and D. B. Groff Sentenced to 2 Years in Prison.

Washington, Feb. 27.—When the postal cases were called in the criminal court today for the pronouncing of sentence on the four men convicted last night the counsel for the defense moved for a new trial. The motion was overruled as to all of the defendants except Samuel A. Groff, whose motion was left for further and separate consideration. After noting exceptions the defense made a motion to arrest judgment. This motion was overruled except as to Samuel A. Groff, whose motion will be considered later. Exceptions were noted by the defense and after arguments as to the sentence that should be pronounced the court took a recess until this afternoon.

Justice Prichard this afternoon sentenced Machen, Diller, B. Groff and Lorenz each to two years' imprisonment in the penitentiary and to pay a fine of \$10,000 each. The court decided to make the several counts in the indictment constitute one offense. The case of Samuel A. Groff has not been decided. The beginning of their penitentiary sentence is to date from the time of their arrival at the penitentiary.

In ordering the recess Justice Prichard said he was satisfied that the verdict of the jury was correct, but he was not certain as to whether he had the power to impose a penalty on more than one count of the indictment and he would reach a conclusion on this count during recess. There are 12 counts in the indictment.

Dr. Shoop's Restorative

Take it a month at my risk. If it succeeds the cost to you is \$5.50. If it fails the druggist will bill the cost to me. And I leave the decision to you.

Don't Wait Until You Are Worse

Taken in time, the suffering of this little one would have been prevented. Her mother writes me:

"Two years ago my little girl was sick continuously for six months. We tried many doctors, and they failed, yet it took only two bottles of your remedy to cure her, and she has remained cured. You can tell others of this cure if you so desire."

Mrs. C. H. AYERY, Rockdale, N. Y.

"This a pity she did not first write me, before the case was dangerous."

"The wife of Omer Andrus of Bayou Choctaw, La., had been sick for 2 years. For 8 years could do practically no work. He writes:

"When she first started taking the Restorative she barely weighed 50 pounds; now she weighs 135, and is able easily to do all her housework."

"Twenty 'dark' years might have been 'bright' ones."

J. C. Billingsley of Thomaston, Ga., for three years has been crippled with disease. Now he is well. He writes:

"I spent \$250.00 for other medicines, and the \$300 I have spent with you have done me more good than all the rest."

Both money and suffering might have been saved. And these are only three from over 6,000 similar cases. These letters—dozens of them—come every day to me.

How much serious illness the Restorative has prevented, I have no means of knowing for the slightly ill and the unimpaired simply get a bottle or two of their druggist, are cured, and I never hear from them. But of 60,000 sick ones—seriously sick, mind you—who I need for my guarantee, 30 out of each 40 have paid. Paid because they got well. And I never hear from them. If I can succeed in cases like these—fall but one time in 40, in disease deep-seated and chronic—then I can always cure the slightly ill!

Why The Restorative Succeeds

You may oil and rub, adjust and repair a weak engine. It will never be stronger nor do its work better, without steam. More power—more steam is necessary.

And so with the vital organs. Doctor them as you will. That's mere repairing. Permanent cures never come save through treating the nerves that operate those organs.

And that's my Restorative does.

After almost a lifetime of labor-of study at bedside and research in hospitals—I made this discovery. I found a way to treat, not the organs themselves, but the nerves—the inside nerves—that operate those organs and gives them power and strength and health. That discovery has shown me the way to cure.

It makes my offer possible.

I know the remedy. I never forget the study, all the research, the trials and tests that perfected it. I have watched its action year after year in cases difficult, discouraging. Time after time I have seen it bring back health to those poor ones whom hope had almost deserted. I know what it will do.

My only problem is to convince you.

And so I make my offer. And the bare fact that I make such an offer ought of itself to convince you that I know how to cure. Please read it again. It means exactly what I say. No catch—no misleading phrases in it. Simply this—you take the medicine and I will take the risk.

And you—not I—decide if you are to pay.

Simply sign the above—that is all. Ask for the book you need. The offer I make is broad—is liberal. The way is easy—is simple. The Restorative is certain.

But do not misunderstand me

This is not free treatment, with nothing ever to pay. Such an offer would be misleading—would belittle the physician who made it. But I believe in a sick one's honest—his gratitude. That when he is cured, he will pay the cost of the treatment—and gladly.

I make this offer so that those who might doubt, may learn at my risk.

Tell of it, please, to a friend who is sick. Or send me his name. That's but a trifle to ask—a minute's time—a postal. He is your friend. You can help him. My way may be his only way to get well.

I, a stranger, offer to do all this. Won't you, his friend, his neighbor, simply write?

He will learn from my book a way to get well. Perhaps, as I say, the only way for him. His case may be serious—hopeless almost. Other physicians—other specialists, may have failed. The matter is urgent, then.

Write me a postal or sign above today.
