

DESERET EVENING NEWS.

Wednesday, September 29, 1896.

CITY COUNCIL.

Pioneer Square Program to be by L. A. P. Inspector of Company.

Pioneer Square was approached to the West & Pacific Improvement Company to be the city council at its meeting last night. The grant is made under new conditions only, in the interests of the city prior to which certain parts of the construction are to be completed and delayed the time to January 1, 1897. The only negative vote against the proposition was recorded by Commissioner Lloyd. At the reason, he stated, that he did not believe that the commissioners legally used their power of a piece of property as a private concern.

WILL INVESTIGATE ON FRIDAY.

Commissioner Wilkinson said, for some time before going into an investigation of the charges against Englehardt Kestey, because of his opposition to the city's action. After lengthy discussion, Friday was set for the investigation.

COUPON CONTRACTS APPROVED.

The following contracts were presented to the board of public works and were approved by the engineer: A. L. Holmes, contractor for the construction of the Second Street and West Temple, \$100,000; Dan Hayes, cement, asphalt and Second Street, \$20,000; A. L. Holmes, contractor for the Second Street, Temple and First Street, \$100,000; H. H. Howell, Deacon and Fink, \$20,000.

COUPON CONTRACTS ALLOWED.

Petition, in a request from the board of public works an inspector was allowed to oversee the construction of a pipe sewer on Second street west between First and Second Streets. Also an inspector for the cement sidewalk on Second Street, between South Temple and First Street. Both are to serve for 10 percent.

ADMISSIONS CHARGED.

James Ellington, agent in the following communities, charging charges against City Engineer's Office:

To the Honorable Mayor, President and Members of the City Council.

—The undersigned would respectfully call your attention to the fact in which the city engineer, P. C. Kestey, has authority and without his consent, may do whatever he pleases in the privilege of doing work, even in connection with any work in the city of Salt Lake, notwithstanding the fact that there is no contract or agreement, either written or verbal, and regular means of structure or equipment for my own family. Being a lame man, I have been unable to work for twelve years, I do this a heavy expense myself, without your cause, which I have done, for your convenience, more especially ask your favor to body for a hearing and investigation at your earliest opportunity.

This served that the communication between the city engineer and myself, make the charge more specific. Carted.

COAL RISE.

The opening of bids for the city's coal supply was suspended last week to allow the Board of Public Works to review the bids. The bids will be opened on October 1st.

The city attorney and board of public works were instructed to investigate the recent acts in the several recently organized cities. Clinton, Wilkeson and which led to the filing of charges against the city engineer by the city attorney.

Over 400 feet of the old coal of freight selected by the owner came from Salt Lake street, east to a small town setting and one construction in the mountains in the last May. Referred to the city attorney.

THE CITY ATTORNEY'S OFFICE.

A resolution was adopted at Allens

Frost Spring Brewing Co., Brooks Street.

Ask for Frost Spring Beer, it is the purest in the West. Official Distributor, 23 East Second Street, F. Niemann, beer manager.

and friends, ordering a portion of West Temple street to be demolished so that the railroad tracks can be removed.

The city attorney reported further that until we get the city's money back to us, we will restrain the city engineer from the wants of the city's money back to us.

AWARDED Highest Honor—World's Fair.

DR. PRICE'S CREAM BAKING POWDER

MOST PERFECT MADE.
A pure Grade Cream of Tartar Powder. Pure Ammonia, Alum or any other adulterant.
40 YEARS THE STANDARD.

Missionary Sociable.

The Western Ward Assembly will be the scene of a missionary conference this evening to be held at George E. Taylor prior to his departure to the Southern States. A number of men from the West are expected to be present, including Dr. Price, who is leaving this afternoon, and a good time is assured all around. The evening's entertainment will commence promptly at 8 o'clock.

October Weather Forecast.

The last five days, covering a period of twenty-five years, for the month of October, have been compiled from the weather bureau records at Salt Lake City, Utah.

Temperature.—Mean of normal tem-

perature, 52 degrees; the warmest

month was that of 1875, with an aver-

age of 58 degrees; the coldest month

was that of 1892, with an average of

40 degrees; the highest temperature

was 85 degrees on October 6, 1892;

the lowest temperature was 10 de-

grees on October 20, 1892; average daily

temperature was 50 degrees on Octo-

ber 21, 1892; average daily tem-

perature was 52 degrees on Octo-

ber 22, 1892; average daily tem-

perature was 54 degrees on Octo-

ber 23, 1892; average daily tem-

perature was 56 degrees on Octo-

ber 24, 1892; average daily tem-

perature was 58 degrees on Octo-

ber 25, 1892; average daily tem-

perature was 60 degrees on Octo-

ber 26, 1892; average daily tem-

perature was 62 degrees on Octo-

ber 27, 1892; average daily tem-

perature was 64 degrees on Octo-

ber 28, 1892; average daily tem-

perature was 66 degrees on Octo-

ber 29, 1892; average daily tem-

perature was 68 degrees on Octo-

ber 30, 1892; average daily tem-

perature was 70 degrees on Octo-

ber 31, 1892.

Clouds and Weather.—Average num-

ber of days clear, 13; partly cloudy

days, 10; cloudy, 10; rainy, 10.

The prevailing winds have

been from the northwest. The highest

velocity of the wind was 32 miles

per hour on October 15, 1892.
